Probably know this already. Thought I'd pass it on, just in case.

**Subject:** A Message from Dr. D. C. Coston

The following is a message from Dr. D.C. Coston to the campus community:

This afternoon, the Dickinson Police Department notified DSU officials that Dr. Doug LaPlante has been found dead. Doug has been a valuable member of our campus community since 1991 and was serving as Dean of the school of Education, Business, and Applied Sciences.

Doug was the first person at DSU I got to know when I came to North Dakota. I found him to be a person of deep care and of unquestionable integrity. He had a deep and abiding commitment to Dickinson State and to our students.

Our campus is deeply saddened by this news.

DC Coston
