2026 TECH GUIDE

ALL CYCLING EVENTS

Welcome to the Annual Wyoming Senior Olympics

Please review the following information, which will help you to better understand and enjoy your event.

Please note, we have changed the TT and RR locations from last years event after getting valuable input from the athletes. This years race routes should provide a balance set of challenges for each event. The Mountain Bike Races will remain at the same place as last year.

Parking: Parking will be road side at the starting point of each race.

Meetings: We will meet near the starting line of each race. For the Time Trial (TT), you will be called individually, and for the Road Race (RR), by age group. Please stay within hearing distance so you don't miss your name or group being called to the line.

There is a mandatory riders meeting 10 minutes before each start.

Staging: The staging area for the cycling events will be explained at start or seen on maps.

Safety: Please remember all roads are open and live. Heads up and eyes open at all times. We must obey all laws. Rules of the road apply. Always ride on the far right of the road. helmets are required. Pre-ride at you own choice. there will be directional signs on the routes for cyclists.

Check-in at Registration and Pre-Ride of Course: 7am-5pm Thursday June 19 at Central High School. Must provide proof of age at check-in.

Starts:

Thursday June 18

ALL CYCLING EVENTS

Registration

You must check-in, show proof of age and pick up your t-shirt at registration prior to race day. Be certain to checkin the day before your first race:

Central High School Commons Area (Front/East Lot)
5500 Education Drive
Cheyenne, WY 82009

Wednesday, June 18, 4:00pm to 6:00pm
Thursday, June 19, 7:00am to 5:00pm

Remember that you will not be allowed to race if you have not already checked in at registration and provided proof of age. This will not be done on race day.

You will receive your B-Tag at roll call in the mandatary meeting before your first race on Friday or Saturday. Currently you will be issued only one B-Tag to use for all the races you will be competing in, but if that changes you will be informed in the meeting.

The B-Tag is a combination of your race bib number and a timing chip. Participants are responsible for keeping their B-Tag secure and in good condition. If the B-Tag is lost or damaged, a replacement fee will be charged for issuing a new one.

The B-Tag is not to be returned after the race, it is yours to keep or throw away.

The B-Tag should be place on the bike seat post (bike stem if needed) as instructed on the next page in the ChronoTrack Systems. If you need assistance putting the B-Tag let us know.

If you have a different bike for another race category you will need to inform the timing official before the mandatory meeting to insure that you get an additional B-Tag for each bike.

Support: Doug Brendle, WSO Vice President & Cycling Commissioner

CHRONOTRACK SYSTEMS

Seatpost tag attachment

Your time will be recorded using Chronotrack RFID timing systems. For your event we are using B-tags, a very thin strip encoded with your entry number and event details.

The timing tag is already attached to the back of your number-plate, ready for you to attach to your seatpost.

The image on the left below shows you the front of the number kit, and the tag which is attached to the back of your number.

1. Carefully peel seat-post number from backing.

2. Attach the numberplate to seatpost. Use dashed line to centre on seatpost

3. Press number together

4. Ready to record your times

Your number kit also includes stickers to attach to the front and side of your helmet

Please do not fold or attempt to remove your timing tag from the numberplate.
If you fold or crease the tag you may break the circuit and no times will be recorded.
If you cannot attach the tag as described above ask an official for assistance

You keep the number and timing tag as a souvenir of your event

WSO Mountain Bike Race 5K

Cycling Route

Save | Duplicate

Details

0.87 mi | 26 ft

3:30

This is a mountain bike race consisting of a 5k race (3.1 miles). It is 3.6 laps so the start and finish will be in 2 different locations. There are 3 sections of roller coasters with some mini hills in between. There is a double track on the back side where you can really ramp up the speed!
