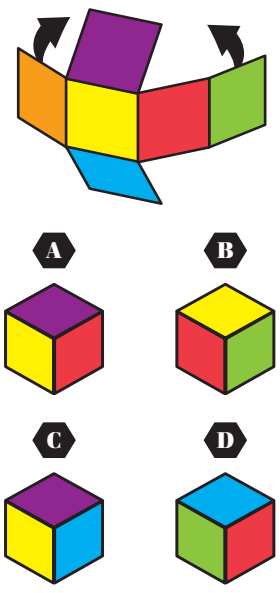
KIDSPAGE

POWERED BY What on Earth! Magazine whatonearthmag.com

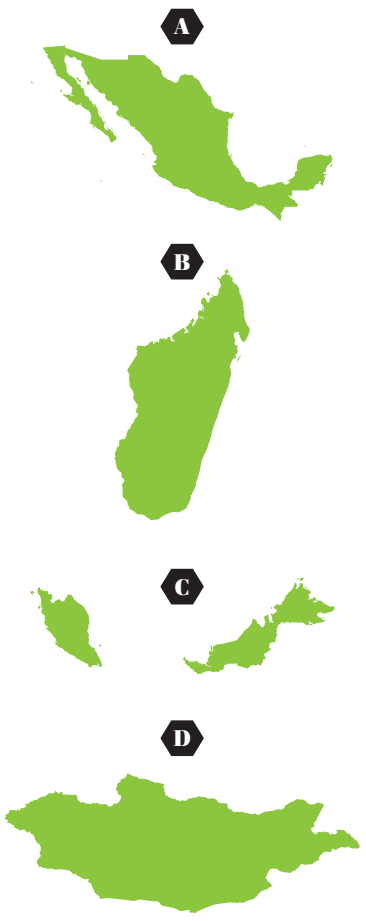
CUBE IT!

The six-sided shape below can be folded to form a cube. Only two of the cubes below can be made from it. Which are they?



NAME THE COUNTRY

Can you recognize these four countries that begin with M?



SPOT THE DIFFERENCE

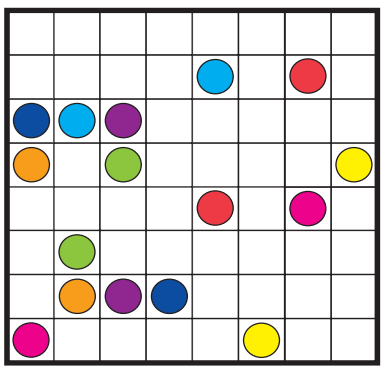
Can you spot all 20 differences between these two illustrations?

PUZZLES & GAMES!

Test your family's brainpower by tackling these mind-boggling challenges. If you get stuck, you can find the answers at: whatonearthmag.com/answers

CONNECT THE DOTS

Draw a line to connect each pair of dots. You can't use diagonal lines, and the lines can't cross or touch each other. You must fill the whole grid with lines, but only one line is allowed in each square.



HIDDEN PHRASES

Each of these pictures represents a common expression. Can you figure out what each visual clue is trying to say?

ILLUSTRATIONS BY ESPERANZA HICKLING
