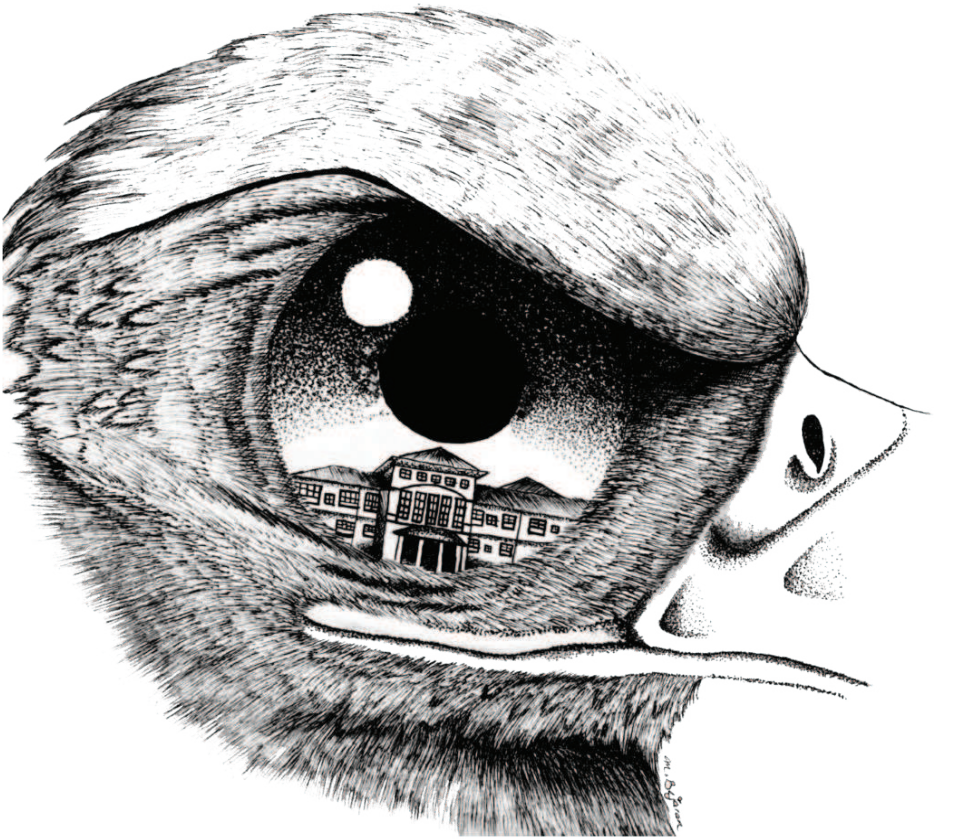
Egg Harbor Township High School

Commencement



Ten past six o'clock

June 23, 2015

TO THE CLASS OF 2015

Congratulations to the Class of 2015. You have left a significant imprint on our school academically, athletically and with the personal relationships you have cultivated over the last four years. Included in this graduating class are county and state athletic champions, students selected for regional ensembles in both choral and instrumental, as well as top place finishers in multiple Science League competitions. Furthermore, the Class of 2015 earned over 17 million dollars in academic scholarships, including monies to some of the most prestigious colleges and universities in the nation.

We also recognize the first graduates of the school's Medical Science Academy and look forward to the contributions these students will make to the field of healthcare. Just as noteworthy are those of you that have decided to honor our nation through military service, a commitment for which you have the school community's utmost respect. Each graduating class is special and possesses unique qualities. The Class of 2015 not only achieved academically but brought a positive vibe to daily school life. The days you spent here, and the people that you shared them with, will live forever in your memories. I wish you health, happiness, and continued success as you build your life on the foundation you received in Egg Harbor Township Schools.

Please remember to come back and visit your alma mater at sporting events and performances. And if you ever want to discuss your high school experience or an idea that would benefit future classes, my door is always open.

Sincerely,

Terrence J. Charlton
