It is universally acknowledged that losing weight can radically improve many health conditions. A recent concept is that obesity is a metabolic disorder much like diabetes, caused by the breakdown of the regulating mechanisms within the brain. Come learn more about how the hCG program can help you lose weight quickly, efficiently and safely under physician supervision.

Every Monday & Every Wednesday:

Yoga with Greg Jahn • 5:30-6:45 pm.

\$8/class, drop-ins welcome.
