INVITATION TO BID HUBROOM A/C MODIFICATIONS CETSC Office

Armed Forces Reserve Center
Minot, North Dakota

Sealed bids for Hubroom A/C Modifications, CETSC Office, Armed Forces Reserve Center, Minot, North Dakota, will be received by the Adjutant General of the State of North Dakota at Frairie Barracks, Building 030, Bismarck, North Dakota, at 2:00 PM, July 9, 2013, and will be opened and publicly read that date and hour in the space designated. All bids received after the scheduled opening time will be returned to the bidders unopened. Bidders may submit separate bids only for Mechanical construction work (IFB 13-29) and/or Electrical construction work (IFB 13-30). No other types of bids for other portions of the project or other combinations of the separate bids will be accepted.

ATTENTION PERSONS WITH DISABILITIES: If you plan to attend the bid opening and will need special facilities or assistance relating to a disability, please contact the National Guard ADA Coordinator at 701-333-2069 by July 2, 2013. Contractors desiring to submit a bid may obtain a copy of the contract documents at the office of the Owner. No deposit for the contract documents will be required, but they must be returned to the Owner in unmutated condition within ten (10) days after the opening of bids. Copies of the proposed contract documents are limited to one (1) set per bidder. Requests must be made on Contractor's own letterhead and must include a copy of his North Dakota Contractor's License or Certificate of Renewal, whichever is current.

OWNER

Office of the Adjutant General
Contract Management Branch
P.O. Box 5511
Bismarck, North Dakota 58506-5511
Telephone: (701) 333-2069

Copies of the contract documents are on file at the Construction Plans Exchange in Bismarck; Builders Exchanges in Devils Lake, Dickinson, Fargo, Grand Forks, Mandan, and Minot, North Dakota; Minneapolis and St. Paul, Minnesota; Native American Business Enterprise Center, Bismarck, North Dakota; and at the offices of the Architect, Engineers, and the Owner. Each bid shall be submitted in duplicate copy on the forms provided by the Owner and enclosed in a sealed opaque envelope upon which there is disclosed the necessary information as required by Supplementary Instructions to Bidders. Each bid shall be accompanied by a separate sealed opaque envelope containing a bidder's bond made payable to The Adjutant General, State of North Dakota, and executed by the bidder as principle and by a surety company authorized to do business in North Dakota, in a sum equal to five percent (5%) of the bidder's highest total bid combination, including all add alternates to the bid items; conditioned that if bidder's proposal be accepted and the contract awarded to him, he within ten (10) days after notice of such award, will effect and execute a contract in accordance with the terms of his bid and a contractor's bond as required by law and the regulations and determinations of the Owner. AIA Document A310, Bid Bond, will be furnished by the Owner and should be used to execute the bid guarantee.

In compliance with Section 43-07-12 of the North Dakota Century Code, each contractor submitting a bid must have a copy of his North Dakota Contractor's License or certificate of renewal thereof issued by the secretary of state enclosed in the bid bond envelope; must be licensed for the highest amount of his total bid combination including add alternates; and such license must have been in effect at least ten (10) days prior to the date of the bid opening.

No bid will be read or considered which does not fully comply with the provisions herein as to bonds and licenses, and any deficient bid submitted will be resealed and returned to bidder immediately. The Owner reserves the right to hold all legitimate bids for a period of thirty (30) days after the date fixed for the opening thereof. It is the intent of the Owner to award a contract to the lowest and best bidder. The Owner further reserves the right to reject any and all bids and to waive irregularities, and shall incur no legal liability for the State for the payment of any monies until the contract is awarded and approved by the proper authorities. In compliance with Section 48-01.2-10 of the North Dakota Century Code, the successful bidder shall be required to furnish bonds covering the faithful performance of the Contract and the payment of all obligations thereunder, and all additional obligations required by the laws of the state of North Dakota. Each bond shall be in an amount equal to the full contract sum.

PUBLIC NOTICE

FEMA-3364-EM-ND (Flooding)
FEMA-4118-DR-ND (Flooding)

The Department of Homeland Security, Federal Emergency Management Agency (FEMA) hereby gives notice to the public of its intent to reimburse eligible applicants for eligible costs to repair and/or replace facilities damaged by flooding beginning April 22, 2013, and ending May 16, 2013. This notice applies to the Public Assistance (PA) and Hazard Mitigation Grant Programs (HMGP) implemented under the authority

of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5206, as amended.

Under one emergency declaration and one major disaster declaration (FEMA-3364-EM-ND and FEMA-4118-DR-ND) signed by the President on April 28, 2013 and on May 29, 2013, the following 16 counties and one Tribal Nation have been designated as adversely affected by the flooding and eligible for Public Assistance: Benson, Bottineau, Cass, Cavalier, Eddy, Foster, McHenry, Pembina, Ramsey, Renville, Richland, Rolette, Towner, Traill, Walsh, Wells, and the Spirit Lake Tribal Nation. Additionally, all counties and Tribes in North Dakota have been designated as eligible for HMGP.

This public notice concerns activities that may affect historic properties, activities that are located in or affect wetland areas or the 100-year floodplain, and critical actions within the 500-year floodplain. Such activities may adversely affect the historic properties, floodplains or wetlands, or may result in continuing vulnerability to flood damage.

Presidential Executive Orders 11988 and 11990 require that all federal actions in or affecting floodplains or wetlands be reviewed for opportunities to relocate, and be evaluated for social, economic, historic, environmental, legal, and safety considerations. Where there is no opportunity to relocate, FEMA is required to undertake a detailed review to determine what measures can be taken to minimize future damages. The public is invited to participate in the process of identifying alternatives and analyzing their impacts.

FEMA has determined that for certain types of facilities there are normally no alternatives to restoration in the floodplain/wetland. These are facilities that meet all of the following criteria: 1) FEMA's estimate of the cost of repairs is less than 50% of the cost to replace the entire facility, and is less than \$100,000; 2) the facility is not located in a floodway; 3) the facility has not sustained major structural damage in a previous Presidential declared flooding disaster or emergency; and 4) the facility is not critical (e.g., the facility is not a hospital, generating plant, emergency operations center, or a facility that contains dangerous materials, etc.). FEMA intends to provide assistance for the restoration of these facilities to their pre-disaster condition, except that certain measures to mitigate the effects of future disaster events may be included in the work. For example, a bridge or culvert restoration may include a larger waterway opening to decrease the risk of future washouts.

For routine activities, this will be the only public notice provided. Other activities and those involving facilities that do not meet the four above criteria are required to undergo more detailed review, including study of alternate locations. Subsequent public notices regarding such projects will be published, if necessary, as more specific information becomes available. In many cases an applicant may have started facility restoration before federal involvement. Even if the facility must undergo detailed review and analysis of alternate locations, FEMA will fund eligible restoration at the original location if the facility is functionally dependent on its floodplain location (e.g., bridges and flood control facilities), or the project facilitates an open space use, or the facility is an integral part of a larger network that is impractical or uneconomical to relocate, such as a road. In such cases, FEMA must also examine the possible effects of not restoring the facility, minimize floodplain/wetland impacts, and determine both that an overriding public need for the facility clearly outweighs the Executive Order requirements to avoid the floodplain/wetland, and that the site is the only practicable alternative. The State of North Dakota and local officials will confirm to FEMA that proposed actions comply with all applicable state and local floodplain management and wetland protection requirements.

FEMA also intends to provide HMGP funding to the State of North Dakota to mitigate future disaster damages. These projects may include construction of new facilities, modification of existing, undamaged facilities, relocation of facilities out of floodplains, demolition of structures, or other types of projects to mitigate future disaster damages. In the course of developing project proposals, subsequent public notices will be published, if necessary, as more specific information becomes available.

The National Historic Preservation Act requires federal agencies to take into account the effects of their undertakings on historic properties. Those actions or activities affecting buildings, structures, districts, objects 50 years or older, or that affect archeological sites or undisturbed ground will require further review to determine if the property is eligible for listing in the National Register of Historic Places (Register). If the property is determined to be eligible for the Register, and FEMA's undertaking will adversely affect it, FEMA will provide additional public notices. For historic properties not adversely affected by FEMA's undertaking, this will be the only public notice.

As noted, this may be the only public notice regarding the above-described actions under the PA and HMGP programs. Interested persons may obtain information about these actions or a specific project by writing to the Federal Emergency Management Agency, Joint Field Office, 1402 2nd Street NW, Mandan, ND 58554 or by calling (701) 667-8300. Comments should be sent in writing to Gary Stanley, Federal Coordinating Officer, at the above address within 15 days of the date of this notice.
