Dear Chancellor Goetz,

Subsequent to your February 10, 2011 letter, we have completed our research in response to your questions.

Enclosed please find Dr. Brudvig's complete analysis along with all the supporting documentation.

As you recall, we were able to immediately correct our database error with NSSE and on February 11, 2011, I sent you a fax with documentation that this correction was complete.

With the departure of Marty Odermann-Gardner, we did experience some coordination and communication slip-ups. However, these mistakes were human errors and certainly not intentional. Please note Mr. Marshall Melbye's assessment that the academic integrity of these classes was not jeopardized and no policy violations occurred.

Please let me know if you have additional questions or need more information.

My best regards,

Richard J. McCallum, Ph.D.
President
