

# Pharmacies Abandon All Hope of Getting New "Age Reversal" Pill

*Manufacturer Overwhelmed by Demand and Flooded Phone Lines*

What's all the commotion about? Well, just imagine a pill that not only gives you the energy of a 30 year old – it makes you look a decade younger, too! Now you don't have to imagine it. This pill is now a reality. But getting your hands on this medical miracle isn't easy...

A team of scientists has developed an amazing age reversal pill that's been shown to reverse the root cause of sore joints and muscles... poor circulation... high blood pressure... poor memory... low energy... gas, bloating, diarrhea, constipation and many other aging related health problems.

Now, after years of development and testing, pharmacies throughout **America are desperate to get their hands on it...**

**It's Not A Dream For The Future - It's A Reality RIGHT NOW!**

And this amazing new formula is now available in a safe, natural pill you take at home.

A highly respected nutraceutical company has just released a remarkable new formula called *Enzoplex*. It re-ignites every cell in your body with a potent supply of synergistic enzymes and powerful herbal compounds. ("Synergistic" means each ingredient works great on its own... but they work *exponentially* better combined together.)

**Enzoplex is the first product of its kind to include the amazing "silkworm" enzyme that has been so successful in Germany and Asia.**

Thanks to the remarkable anti-aging research that led to the development of *Enzoplex*, people all around the country age 50 and over will soon be enjoying lives free of age-related health problems.

## Nature's Answer To Aging Related Health Issues

Dozens of studies show the formula in *Enzoplex* can help:

- **Reduce inflammation, the root cause of most serious health issues...**
- **Lower cholesterol...**
- **Break up blood clots that cause heart and brain disasters...**
- **Thin your blood without the side effects of prescription blood thinners...**
- **And much more!**

## You're Not Getting Old – You're Running Out Of Enzymes!

Enzymes are the catalyst that makes EVERYTHING work in your body. You can't digest your food without enzymes. You can't heal from injuries. You can't fight off a cold or illness. You can't build new heart, brain, skin, bone or tissue cells – or replace dying ones - without enzymes.

Remember the energy you had when you were a kid? That's because you had an abundance of metabolic enzymes to help create that 24-hour, non-stop youthful ENERGY. But as you get older, enzyme production slows down. Research shows your production of enzymes decreases at least 13% with each passing decade after age 21.

**If You're Over 40, You Probably Have An Enzyme Deficiency.**

That's why spicy foods you used to love now leave you feeling like there's a fire in your gut. Any injury takes two or three times longer to heal. Your thinking and memory feel foggy. Your knees, back and other joints constantly ache... and it feels like your "energy tank" is always on empty.

You may *think* your problem is poor circulation... a bad heart... joint and muscle aches... digestive problems... memory loss... low energy, etc. –

*Operators struggle to keep up with calls for the new "age reversal" pill*

but it's really chronic inflammation caused by an enzyme deficiency. *Time Magazine* called this dangerous (and often FATAL) health problem...

## The Secret Killer!

Modern researchers now agree chronic inflammation is the root cause of nearly EVERY major health condition you are experiencing today. Poor circulation... respiratory issues and breathing problems... joint pain and degeneration... low energy... allergies... and a host of other illnesses.

In fact, your body's battle to eliminate plaque creates chronic inflammation in your veins and arteries. In time, the inflammation may cause small portions of the plaque to break off the walls of your arteries and float around in your bloodstream. If the plaque blocks a blood vessel leading to your heart – you have a heart attack. If it blocks a vessel to your brain, you have a stroke. And if it blocks a vessel to your lungs, you get a pulmonary embolism.

The good news is you can now safely and effectively combat chronic inflammation with an amazing new discovery found in...

## The Silkworm!

German physician, Dr. Hans Nieper, has heralded this astonishing enzyme as a safe and highly effective way to control chronic inflammation. It has been used successfully all over Europe and Asia for its anti-aging and anti-inflammation benefits... and its ability to support a healthy heart and circulatory system.

## The Secret To Getting Back The Energy Of Your Youth!

Has pain, stiffness and low energy forced you to give up activities you love like golf, tennis, playing with your grandchildren and enjoying an active and vibrant life?

Are you fed up with gulping down handfuls of prescription drugs that don't really work, yet come with a host of side effects? Or... have you tried using nutritional supplements and natural remedies instead... but still haven't gotten the relief you need?

IMAGINE... living with boundless energy, youthfulness and vitality into your 70s, 80s, 90s and beyond...and avoiding the life-destroying diseases that so often accompany aging.

## Limited Supply

Supplies of *Enzoplex* are selling out quickly - usually only days after each new batch is produced. And there are rumors of Big Pharma trying to halt its sale. They fear *Enzoplex* could decrease demand for expensive arthritis, cholesterol, blood pressure and heart medicines — enough to negatively affect Big Pharma's profits. For now there's still time to experience the benefits of *Enzoplex* — **but you must act FAST.**
