

On Thursday, January 23rd the girls basketball teams from two local high schools will be getting together to do more than just compete. The lady athletes from Arizona Lutheran Academy and Gilbert Christian High School are joining efforts to support Gilbert Christian mothers who are battling the effects of breast cancer. This is the second annual “CRUSH CANCER” game made possible through the support of Cloud 9 Sports in cooperation with the women’s basketball program at Gilbert Christian High School. All proceeds from ticket sales, T-shirt sales, and free-will donations collected during the game will be given to the three families to help offset the cost of cancer treatments and related expenses.

Gilbert Christian High School would like to invite the general public to come to the gym and support these teenage athletes as they invest a lot of time and hard work into making a difference in the lives of the Gilbert Christian women and their families. A brief recognition of the women who are courageously battling the effects of cancer will be made around 6:40 PM, in between the Junior Varsity and Varsity contests. The JV (5:30 PM) and Varsity (7:00 PM) games are being played at Gilbert Christian High School, which is located at 3632 East Jasper Drive, Gilbert 85296.

The Lady Knights basketball team from Gilbert Christian High School are preparing for the second annual Crush Cancer event on January 23 when they play Arizona Lutheran Academy.
