

How To Get Rid Of Knee Pain Once And For All... Without Drugs, Shots, or Surgery

Now, in Chandler, AZ, one doctor is helping local residents with knee pain live more active, pain-free lives.

Do You Have Any of the Following Conditions?

- Arthritis
- Knee pain
- Cartilage damage
- 'Bone-on-bone'
- Tendonitis
- Bursitis
- Crunching and popping sound

Living with knee pain can feel like a crippling experience.

Let's face it, your knees aren't as young as they used to be, and playing with the kids or grandkids isn't any easier either. Maybe your knee pain keeps you from walking short distances or playing golf like you used to.

Nothing's worse than feeling great mentally, but physically feeling held back from life because your knee hurts and the pain just won't go away!

If you're suffering from these conditions, a new breakthrough in medical technology may completely eliminate your pain and help restore normal function to your knees.

Finally, You Have an Option Other Than Drugs or Surgery

New research in a treatment called low level laser therapy, or **Cold Laser**, is having a profound effect on patients suffering with knee pain. Unlike the cutting type of laser seen in movies and used in medical procedures, Cold Laser penetrates the surface of the skin with no heating effect or damage.

Cold Laser therapy has been tested for 40 years, had over 2000 papers published on it, and been shown to aid in damaged tissue regeneration, decrease inflammation, relieve pain and boost the immune system. This means that there is a good chance Cold Laser therapy could be your knee pain solution, allowing you to live a more active lifestyle. Professional athletes like Tiger Woods and team members of the New England Patriots rely upon Cold Laser therapy to treat their sports-related injuries. These guys use Cold Laser for one reason only...

It Promotes Rapid Healing of The Injured Tissues

Before the FDA would clear Cold Laser for human use, they wanted to see proof that it worked. This led to two landmark studies.

The first study showed that patients who had Cold Laser therapy had 53% better improvement than those who had a placebo. The second study showed patients who used the laser therapy had less pain and more range of motion days after treatment. If the Cold Laser can help these patients, it can help you too.

Could This Non-Invasive, Natural Treatment Be The Answer To Your Knee Pain?

For the First 25 Callers Only, I'm running a very special offer where you can find out if you are a candidate for Cold Laser therapy.

Here's What Our Patients Had to Say...

"Dr. Rooh, since you've been treating me for my knee pain, I can go running and playing basketball again. Thank you so much!" - Berry M.

"Dr. Rooh, I am so happy I came in for treatments. You definitely got rid of the pain in my knees. I now can kneel down and play with my grandkids. I will refer my friends and family to you. You are a miracle doctor." -D. A.

What does this offer include? Everything I normally do in my "Knee Pain Evaluation". Just call and here's what you'll get...

- An in-depth consultation about your problem where I will listen...really listen...to the details of your case.
 - A complete neuromuscular examination.
 - A thorough analysis of your exam findings so we can start mapping out your plan to being pain free.
 - You'll see everything first hand and find out if this amazing treatment will be your pain solution, like it has been for so many other patients.
- The First 25 Callers Only** can get everything I've listed here for only \$35. The normal price for this type of evaluation is \$250, so you're saving a considerable amount by taking me up on this offer.

Remember what it was like before you had knee problems;

when you were pain free and could enjoy everything life had to offer? It can be that way again. Don't neglect your problem any longer – don't wait until it's too late.

Here's What To Do Now

Due to the expected demand for this special offer, I urge you to call our office at once. The phone number is **480-304-5152**.

Call today and we can get started with your consultation and exam as soon as there's an opening in the schedule. Our office is called **Wellness 1st, LLC, 1810E. Ray Rd., Ste. A104, Chandler, AZ**. Tell the receptionist you'd like to come in for the Knee Evaluation.

Sincerely, Farid Rooh, D.C.

P.S. Now you might be wondering...

"Is this safe? Are there any side effects or dangers?"

The FDA cleared the first Cold Laser in 2002. This was after their study found 76% improvement in patients with pain. Their only warning – don't shine it in your eyes. Of course at our office, the laser is never anywhere near your eyes and we'll give you a comfortable pair of goggles for safety.

Don't wait and let your knee problems get worse, disabling you for life. Take me up on my offer and call today **480-304-5152**.
