

PUBLIC NOTICES "BECAUSE THE PEOPLE MUST KNOW"

CITY OF PACIFIC 2012 Annual Water Quality Report (Consumer Confidence Report)

This report is intended to provide you with important information about your drinking water and the efforts made to provide safe drinking water.

Atencion! Este informe contiene informacion muy importante. Tradúscalo o preúntele a alguien que lo entienda bien.

What is the source of my water? The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and groundwater wells.

Table with 2 columns: Source Name, Type. Rows include Well # 3 - Cedar Field St., Well # 2 - E. St. Louis St., Well # 1 - S. First St., all Ground Water.

Source Water Assessment: The Department of Natural Resources conducted a source water assessment to determine the susceptibility of our water source to potential contaminants.

Why are there contaminants in my water? Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants.

Is our water system meeting other rules that govern our operations? The Missouri Department of Natural Resources regulates our water system and requires us to test our water on a regular basis to ensure its safety.

How might I become actively involved? If you would like to observe the decision-making process that affects drinking water quality or if you have any further questions about your drinking water report, please call us at 636-271-0500, extension 213.

Do I need to take any special precautions? Some people may be more vulnerable to contaminants in drinking water than the general population.

Special Lead and Copper Notice: If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children.

Definitions: MCLG: Maximum Contaminant Level Goal, or the level of a contaminant in drinking water below which there is no known or expected risk to health.

Regulated Contaminants table header with columns: Regulated Contaminants, Collection Date, Highest Value, Range, Unit, MCL, MCLG, Typical Source.

Table with 8 columns: Regulated Contaminants, Collection Date, Highest Value, Range, Unit, MCL, MCLG, Typical Source. Rows include Barium, Chromium, Fluoride, Nitrate-Nitrite.

Abbreviations: THM: Total Trihalomethanes (chloroform, bromodichloromethane, dibromochloromethane, and bromoform) as a group.

Table with 8 columns: Disinfection Byproducts, Monitoring Period, RAA, Range, Unit, MCL, MCLG, Typical Source. Row for THM.

Table with 8 columns: Lead and Copper, Date, 90th Percentile, Range, Unit, AL, Sites Over AL, Typical Source. Rows for Copper and Lead.

Table with 5 columns: Microbiological, Result, MCL, MCLG, Typical Source. Row for No Detected Results.

Table with 3 columns: Compliance Period, Analyte, Type. Row for No Violations Occurred.

Violations and Health Effects Information: During the 2012 calendar year, we had the below noted violation(s) of drinking water regulations.

Table with 5 columns: Microbiological, Result, MCL, MCLG, Typical Source. Row for No Detected Results.

Optional Monitoring (not required by EPA) Optional Contaminants table header with columns: Secondary Contaminants, Collection Date, Your Water System Highest Value, Range, Unit, SMCL.

Table with 6 columns: Secondary Contaminants, Collection Date, Your Water System Highest Value, Range, Unit, SMCL. Rows include Alkalinity, Calcium, Chloride, Hardness, Magnesium, Nickel, Potassium, Sodium, Sulfate, TDS, Zinc.

Secondary standards are nonenforceable guidelines for contaminants that may cause cosmetic effects (such as skin or tooth discoloration) or aesthetic effects (such as taste, odor or color) in drinking water.

The Consumer Confidence Report will not be mailed, but is available upon request.

PUBLIC NOTICE IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER - TESTS SHOW COLIFORM BACTERIA STANDARD EXCEEDED IN UNION WATER FOR APRIL, 2013

May 8, 2013 To Whom It May Concern: Our Water system recently violated a drinking water standard for April, 2013. Although this is not an emergency, as our customers, you have a right to know what happened, what you should do, and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. The standard is that at small water systems no more than 1 sample may test positive.

What does this mean? THIS IS NOT AN EMERGENCY. If it had been you would have been notified immediately. Total coliform bacteria are generally not harmful themselves. Coliforms are bacteria which are naturally present in the environment and are used as an indicator that other, potentially harmful, bacteria may be present. Coliforms were found in more samples than allowed and this was a warning of potential problems. THE WATER IS SAFE TO DRINK, COLIFORM BACTERIA IS FOUND EVERYWHERE, IT IS NOT DISEASE CAUSING BACTERIA.

Usually, coliforms are a sign that there could be a problem with the treatment or distribution system (pipes). Whenever we detect coliform bacteria in any sample, we do follow-up testing to see if other bacteria of greater concern, such as fecal coliform or E. coli, are present. We did not find any of these bacteria in our subsequent testing. If we had, we would have notified you immediately.

What happened? Coliforms were found in more samples than allowed and this was a warning of potential problems. THE WATER IS SAFE TO DRINK, COLIFORM BACTERIA IS FOUND EVERYWHERE, IT IS NOT DISEASE CAUSING BACTERIA. (Three samples were effected)

What is being done? Subsequent testing has been performed and all samples have passed all tests. For more information, please contact the water system staff at City Hall, 636-583-3600

or at the Water Plant, 636-583-3522.

What should I do? 1. For this type of violation, boiling drinking water is usually not deemed necessary for the general population. However, if you have specific health concerns, consult your doctor.

2. People with severely compromised immune systems, infants, and some elderly may be at increased risk. These people should seek advice about drinking water from their health care providers. General guidelines on ways to lessen the risk in infection by microbes are available from EPA's Safe Drinking Water Hotline at 1-800-426-4791.

Additionally you may contact the Missouri Department of Natural Resources' St. Louis Reg Office SLRO at 314-416-2960 or Public Drinking Water Program at 573-751-5331.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this public notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Union State Water System ID#: MO6010801. May, 2013. Publish in the Weekend Missourian May 11-12 and The Missourian May 15, 2013.

ORDER OF PUBLICATION OF NOTICE

(Civil Rule 54.17 Rev. 1973) IN THE CIRCUIT COURT OF FRANKLIN COUNTY STATE OF MISSOURI AMCH, A Minor, By His Next Friend, Aaron Hastings, and; TEH A Minor, By her Next Friend, Aaron Hastings, and Aaron Hastings Individually, Petitioners, v. Sandra Elizabeth Stolte, Mary Stolte and Orville Stolte, Respondents. Cause Number: 13AB-DR00197 Division: I

THE STATE OF MISSOURI TO Respondent, Sandra Elizabeth Stolte You are hereby notified that an action has been commenced against you in the court named in the above caption, the object and general nature of which is to determine paternity and custody of the above named children.

The name of the court in which this action is pending and the names of all the parties to said suit are stated above in the caption hereof and the name and address of the attorney(s) for Petitioner are:

Brandon W. Bardot 214 Elm Street, Suite 102 Washington, MO 63090 You are further notified that, unless you file an answer or other pleading and serve the same on the petitioner(s) or his attorney or shall otherwise appear and defend against the aforesaid petition within forty-five days after the 19th day of April, 2013 (date of the first publication of this notice) judgment by default will be rendered against you.

It is ordered that a copy hereof be published according to law and court order in the Washington Missourian, a newspaper of general circulation published in the County of Franklin, State of Missouri. A true copy from the record. Witness my hand and the seal of the said court this 11th day of April, 2013. By: Patty Hale Deputy Clerk
