Thanks.

YOU are making a difference.

Each week in our schools, thousands of children are connecting to their community inside *The Missourian*.

In the newspaper, they're improving reading skills, building vocabulary, practicing math applications, understanding citizenship – and dozens of other experiences that make learning meaningful.

Thank you to these businesses for their donations and dedication to promoting literacy and education in our community.

Thanks, *Missourian* In Education partners. We couldn't do it without you.

Missourian In Education
