

CAREER & EDUCATION OPPORTUNITIES

Special Supplement to The Glendale Star and Peoria Times

XL Health Club Offers Excellent Opportunities

At XL Health Club we offer you the opportunity to build your body of work, by working your body. The mind body connection has never been more prevalent as it is in today's business world. An out of shape body will dull the mind but a well-trained body will stimulate the brain, which will show in all of your daily activities. If you want to stay sharp you don't do it at a dance club, instead you go to a health club, XL Health Club.

There are many places in the Valley where you can work out, but to properly train the body you need an organic environment that inspires growth. XL Health Club has been specifically designed to stimulate the senses and fuel the mind body connection.

In addition to an enhanced fitness environment, XL Health Club has put together a unique team of specialists who can assist you in properly identifying and engaging areas of your body that have become deficient.

If you want to build a resume of good health, longevity and acumen, contact one of our recruiters at (623) 594-0246 and ask how you can become part of the XL Health Club Team. Also look for us online at XLHealthclub.com.

MAKE FRIENDS. GET FIT.

Keeping up with the needs of today's job applicants

Traditional schools have to adapt if they are to remain vital in today's market by making their graduates better candidates in the job market.

More and more employers require education and certification for jobs, many of which in prior years were trained on the job.

In keeping with this, Discovery Detective Academy has made changes this fall to their courses and course delivery.

In reviewing how well our short certification courses for Process Server, Security Guard, Liquor Manager, and Food Safety Manager have helped potential employees secure employment or advancement in their current jobs; we have made changes to our traditional Investigation Diploma course by separating the core competencies into certification courses. These courses will deliver the targeted training needed for specific investigative jobs, fast tracking our students to gaining employment or career advancement.

The industries our shorter certification courses train for are: Finance Company fraud departments, Insurance Industry field and in-house investigators and risk managers, Background Screening, Repo both field and skip tracers, Fugitive Recovery, Collections, Loss Prevention, Security Officer and more.

The ALL NEW Professional Investigator Master Course can be taken separately or

Being a private investigator is a rewarding career, Dana Young, Detective Discovery Detective Academy

in addition to the certification modules. The PI Master course goes beyond the core elements taught in the certification course by putting together comprehensive criminal and civil investigations, civil and criminal law, managing a department or running their own investigation company and more. The pre-requisite for this course is completion of our certification course or prior work and education in the investigation field.

Our school teaches hands on and interactively so when you complete a course you are ready and confident to work.

You can find out more at <http://www.discoverycollege.education>

Stackable Credentials = Hybrid jobs in the Investigation Industry

Earn more money and stand out by teaming up your degree or certifications with an investigations diploma and be ready for exciting new job possibilities.

DISCOVERY CONTINUED ON PAGE 2

NIGHT OWL SOARS

Evan Voyer, Deer Valley Academy Sophomore Student

One of the best kept secrets in the northwest valley is **Deer Valley Academy (DVA)**, a **tuition-free**, charter high school that operates after school and evening hours.* DVA attracts students from surrounding districts who need to retrieve credits, plan to graduate early, or prefer to attend full-time to earn a diploma.

Evan Voyer chose to enter DVA full-time, right out of eighth grade. His older brother Ryan had taken a few night classes to stay on track for his graduation and felt DVA would be a great school choice for Evan. Now in his sophomore year, Evan has found a home and "a family" of sorts. "I've met so many new people and have really gotten close to them. It feels like a family." Evan finds he can focus much better in the two-and-a-half hour blocks and likes the fact that he only has to deal with two classes at a time. "It really helps me focus since I'm not constantly switching classes. There's much less stress." Evan credits the teachers who keep students engaged and "actually communicate with the students." As a 'night owl' versus a 'morning person,' Evan admittedly likes the afternoon starting time which allows him to sleep in.

Deer Valley Academy is located at 51 Avenue and Union Hills. School hours are 3-5:30pm and/or 5:50-8:20pm, Monday through Thursday. Six start dates provide flexible enrollment. *Ask about our **daytime, FREE SUMMER CLASSES** in JULY! Call 602.467.6874 or visit www.DeerValleyAcademy.org for information.

From marketing to social media management: New program lets you customize your degree by studying Organizational Management

Students in the Organizational Management program at Glendale Community College can customize their course work to suit career and personal interests such as having emphasis areas in technology, accounting or marketing

By Kendra Swensen, GCC Faculty

Are you interested in marketing but want to pair it with technical knowledge and skills in graphic design? Do you see your career path in advertising and social media marketing? Are you interested in business management, but know technology skills are incredibly important at every level in an organization? Or are you an entrepreneur needing to motivate investors interested in a business concept or idea and need better communication and presentation skills? This newly introduced business program offered at Glendale Community College may be for you!

The Associate in Applied Science (AAS) in Organizational Management program offered at Glendale Community College is designed with a customized curriculum specific to the student's individual needs and interests and provides the knowledge and skills needed in today's changing workplace. The program provides leadership and communication skills and tech-

How the Teacher Shortage in Education Impacts All of Us

Dr. Lily Matos DeBlieux
Pendergast Elementary School District Superintendent

As a young girl growing up, when people would inadvertently ask me, "What do you want to be when you grow up?" My answer would most assuredly be, "A teacher." Teaching was a proud profession, one I and others I knew aspired to be part of. My parents had always stressed the importance of education in our home and for me; the ability to influence lives and inspire others was the perfect combination.

Fast forward to 2015, when students are asked the same question, the answer shifts to anything but teaching. At this time of the year in Arizona when all teaching positions should be filled, there are still approximately 800 openings and over 250 job abandonments. That leaves classrooms with substitutes and districts scrambling to cover classes.

So what can we do about this teacher shortage? The Educa-

tor Recruitment & Retention Task Force from the Arizona Department of Education in their report of January 2015 listed strategies that schools and districts, the Arizona Department of Education and policymakers can implement and reinforce. They include sharing best practices from school districts on retention, increasing debt forgiveness for teachers who make teaching a long-term career, provide cost-effective high quality professional development, reward exceptional performance, recognize teachers for the incredible job they do to educate students every day, and let legislators know how vital a fair wage is for teachers. If we want our future teachers to enter and stay in the profession, we need to believe in them and support them.

Dr. Lily Matos DeBlieux
Pendergast Elementary School District Superintendent

niques for planning, directing and evaluating business situations, with an emphasis on effective allocation of time, money, materials, space and personnel.

The unique aspect of this educational program is that about a third of the courses you take are individualized based on your interests and career goals. The program

advisor or enrollment center can assist in creating the best plan of study for each student. A Certificate of Completion (CCL) in Organizational Leadership is also available as part of this program.

Learn more by visiting the GCC website at <http://www.gccaz.edu/academics/degrees-certificates/organizational-management-aas>.

Work with Children and Help Mentor in Peoria's Parks and Recreation Programs

The city of Peoria offers a wide variety of programs, activities and classes for children, teens, adults, seniors and people with a disability. The Parks and Recreation Division is currently hiring for a variety of positions. Those who enjoy working with youth and teens and/or want to assist with the implementation and supervision of a variety of populations and recreation activities should apply. Peoria's Parks and Recreation Division needs staff to and provide excellent customer service to all program patrons by exemplifying a positive attitude and exceeding the needs of patrons. These positions assist youth in arts and crafts, games, sports, fitness, events, field trips and outdoor activities. This is an opportunity to be a role model to children, while discovering or moving toward a new career.

Gain a variety of skills including customer service, program and event coordination, youth mentoring and development, supervisory and time management.

Programs operated by Peoria's Parks and Recreation Division comprise of after school activities, summer recreation sites, aquatics, sports, teen activities, adaptive recreation, senior activities, outdoor interests and special interest classes. These programs are offered at several city-run facilities including the Peoria Community Center, Peoria Pool, Centennial Pool, Sunrise Pool and Family Center, various city parks and the Rio Vista Recreation Center.

To apply for Peoria's recreation positions, visit www.peoriaaz.gov/jobs. For more details about Peoria's recreation programs, visit www.peoriaaz.gov/recreation.

West valley non-profit offers year round art instruction

WHAM Community Art Center offers beginning, intermediate and professional art classes throughout the year for kids, teens and adults. Winter classes start in early January and registration is now open. The art center is located at 16560 N. Dysart Rd. in Surprise.

Classes include painting, drawing, clay and metal sculpture, mixed media, new media, gourd carving and much more! WHAM art instructors have years of training and experience in their mediums. A catalog of classes, complete with course descriptions and fees, is available on the organization website and at the docent counter at the center. New classes will be available on a quarterly basis.

At WHAM Community Art Center there are classes designed for aspiring artists of any age and ability or for the more experienced artists looking to sharpen their skills in a new medium. At times the group hosts workshops given

by nationally known artists. Check the catalog for more information.

Education is an important aspect of the organization's mission. Currently the group provides art programs for underserved populations including veterans with Post Traumatic Stress Disorder, people with special needs and at risk youth. All are welcome!

The art facility is operated by WHAM Art Association, a group of over two hundred and forty members. The association provides programs, art exhibits, and projects for the community. For more information on classes or the organization call 623.584.8311 or visit www.wham-art.org.

- Strengthen the bond between parent and child
- Use positive discipline
- Offer choices and consequences

Each Parent will take home a free children's book after each session. Free Childcare will be provided.

Please call the Family Resource Center at 623-772-2339 to register for class information and location.

Protecting Families with a Trust

by Sharon Ravenscroft, Esq.

The Revocable Trust is the most cost-effective method of having the right person handle your assets if you become ill or if you die.

The creator of the trust is referred to as the "Settlor," and is normally the "Trustee" or owner of the trust assets and also the initial beneficiary. If you become incapacitated or die, then the Successor Trustee takes control of your trust assets for the benefit of you or your beneficiaries.

With only a Will, there is no Successor Trustee to assist you while you are living. After you have died, the Successor Trustee does not need court authority to coordinate the payment of your last expenses and the distribution of your assets.

With only a Will, additional court involvement in the form of a court conservatorship is necessary for any distribution to a minor that exceeds \$10,000 in a year. Conservatorships limit the use of the funds and then release the funds when the minor reaches 18.

With a trust, the parent, who knows what is best for a child, can provide delayed distribution until age 21, 25, 30 or older. Trust provisions also can promote education, living a drug-free life, and gainful employment.

DISCOVERY FROM PAGE 2

Many of the new hybrid jobs in the investigative fields utilize past employment with a second degree or certification.

The traditional cross over to PI has for years been from retiring Law Enforcement. But check out the following list to see how that is changing in the 21st Century.

- Nurse + Investigations = Forensic Nurse
 - Security + Investigations + Management = Risk Manager
 - Truck Driver + Investigator = PI or Compliance Auditor
 - Paralegal + Investigations = Legal Investigator
 - Computer Programing + Investigations = Digital Forensics
- So if you are looking to change careers or just add a new twist on what you are already qualified to do, consider investigations. You can find out more at <http://discoverycollege.education>

A Special Thank You to Two Glendale Chamber Board Members

Joe Quintana and Dr. Lily DeBlieux enjoying time with students. Both are superintendents to school districts in the Glendale Community and Glendale Chamber of Commerce Board Members.

The Glendale Chamber of Commerce is proud to have Joe Quintana and Dr. Lily DeBlieux, two leaders in education, serving on our Board of Directors. Both are superintendents to school districts in the Glendale Community.

Joe Quintana is the Superintendent of the Glendale Elementary School District. Quintana was the assistant superintendent for human resources in the Cartwright school district. He began his career as an educator 25 years ago in GESD as a teacher at Harold W. Smith Elementary School. Quintana has also served as an assistant principal, principal, director

and assistant superintendent, all with the Cartwright district. He earned a bachelor's degree in elementary education and a master's degree in education administration, both from Western New Mexico University.

Dr. Lily DeBlieux is the Pendergast Elementary School District Superintendent. Her past experiences include being a teacher, elementary principal, middle school dean, director of religious education at a military base, assistant superintendent, adjunct professor, English for speakers of other languages instructor, business owner, and community volunteer. Lily owned a technology

company for six years before returning to her true calling: education. Her professional preparation includes degrees in Elementary Education (BA), Educational Leadership and Supervision (MA and PhD), all from the University of Southern Mississippi. She also obtained a Business Administration (BA) degree from the University of Puerto Rico.

The Glendale Chamber of Commerce appreciates the work and dedication of Joe and Dr. Lily in Glendale.

For more information please contact the Glendale Chamber of Commerce at 623-937-4754.

DO YOU REALLY want to trust your legal documents to a website?

A Commitment to Serving the individual needs of the children, adolescents and adults with developmental disabilities

Mending Hearts Family Services create, repair and restore relationships

MENDING HEARTS

Mending Hearts Family Services was founded in 2008 and it is a 501(c)3 "not-for-profit" agency.

The vision of Mending Hearts Family Services is to create, repair and restore relationships. Mending Hearts is passionate about facilitating safe, positive, and nurturing relationships through strengthening the emotional and spiritual health of the broken-hearted.

As an agency, Mending

Hearts believes that strong, caring individuals and families build strong, caring communities.

Mending Hearts Family Services provides potential foster parents with the required 30 hour AZPSMAPP pre-service training that teaches families about the foster care system, child behaviors, discipline versus punishment, and co-parenting with the biological family. Mending Hearts Family Services provide regular foster care, kinship care, foster-to-adopt, and traditional adoption services. With the help of the Mending Hearts

Family Services specialized team of counselors, the necessary wrap-around services will be provided to support foster families who are parenting children in the DCS custody. The Mending Hearts Family Services devotes its resources to recruiting, training and supporting families to help children through adoption and foster care.

MENDING HEARTS FAMILY SERVICES

Christ-centered Counseling

Mending Hearts Family Services is a Christ-centered social service agency that provides professional behavioral health and child welfare services with a Biblical emphasis for individual adults and children, couples and families who are seeking affordable services. The passion of Mending Hearts Family Services is to mend the broken hearts of children, adults and families by facilitating positive, safe, and loving relationships and by strengthening the emotional and spiritual health.

Family Support

When a crisis presents itself to a family, or to any individual in a family, the whole system is affected. Crisis often brings pain, pain that can produce growth. Turning a crisis into an opportunity often requires professional help. It is Mending Hearts Family Services' objective to provide this kind of help. Mending Hearts provides marriage and family counseling.

Specialized Child Counseling

Mending Hearts Family Services works with individual children suffering from ADHD, attachment issues, trauma, grief/loss, anger, identity issues, neglect, sexual and physical abuse, etc. In addition, Mending Hearts Family Services provides counseling to children affected by single parenting, adoption, foster care, or divorce. Mending Hearts Family Services does not provide child custody evaluations for divorcing parents or parents who are disputing custody of their minor children. Mending Hearts Family Services is working to develop more expertise in working with children who are from birth to age five.

PLAY THERAPY & ADDICTION COUNSELOR POSITION(S) AVAILABLE

Christian agency seeks a registered play therapist who is an Arizona BBHE licensed LPC, LMFT or LCSW. Experience with trauma informed care especially with children who are adopted or in foster care; all forms of abuse; divorce and custody issues; and family counseling is preferred. Agency also seeks an Arizona BBHE licensed LISC, LPC, LMFT or LCSW who specializes in all types of addiction counseling. Experience with trauma informed care is preferred. Insurance panels, Bilingual and approved supervisor also preferred.

Welcome to Habilitation & Independent Living Specialists, Inc.

Anodyne Development, Inc.

Caring about you – this is the center of what we do

Anodyne Development is a community-based support services provider where participants can access programs that help in their habilitation and maximize their independence through training.

We also host group homes, attendant care service, adult and child developmental homes, habilitation at home, respite, counseling services, vocational support and several other outlets that reinforce independence for children, adolescents and adults with disabilities, old age and domestic issues.

We arrange for specialized living arrangements and give participants access to supportive counselors, social workers and life coaches who help them achieve independence and enhance decision making skills.

We are committed to serving the individual needs of the children, adolescents and adults with developmental disabilities as well as other issues.

Our dedicated and compassionate caregivers are trained to respect you, your home, and your beliefs. Our goal is to assist you to live life on your own terms.

Anodyne Development has professionally trained employees who are available 24 hours a day, 7 days a week, including holidays.

Anodyne Development Inc., programs and services are provided in the Arizona communities of Glendale, Peoria, West Phoenix, and surrounding communities including a home in Casa Grande over in Pinal County. We are excited to grow with these communities in the future, and are equally as committed to maintaining the atmosphere of family, community involvement and individuality.

All caregivers meet all State of Arizona requirements, have a valid Finger Print Clearance Card, a valid AZ Drivers License with a clean motor vehicle report and have successfully passed all of Anodyne Development training courses and background checks.

Peoria Chamber Offers Members Free Marketing!

City of Peoria Mayor Cathy Carlat cuts the ribbon at the Grand Opening event for the new Colonnade VIP Event Room at the Peoria Sports Complex.

The Colonnade room is available to rent to any businesses or Peoria residents needing a facility for a special event or business function.

Call the Peoria Sports Complex at 623-773-8700 for more information

Being a member of the Peoria Chamber of Commerce comes with many perks, including free marketing opportunities. The Chamber offers a variety of programs for members to spread the word about their business, all included with the price of membership

One marketing tool is business video interview filmed at Ch11 Studios with the City of Peoria. The five 5 minute interviews are edited with 2 other Chamber members and combined to form a 15-minute program which airs on Peoria

Ch11 for 30 days following the taping. You provide the questions to feature the points you want to make and Chamber President/CEO Guy Erickson conducts the interview with you. In addition to the video showing on Peoria Ch11, it is also archived on the Chamber website; best of all, you own the video to upload on your own website or YouTube.

The Peoria Chamber also offers a radio program, hosted by David Isaac from the BtN network on AM 1480. The shows are roughly 40 minutes

in length with the member talking about their business and what makes them different. These too are archived on the Chamber website, the BtN Network website and the member can use the show wherever they like.

Those are just two of the many added benefits the Peoria Chamber offers to its members that are included with the cost of membership.

For more information or to join the Peoria Chamber of Commerce call 623-979-3601 or go to www.peoriachamber.com.

A better blend of education at Leading Edge Online Academy

In the world of education today there are a number of different avenues you can pursue when seeking a better education. Interestingly, online learning seems to be gaining ground and rising to the top as the pinnacle of learning.

Recently the U.S. Department of Education did a study on the benefits of online education titled *Evaluation of Evidence-Based Practices in Online Learning*.

The study showed that students in online conditions performed modestly better, on average, than those learning the same material through traditional face-to-face instruction. Notably, *“Instruction combining online and face-to-face elements had a larger advantage relative to purely face-to-face instruction than did purely online instruction”*

This study showed that students perform better in a “blended” environment. That is where the courses offered combine online, self-paced classes with face-to-face teacher interaction. This is exactly the focus and design of the Education Centers at Leading Edge Online Academy.

Leading Edge Online Academy (LEOA) is part of a network of college-prep charter schools that have a history of academic excellence. LEOA is an online distance learning program featuring award-winning curriculum, highly qualified teachers of record and tuition-

free enrollment for grades 6-12. In various locations their Education Centers bring the “face to face” benefits and support to students. This is what separates Leading Edge Online from some of the other existing online programs available in Arizona. Students from a homeschool environment can also benefit from the blended learning experience, combining the best of both platforms to personalize their education. Leading

Edge Online Academy is able to work alongside those who are committed to a homeschool approach of education. The student can take classes that are not available at home or just supplement their schedule. Free summer school classes help assist homeschool students who are often on the go in the summer, and a virtual class with highly qualified teachers can be a win - win.

You have more choices than ever when it comes to your student’s education. Make the right choice, and consider Leading Edge Online. You won’t be disappointed.

If you have any questions about the Leading Edge Online program, please contact online@leadingedgeacademy.com or call (480) 257-5362.

Thank you,
Mark Leuning
Director of Online

Crystal Mosca, Principal
Leading Edge Online Academy

Capitol Guard & Patrol, Inc offers a steady and challenging career path

Our company, Capitol Guard & Patrol, was founded in 1981 by three business professionals who were driven to do things better. Since that time, our Company has set the standard in the business of private security by hiring and fielding the best people available.

Our training operations are the most efficient, effective and well organized you will find in Arizona. We continuously train and certify our employees in the correct and legal use of handcuffs, batons, pepper spray and firearms. In addition, our company not only trains and certifies our employees with TASER conductive electrical weapons, we were the very first company to be officially approved by TASER International to train and certify non-security people in the TASER C2
