

# January ❄️ Justin Trails Resort ❄️ 2015

## 2015 Will Be The Year of Healing

We are excited to improve guest care especially for weddings! Don & I attended the Association of Bridal Consultants Conference in Sandals Whitehouse, Jamaica in November. I am in the process of becoming a Certified Wedding Vendor and am working on several projects to help me improve my value to you. Getting married? We do have available wedding dates online [www.justintrails.com](http://www.justintrails.com)

Whether an elopement, LGBT union or nuptials. We provide the Elegant Barn and grounds you "make it your own."

Saturday weddings include:

- Fun for guests staying offsite Friday, Saturday and Sunday
- Guests may spend time here to help decorate, play games, hand-feed llamas, enjoy ponds, play on 2 disc golf courses
- We have safe off-street lawn areas for children to play, playhouse, pet-friendly and grassy hiking trails where you can walk barefoot
- Numerous ceremony sites
- Plan B –ceremony in Elegant Barn
- Large indoor restrooms

In the last year, guests have told us they experienced a sense of healing as they stayed on our land. They are expressing a need to regain connections to nature, each other and to feel emotions together like grief, joy, faith, hope and love. Our living world at Justin Trails Resort offers a refuge and a gathering place from "the world." This winter guests are connecting with nature through skiing, snowshoeing, sledding, skijoring and fatbiking. Looking forward to seeing you soon!
