**TWIN FALLS** • The *Times-News* will be 110 years old this October and a lot has changed over the past century. One thing that hasn't is our mission to cover the news and connect advertisers and readers. We just do it a little differently today.

While we still print a daily newspaper that reaches 31,500 readers every day, we also have built the Magic Valley's largest news website – MagicValley.com.

With the printed edition we cover eight counties and dozens of cities and towns. Stretching from Bliss to Malta and Jackpot, Nev. to Sun Valley our delivery area covers more than 10,000 square miles – roughly the size of Massachusetts. We have 127 carrier routes that deliver seven days a week regardless of the weather.

On MagicValley.com in February 2014 we had 2.77 million page views and it is growing. Our current page view growth is averaging 30+ percent each month. We also had 436,000 unique visitors to our site during the month -a number that is growing equally as fast. And within the last couple of years we have seen our mobile traffic explode. Access to our website via mobile devices using our news apps or website is now approximately 44 percent of our total online traffic.

At the end of the day our audience is growing. We are reaching more people in more ways which is good for our local businesses. And none of this could be done without

- 4. Follow with two to three paragraphs of pertinent information.
- 5. Email it to the correct person; follow up with a phone call

# Tips for Writing a Letter to the Editor

# **BY AUTUMN PHILLIPS**

aphillips@magicvalley.com

The Times-News has a 300word limit for letters. We do not publish personal attacks, racist or derogatory comments or letters promoting or disparaging

a business. Include your address and phone number at the bottom of the letter (for identity confirmation and not to be published). If you have a larger point to make that won't fit in 300 words, the Times-News also welcomes "Reader Com-

ments," which have a 500word limit. Please include a photo of yourself and a one-line bio at the end of your commentary. Send letters and reader comments to Ellen Thomason at letters@ magicvalley.com. For more information, call 735-3266.

say they have acted upon a printed ad flier in their newspaper in the past 30 days.

Luckily for Magic Valley businesses, you don't have to be a major retailer to afford an insert advertising campaign. The *Times-News* is a large volume producer of printed inserts and we pass our buying discounts along to local businesses. We can help you design, print and deliver a full color glossy insert to local residents who are inviting your advertising into their homes through their newspapers for as little as seven cents per household reached. We also publish our Magic Values publication on Tuesdays, expanding our reach to over 16,700 additional households.
