300 Holmes Ave. STE.D

Butte, Mt. 59701
Welcome to Evel Knievel Days!

Prepare to pay tribute to the legendary Evel Knievel in his hometown of Butte, Montana with death-defying stunts, roaring engines and live music packing the streets with action for three thrilling days. The event continues to get bigger and better every year; without a doubt the 13th Annual Evel Knievel Days is sure to be the best one yet!

Evel now rests in peace at the Mountain View Cemetery, but every fourth weekend in July his spirit comes alive to watch his legend live on. Evel’s tombstone reads, ‘A man can fall many times in life, but he’s never a failure if he tries to get up.’ When Evel Knievel fell, he would get up and plan an even bigger stunt. Evel Knievel Days may have stumbled, but just like the legend, and in the resilient spirit of the “Can-Do City” of Butte, Montana, the event in his honor is ready to make history, featuring the most famous daredevils in the world!

All Evel Knievel Days events will be in Historic Uptown Butte, the heart of Montana’s most historic city. In between the high-flying action and entertainment be sure to visit the historic sites from the community’s early days as a mining camp, to the rise of the Copper Kings, and everything in between.

Without the help of our many generous sponsors, Evel Knievel Days would not be possible. Whether local or national, we ask that you look to these sponsors first for the services or products they provide.

The 13th Annual Evel Knievel Days promises raw excitement, live music, captivating stunts and shows FREE for the entire family. For event schedule, raffle information, or to support financially please visit EvelKnievelDays.org.

On behalf of the committee: 'Happy Landings' in Butte, Montana!! Get ready to be part of the action honoring a legend!

Sincerely,

Terri James
Happy Landings!

It’s my honor and pleasure to welcome you to Butte, Montana, the Richest Hill on Earth and the hometown of the greatest daredevil on Earth for the 13th annual Evel Knievel Days festival. Get ready to experience a unique weekend of world-class entertainment filled with stunts, extreme sports, music and fun in the one-of-a-kind setting of our historic uptown and in tribute to our most famous son.

Evel was so proud of this place and he truly relished these three days in July when he could showcase the town he came from along with some of the best talent and acts in motorcycle stunts and extreme sports. This festival was his gift to Butte and a way for his legend to live on in celebration.

Please enjoy your stay and take in not just the festival, but also some of the other outstanding things Butte as to offer – amazing architecture, intriguing history, awesome food, drinks and hospitality and the breathtaking scenery and outdoor recreation Montana is famous for. I wish you well and hope you have a time so great that you won’t be able to wait to come back and visit us again!

Yours truly,

Matt Vincent,
Chief Executive
Butte Silver-Bow

Dear Friends,

Welcome to Butte, America, home of legendary daredevil, Evel Knievel.

Evel Knievel Days, now in its 13th year, was created by Evel himself as a gift to his hometown and his fans. Evel wanted to bring world-class entertainment to Butte – and Evel Knievel Days continues to live up to the legendary daredevil’s vision.

Evel envisioned a show that got bigger and better every year – and thanks to hundreds of volunteers, dozens of world famous performers, and the people of Butte – Evel’s dream continues to come true. During your visit, expect to see performances that most people only see on TV or in movies. Organizers and sponsors have made sure there is entertainment for everyone, no matter how old you are or whether you’re more into Harleys or skateboards. Some years, folks even see a United States Senator cruising the Evel Knievel Loop on a hog and rock stars dining at local restaurants.

For those of you visiting from outside Montana or outside the United States, I hope you enjoy our great state. Butte is a one-of-a-kind place with some of the best and most fascinating people you’ll ever meet. Please remember to support the sponsors who make this event possible and kick a few dollars into the donation bucket. Your generosity will help Evel Knievel Days grow even bigger next year and beyond.

Many of the entertainers here credit Evel Knievel for inspiring them to perform and reach for greatness. I hope Evel Knievel Days inspires you to keep coming back.
Keep the rubber side down and Happy Landings!

Sincerely,

Jon Tester
United States Senator
Established 1938

Wherever the Seattle Cossacks ride, people watch and wonder in fascination, waiting for the next man to climb higher. No ropes, no props, no skyhooks, no gimmicks - they just climb. How can they do that on motorcycles? The crowd bursts into cheers and applause as the team glides past.

It began in the 1930’s with a group of racers and hill climbers who developed stunts to entertain themselves between events; entertaining fans came later. The first organizational meeting took place in January 1938 with a group of Seattle racers, riders, delivery personnel, businessmen, and other interested folks. By April they had a formal organization and a set of by-laws that included "to entertain and promote the positive image of motorcycling" (the emphasis on promoting rider safety came later) but what to call themselves? Russia's cavalry members, the Cossacks, were known the world over for their masterful horsemanship, and bikes were often called "Iron Horses" in those days.

Formal practices began and by the end of 1938 the group was well-known in the Seattle area. They disbanded temporarily during World War II, since many members were young men who went to serve their country, and reorganized in the spring of 1946.

www.SeattleCossacks.com
We still ride vintage Harleys of the 30's and 40's. The oldest is a 1930 VL and the newest a 1949 45 CI. There are 74" and 80" VL's, UL's, and 45's, and 61" and 74" Knuckleheads. All bikes are stock except for the handlebars, which are late-50's Flanders, these great old bikes are sturdy and stable enough to bear the weight of multiple riders.

Prospective riders must be sponsored by a team member and are required to own and maintain their own motorcycles. Attendance at all practice is mandatory. New riders spend one year as rookies, riding in drills and progressing to stunts, at the close of that year they are either voted onto the team or asked to ride another rookie year. Riders possess no special physical characteristics, though some work out to keep in shape. The most important attribute riders need is the ability to control their "iron horses" during performances!

Experience on the current team is extensive and impressive, and contributes much to the group's cohesiveness. One member has devoted 40 years to the Cossacks; 2 others have over 30 years each and the remainder have 1 to 24 years experience. Current members are from 27 to 78 years old, and the roster has included brothers, as well as fathers and sons. We perform in about 20-30 shows each year, ranging from small town festivals to Worlds Fairs & National Motorcycle Rallies. We plan to entertain and promote a positive image of motorcycling & motorcycle safety for many years to come.

For Seattle’s Moneta, the only constant has been the dedication and passion for the music. Since formation in late 2007, the band has weathered member changes, illness, personal struggles, record label shakeups, and finding a way to stay relevant into the growing void of the once plentiful (now declining) music industry.

Aptly titled, “The Only Constant,” Moneta’s latest album presents the boldest move yet from a band so steadfast in purpose. The band’s trademark pop hooks are still evident, but their sound has definitely matured into mainstream rock anthems. “We wanted to create something timeless not only for our fans, but for ourselves as well” says drummer, Leo Martin.

This time around, the band enlisted the services of acclaimed producer Jim Wirt (No Doubt, Incubus, Jack’s Mannequin) to helm the console at the famed Robert Lang Studios in Seattle. Lead singer, Jordan Thompson, having worked with Jim before, helped make the connection. “We knew that by bringing Jim in to work with us at Lang’s that we’d have the potential to capture something great, and I really think that we did,” says Thompson.

The new album was narrowed down to the 14 strongest cuts and the band got to work in the summer of 2013 at Robert Lang. “After Jim was done, we wanted to turn the record over to an objective set of ears that wasn’t there for the whole process” Martin adds. “We wanted someone to be able to take the best parts of what we’d laid down and make them shine without bias.” After a lengthy search, the band settled on Casey Bates (Pierce The Veil, Memphis May Fire, Portugal. The Man) to mix the album. Guitarist and main songwriter Michael Rapson says “Casey’s track record and skill level were exactly what we needed to complete this record.”

With a powerful new modern rock record in hand, the future of Moneta seems uncertain, but promising. With sweeping changes throughout the music industry in the internet generation, it seems like it’s only going to get worse before it gets better. But there are some bright, hopeful spots. Fellow locals like Macklemore have blazed the trail for a new age of successful independent artists. One thing you count on, though, is that Moneta will persist.
BLACK FLAG is an American band formed in 1976 in Hermosa Beach, CA, by guitarist, primary songwriter, and sole continuous member Greg Ginn. Their discography includes seven studio albums and two live albums. The band has released all of their material on Ginn’s independent label, SST Records beginning with 1981’s Damaged. New vocalist, Mike Vallely, who previously sang with the band as a guest vocalist in 2003, and most recently collaborated with Ginn in Good For You (a band they formed together) is the band’s fifth vocalist.

BLACK FLAG is currently recording new material for a future studio release and will be touring throughout 2014 on their VICTIMOLOGY TOUR.

A full slate of events is planned again this year with activities, games and rides in the expanded Kids Area. The Kids Area will run July 24-26 from noon to 6 p.m.

Redline Sports is sponsoring the Kid’s Motorcycle Experience on Thursday the 24th. Kids will learn about bike safety and they will be able to ride a motorcycle through an obstacle course.

New this year is a Kid’s Knievel interactive History Area, where children can experience and learn about the life of Evel Knievel, and his hometown of Butte. July 24-26

Extreme Canine Stunt Dogs will perform several shows during Evel Knievel Days. This audience interactive show is the nation’s most popular dog act, and has been featured on The Tonight Show, Animal Planet, Ellen, Queen Latifiah, and Oprah. All of these amazing dogs have been rescued from pounds and shelters. July 24-26

Also, for kids of all ages, Alchemy Indoor Skate and Education Center out of Tacoma, Washington will be providing free skate lessons for beginners, intermediate and advanced skate boarders. Alchemy Indoor Skate Park and Education Center is a non-profit organization that is dedicated to improving the relationship between skateboarders and the greater community. “We believe skateboarding is a fun, safe and constructive activity for all ages.” July 24-26

Bounce off the Wallz, a local business owned and operated by Corey and Jennifer Plute will have a couple of bounce houses for them to enjoy! July 24-26

Big Ball Entertainment will be returning with their water balls for the kids to float on water with! Eurobungy is returning and they will have the kids flipping, soaring and defying gravity. July 24-26.
Bryan Spangler, son of long-time world famous stuntman, Spanky Spangler, has been performing daredevil stunts since he was 18. Being the son of a famous stuntman has afforded Bryan up-close and personal and behind-the-scenes access to death-defying stunts his entire life.

As he has grown up and performed stunts, both with his father and on his own, Bryan’s passion for stunts and his need to feel that adrenaline rush grows. To date, Bryan has performed live stunts to audiences of 100,000+ worldwide.

Impressively, following in his father’s footsteps, and stepping out on his own, Bryan has continued to enhance the Spanky Spangler brand and his own fame and notoriety as Spanky, Jr., performing dangerous stunts for such events as Monster jam, in such well-known venues as Texas motor Speedway, Charlotte motor Speedway, Reliant Stadium, EK Days and in the countries of Costa Rica, Panama, Canada and Mexico.

Bryan’s star is burning brighter and brighter with each new stunt performed, whether a free fall or jumping and crashing a car long distances. Stay tuned, Bryan may be crashing into your town soon — or into your TV set.
TIM MONTANA AND THE SHREDNECKS

Butte’s own and Country music’s renegade band. Tim brings an unapologetically ‘in your face’ attitude to his music and his live show that has caused the Nashville community to sit up and take notice. As Tim puts it, “My music is a reflection of who I am.” And ‘who he is’ is a direct reflection of where he’s been. It was back in Montana, where Tim’s unique blend of rock and country found an enthusiastic following. Tim Montana and The Shrednecks are now based in Nashville, where he recently co-wrote “This Beard Came Here To Party” with ZZ Top’s Billy F Gibbons. The song became an anthem for the Boston Red Sox during the 2013 World Series.
Swoop Productions presents 3 days of the wildest and craziest Harley and sport bike freestyle show in the nation. The Boulder, Montana based company has been bringing the country the best in two wheel entertainment for over 8 years and is ready now to give their good neighbors from the south (Butte, Montana) an experience of a lifetime. 3 days, 9 shows, and lots of blown up tires. Swoop brings you riders from across the nation from New York to St. Louis. These riders on their iron steeds and metric battle weapons are ready to let it all out for Evel Kenivel Days 2014. Let the mayhem begin. FMI: Swoop Productions website, video, Facebook.
**THE 7-INCH DAREDEVIL** is a vintage Evel Knievel toy that performs demonstrations and displays followed by a ramp-to-ramp jump. All shows contain a positive message of overcoming adversity.

**AARON “WHEELZ” FOTHERINGHAM** is a 22-year-old wheelchair moto-cross athlete from Las Vegas, Nevada who has won a few BMX free-style competitions, including the 2005 Vegas AmJam BMX finals. Aaron was born with Spina Bifida, a birth defect of the spinal cord, which resulted in him having no usage of his legs, but that never stopped him. He started riding skate parks at the age of 8 and never looked back. He's currently riding with the Nitro Circus Tour.

**BRYCE HUDSON** is currently on Nitro Circus tour and won an X Games gold.

**CHRIS CLARK** has been competing as a vert skater since 1987 and is currently ranked in the elite top 10 of his discipline. He has been a leading figure in the Action Sports world over the last 10 years. He has been featured in skateboard magazines such as Transworld, Thrasher, Juice and Big Brother. Viewed by millions on ESPN’s X Games, NBC’s Gravity Games and AST Dew Tour, CBS at LG Action Sports World Tour, MTV’s Sports and Music Festivals, VH-1’s Eminem Ultimate Albums, FOX’s 54321 and FUEL TV’s Daily Habit.

**ALCHEMY INDOOR SKATE** and Education Center is a non-profit organization based in Tacoma, WA, that is dedicated to improving the relationship between skateboarders and the greater community. The goal is simple: to provide a free, dry, and safe place for local skaters to skate and develop their athletic, social, and educational skills.
Freestyle Motocross: “Cowboy” Kenny Bartram is, quite simply, the winningest freestyle motocrosser in history: 10 time X Games and Gravity Games Medalist, Dew Cup Champion, WFA Big Air and Freestyle Champion, Van's Triple Crown Champion; and also a decorated rally car racer who has been featured on national TV shows and movies.

Welcome to Butte!
Enjoy the Festivals & all of the wonderful sights our city has to offer!

EVEL KNIEVEL DAYS • 2014 • 17

Unbeknownst to him, at the ripe age of ten, an inquisitive Gregory E. Carpenter, with nothing but a lighter, an abandoned car and a love of fire, set out to create the man that would become Dr. Danger! A true stunt gypsy road dog, Dr. Danger spends most of his time on the road living life in the trenches and getting as much out of each and every day. He’s a father, a believer, a songwriter, a mechanic, a bus driver, a dishwasher, and an eternal optimist. Dr. Danger has spent the last 24 years performing live daredevil stunts at racetracks, speedways, and monster truck shows across the country. A child of the 60’s, Carpenter was born in Sacramento, California, where the entertainer in him soon came shining through. Instead of putting on plays in the back yard like most kids, he and his two sisters had a family favorite game, “Howdy, Partner!” It started with an ironing board. They would take turns sitting at the ironing board as if it were a saloon bar, one would walk into the saloon, give a slap on the other’s back and say, “Howdy, Partner!”, and then the stunt fighting would begin!

CIRCUS UNA
This ALL-FEMALE, DAREDEVIL TRIO roars through the air! The motorcycle, trapeze artists and rider impossibly balanced upon a thin wire! The finale - a complete 360 revolution around the wire - has to be seen to be believed! This hot, one-of-a-kind motorcycle thrill shown has been featured in America’s biggest biker events and music festivals. Able to perform multiple shows in a day, this act delivers all-day excitement. Covered in leds, the bike lights up the night sky.

DEREK COOK
I have been riding since I was two years old. My dad raced three wheelers when I was growing up so naturally he bought me my Suzuki 50 three wheeler when I was two years old. That’s pretty much how I got started. I got my first dirt bike in third grade and my first race bike when I was 11 years old. My mom and dad took me to all the races and helped me as much as they could but racing was expensive. Long story short - I started jumping ramps when I was 21 and hooked up with Kenny Bartram and Chuck Carothers and they helped me a lot with my career and we are still good friends. Along with Bryan Dowdy, I have an awesome wife that I have two little girls with that love to hang out and go watch me ride and go to shows. They are the best kids ever.

DR. DANGER

LEVI RENZ
Butte’s own Levi Renz, son of Lori and Tom, is making his FMX debut this year at Evel Knievel Days. He is just 18 and has never performed in a show before. He says that he is thrilled and nervous to have his first performance be with some of the world’s best, but even more excited to be performing for his hometown of Butte! Good luck Levi, we are proud to have you!

JOHN PARKER [STUNTMASTERS INC.]
[BMX] John has competed at the X-Games 11 times since its inception, taking home four medals. He won the MT V Sports and Music Festival twice, earned a gold at Gravity Games, and won numerous ASA World Tour events. Legendary Emcee Gary Laurent will also be the announcer for John Parker.

JONNY HARNISCH [STUNTMASTERS INC.]
Been riding BMX for about 8 years, and its still the biggest influence on who I am today. Every day I wake up and the first thing on my mind is riding, always has been, always will be.

EDDIE BRAUN AND THE SKY CYCLE/ROCKET
Eddie Braun is an experienced Hollywood stuntman. “What made him become a stuntman is when his father took him to an Evel Knievel jump in California back in the 1970s,” Record said. “He met Evel Knievel and Knievel put his arm around him and said, ‘Hey, listen kid, no matter what happens don’t let people tell you can’t do something. Make your dreams come true.’”

KAMAKAZIE KID
The Kamakazie Kid, aka Levi Troutman, Wyoming’s only DaReDeViL the KaMaKaZiE KiD has been doing stunts such as breathing fire, body burns and suicide car explosions for 5 years now.
