Subject: Re: (no subject)

I am looking forward to meeting David. I know we are well pleased to have him. And unfortunately I have to wear some of the soup that spilled with the Odum hire.

Competitor or not, a friend is always a friend. I will be in touch with Mike and we can visit some farms.

The horse industry has been suffering for the past 3 1/2 years. Some of it is deservedly so. Of the 5 best farms in KY 3 are Arab, One is Irish and Lanes End (former St. James Court Ambassador Farrish) is the other. Even Three Chimneys (Robert Clay, direct descendent of Old Henry) is suffering.

However, the fences still stand, the stallions still breed and we can make it a fun time and commiserate. BTW in 07 43,000 foals were born, 30,000 in 10 and the forecast is 27,000 for 11. That may help with establishing a workable economic situation. But the popularity of the sport is still waning and we have fiefdoms everywhere. Also it is a case where all too often selfish interests stop progress.

I'll be in touch. All the best and say hello to Sherry.

We work very hard on our orders and this was an important case that required (and deserved) considerable attention. Thank you.

Bob is seasoned enough to know you don't try your case in the news papers. In fact, I bet he could have written my news release and I could have written his.

I lost a lot of faith in Bob with the Odum hire - a very pleasant lady but not right for that spot at that time. More recently, he has been able to land a stellar former colleague of mine who will pay his way from day one. David always embarrassed me: I never got there earlier than he did or stayed later than he did. His integrity and utility knowledge are excellent, but his rare skill is seeing the broadest view of things and how it all fits: perfection - no, he can be long winded, but I look forward to working with him in his new role.

October should be possible. I don't know if you are still talking to Reed now he has become a competitor but he is still my friend. While I enjoy the track, one thing Sherry and I would especially delight in is a tour of the horse farms. Anyway, let's try for a day together with some 100 point bottles whatever we do.

David;

Thank you for a thoughtful, judicious and balanced order. I was quite happy management did not offer any negative comment and fully acknowledged the continuing need to move forward. I am proud of this teams progress, still unhappy with previous administration and striving for better.

What's chances of seeing you in October? We head back to KY this Friday and will be their until Nov. Still want to get you to the NW. There is a new Chukar release program and 2011 could be a good year.

Dennis sent a generic note praising the Nipsco order and we chatted. He'd like to host us again and I suggested a tour of the horse farms as I can't think of a way it would pass muster for me to go to the track.

Dennis:

Got your msg, planned to call you tomorrow.

About the only window I have is the afternoon of Oct 28th through the morning of the 30th. Steff and I are committed to being in Richmond sometime the afternoon of Saturday, Oct 30.

Would have more free time but I (we) have a most demanding Chairman.

Hope to see you and Patty soon!

Mike

I have cc'd President Reed (he sort of purrs when you call him that and gets surly when you don't) so you will have his email address.

10/27-30 is a good window for us.

Btw, I don't have you in my contacts - would you send it again please?

Mine is blue. I don't think you looked closely enough at mine. It is signed on the bottom by Michael Schumacher (although his writing is distinctly similar to mine). Ok, I give, you got me.

Mike;

So now you got the big job, the big bucks, the big responsibilities. Gotta tell you David and I may be playing while you're slavin.

I'll work on horse tour in am and races in pm. Given that I think the 29th the traget. I hope you can get here for dinner the 28th. If that sounds reasonable I'll start firming it up.

Belated Congrats.

Dennis

Subj: Games On

Gentlemen;

Here's the plan for Oct. 29-30

I will arrange for a driver so we can all have fun. We have dinner reservations at Jonathon's at 6:45 Thursday(they are busy during races but promised a quiet table).

Friday morning John Greely our friend and partner from Wintergreenfarm and Stallion Station will escort you to a farm or two. We will definitely finish at Calumet next to Keeneland. It's the most famous, bred the most Derby Winners and has a fascinating (charm school word) history.

And of course races Friday afternoon.

Let me know where you will be staying and we can firm up logistics.

Looking forward to it.

Dennis

Spoke to David and he called Jon. He can attend race and farm tour on Fri. We decided not to include him on thurs dinner, giving six of us time. OK?

Just a thought. Should we ask them for dinner as well? I have a stretch booked so p/u and return is not a problem. For horse tour John Greely was going to use our SUV

Dennis:

Had a thought.

Commissioner Jon McKinney (WV PSC) and his wife own a condo in Lex and are big horse fans. He is a leader in the clean coal arena at NARUC and other industry groups. They are good friends of the Hardy's.

It occurred to me they might be good to invite to Keeneland while we're there. Might be of value to NiSource in terms of coal issues?

Thoughts?

Call when convenient, 317-412-5876.
