

Is your business overpaying its property taxes?

That is an inevitable question business owners ask themselves each year. With business expenses soaring and operating capital at a premium, property tax expenses can be your highest expense and a major burden to your bottom line. In this highly competitive economy, why should you pay more than your fair share?

The Appeal Deadline for your county is approaching soon. Call us today!

That's where we come in...

Innovative Property Tax Solutions is a full-service commercial/industrial property tax consulting firm devoted to providing the best customer service to our clients. Whether you are a busy business owner, landlord, or property manager, we have a solution for your business. From cost reconstruction, market studies, and income analysis to direct representation at state and local appeal levels, IPTS does it all.

Real Property Assessment Analysis

We will look at your property tax liability from a variety of valuation methods to determine savings opportunities for you.

Personal Property Assessment Analysis

We will analyze your personal property tax liability through a full tax review, inspection, and fixed asset analysis.

Property Tax Compliance

Need help with that filing? Don't understand abatement procedures? We have a full array of compliance solutions for your business.

And many more solutions...

We offer a variety of other property tax solutions to help save our clients precious operating time and money.

View our website for more details about IPTS & the solutions we can offer your business.
