

## **TRASH-TO-ETHANOL TECHNOLOGY**

**A plant in VERO BEACH, FLA., using technology similar to the Schneider plant, is expected online late in 2011.**

A map of the United States with state boundaries outlined in green. Three black dots are placed on the map to indicate specific locations. One dot is in the central United States, with a white callout box containing the word "Schneider" pointing to it. A second dot is located in the southern United States, and a third dot is in the southeastern United States. White lines connect these dots to their respective text boxes.

**Schneider**

**A pilot plant in FAYETTEVILLE, ARK., uses trash-to-ethanol technology similar to what is intended for the Schneider plant.**
