Re: Wheel Tax Facts

Date: October 15, 2015

The wheel tax imposed on vehicles will be imposed at the following rate:

Vehicles weighing two thousand pounds or less \$3.00 per wheel. Vehicles weighing 2001 pounds to 6000 pounds \$4.00 per wheel. Vehicles weighing over 6000 pounds \$5.00 per wheel.

The total wheel tax will not exceed 12 wheels or a total of \$60.00.

Licensing fees on pro-rate vehicles are not collected by the county and ARE NOT SUBJECTED to a wheel tax.

Regular vehicles ARE SUBJECT to a wheel tax. Registration fees start at \$27.20 per year and go up to \$146.00. An average vehicle weighs between 2,000 and 4,000 pounds.

Commercial vehicles ARE SUBJECT to a wheel tax and they pay a much higher rate of registration fees based on the tonnage of the vehicle and the load that they are carrying. The fees start at \$78.50 per year and go up to \$3,819.00 per year depending on the tonnage usage.

Motor Homes ARE SUBJECT to a wheel tax and they pay a much higher rate for registration fees based on the weight of the motor home. The fees start at \$77.60 and can go up to \$903.00 or more depending on the weight. Fees will increase on the motor home if it weighs over 50,000 pounds.

Trailer plates ARE SUBJECT to a wheel tax. Registration fees start at \$14.10 and go up to \$398.00 depending on the weight. Registrations increase in increments of 1,000 pounds. The rate will increase if the trailer weighs over 23,000 pounds.

Motorcycle & ATV rates ARE SUBJECT to a wheel tax. Registration fees are figured on the size of the engine on the motorcycle. Fees start at \$21.10 and go up to \$33.00.

Gross vehicle weight vehicles ARE SUBJECT to wheel tax. Registration fees for a pickup or truck weighing over 6,000 pounds start at \$86.00 and go up to \$2,281.90 the rate will increase if the pickup/truck with its load weighs over 85 ton.

Commercial trailer plates are charged a wheel tax only upon first issuance of licensing on the trailer. Those in use now WOULD NOT BE subject to a wheel tax. However these trailers must be pulled by a commercial vehicle or a vehicle licensed gross vehicle weight. They pay more money for the power unit in order to qualify for this plate.

Historical vehicles are charged a wheel tax only upon first issuance of licensing on the vehicle. Those in use now WOULD NOT BE subject to a wheel tax.

It is a fact that the current registration fee already includes the solid waste fee at \$.25 per wheel. All vehicles that are licensed in Pennington County are already in the state system with the number of wheels provided by the owner of the vehicle at the time of registration.

All wheel tax collected STAYS in Pennington County and IS NOT REMITTED TO THE STATE.

It is a fact that the question people are asking in regards to whether or not there is a wheel tax on the steering wheel of the vehicle the answer is NO.

Pennington County, SD Wheel Tax Fact Sheet

- <u>Fact 1:</u> Senate Bill 1 requires Counties to have a wheel tax in place in order to be eligible to compete for the Local Bridge Improvement Grant (BIG) Fund administered by the State.
- <u>Fact 2:</u> Senate Bill 1 requires Counties to have a 5-year plan for roads and bridges in place to be eligible for the Local Bridge Improvement Grant (BIG) Fund administered by the State. Pennington County has this 5-year plan in place and has utilized it for many years.
- <u>Fact 3:</u> Pennington County is not guaranteed to receive funding thru the grant program. Without a wheel tax, the County is not even eligible to apply for the funding.
- <u>Fact 4:</u> Pennington County residents are paying annually into the BIG fund thru the following: 1) the 6-cent increase in ethyl alcohol tax; 2) the 1% increase in excise tax on motor vehicles; 3) the 6-cent increase in motor fuel tax; 4) 20% increase in license plate fees and 5) noncommercial vehicles over 20,000 pounds to 70% of commercial rate.
- Fact 5: Implementing a wheel tax is intended to be revenue neutral for Pennington County. For the provisional budget in July, the Commission chose to increase property taxes FY2016 to fund the critical repairs and maintenance needed for the County road system. Ultimately, the Commission voted in September to cut \$2.2 million of property taxes out of the final FY2016 budget. Therefore, if the wheel tax is not implemented, Pennington County will be \$2.2 million short and will face increased costs of repairs in future years due to further deterioration.
- <u>Fact 6:</u> Implementing a wheel tax is a shift in revenues. Currently, the source of funding to support the County road system comes solely from property owners. If a wheel tax is implemented, the people who own vehicles that use the road system will now pay to fund the road system. A wheel tax would shift the revenue from being paid by property owners to being paid by vehicle owners thus a 'users fee'.
- <u>Fact 7:</u> If Pennington County does not maintain its road system, local municipalities could see an decrease in the number of people who come to their cities to purchase their goods and services. Economic impact to municipalities is derived from having roads and bridges capable of handing the traffic for goods and services and the individuals coming into a municipality to purchase them.
- <u>Fact 8:</u> SD State Law 32-5A-2 requires the wheel tax revenue to be used only for highway and bridge maintenance and construction. Wheel tax revenue cannot be used to support other County functions. Pennington County has 836 miles of roads, 139 bridges, 152 livestock guards, 3,222 culverts and 11,948 traffic signs which need continuous repairs and maintenance.
- <u>Fact 9:</u> If a wheel tax is not implemented, an estimated \$1.6 million dollars of Pennington County dollars will be donated annually to other Counties instead of being kept locally and used to fix Pennington County roads and bridges. Pennington County will look at property taxes, their only source of revenue, to make up the deficit and have enough funding to maintain the road system to ensure public safety.
- Fact 10: All wheel tax collected STAYS in Pennington County and IS NOT REMITTED TO THE STATE .
