

Discover treasures gathered from the most prestigious estates in the area!

If you enjoy spending your spare time searching for antiques, coins and collectibles, and other treasures, you're not alone.

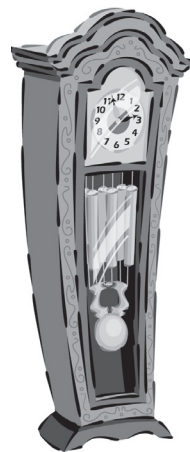

Watching shows such as "Antiques Roadshow," "Pawn Stars" and "American Pickers," people are taking heed of their tips and digging for treasures in their own back yards. They're also taking note of the price of gold and selling their gold items to area antique stores, flea markets and pawn shops.

These stores are the ideal place to find furniture from a range of time periods, pottery, prints, books, hats, price guides, figurines, jewelry/jewelry boxes, toys, coins, glass, fishing equipment, home accessories, china, stemware, baking dishes, silverware,

doilies, linens, tools, and much more.

Some items are in new or gently used condition, and others may need a little work to be usable again. A popular trick is to buy an item that needs a few parts, fix it up, and sell it on eBay or another online marketplace for a profit.

Siouxland offers a variety of stores filled with treasures and trinkets to add unique touches to your home décor. You will also find many items that take you back in time, take a walk down memory lane and stop by these wonderful shops to check them out!
