

# HOROSCOPES

**THURSDAY, JULY 16, 2015**  
**CANCER** (June 21-July 22) -- Unresolved personal problems will prey on your mind. Stop procrastinating and deal with matters in a timely manner so that you will be free to move on to more enjoyable pastimes.  
**LEO** (July 23-Aug. 22) -- Generosity won't work if you are trying to buy love or friendship. If you pay your own way, you will discover that others will be content with your entertaining conversation.  
**VIRGO** (Aug. 23-Sept. 22) -- Your dedication to a worthy cause will bring you acclaim. People you may not have met through regular channels will recognize your value and determination.  
**LIBRA** (Sept. 23-Oct. 23) -- Pay close attention to any changes going on around you. An unsettled personal or professional situation will work to your benefit if you don't hesitate to act.  
**SCORPIO** (Oct. 24-Nov. 22) -- New horizons are opening up for you. Unfamiliar venues and new experiences will stimulate your creativity and inspire you to start something meaningful and exciting. Keep moving forward.  
**SAGITTARIUS** (Nov. 23-Dec. 21) -- Your kindness will bring unexpected favors. Do what you do best and strive to make improvements that benefit everyone in order to gain respect and popularity.  
**CAPRICORN** (Dec. 22-Jan. 19) -- Keep an open mind. A spur-of-the-moment decision will bring new opportunities. If you trust your intuition when faced with an unforeseen choice, you will rise to the top.  
**AQUARIUS** (Jan. 20-Feb. 19) -- You can remain in control if you don't give in to pressure tactics. Others may have an alternate agenda. Make a professional change when the time is right for you.  
**PISCES** (Feb. 20-March 20) -- Marketing your skills will be worth the effort. Networking with individuals who have relevant experience will give you insight as to how to move forward. Don't be afraid to ask for advice.  
**ARIES** (March 21-April 19) -- Don't be intimidated by what you think you can't do. With careful planning, you will advance. Precision and a positive attitude will take you far. Make celebration and romance your reward.  
**TAURUS** (April 20-May 20) -- You won't get the recognition you deserve if you don't talk about your discoveries, accomplishments and plans for the future. Honesty coupled with a solid plan will lead to success.  
**GEMINI** (May 21-June 20) -- Take the initiative, or you'll miss out on advancement. If you want something, you have to go after it. If you are proud of your accomplishments, you will be rewarded.
