

June 7, 2012

Dr. Rita Teal  
Acting President  
SC State University  
300 College Street, NE  
Orangeburg, SC 29117-0001

Dear Dr. Teal,

This letter is formal notice of my resignation from South Carolina State University as Vice President for Institutional Advancement, effective June 30, 2012.

My tenure as VP of Institutional Advancement has been the most challenging and thrilling of my career in fundraising. The numbers produced by the Division during this period affirm that unprecedented progress has been made in actual private dollars raised and alumni support of University activities. Further, we've developed the infrastructure necessary to continue best practice techniques in university development and are prepared for a major capital drive. I'm thankful for the opportunity to improve my skills and contribute to a stronger SC State University. My desire is to now pursue more personal goals in broader areas of university administration.

During the remaining days of this month, I will revisit the department's strategic plan such that activities requiring lead time and preparation will be accomplished on schedule. Also, to assure a professional transition and keep current initiatives on course, I recommend Mr. Gerald Washington, current Interim Assistant Vice President, be appointed as Interim Vice President until a new Vice President for the Division is announced.

The mission of South Carolina State University remains more vital than ever as it weathers unprecedented challenges now and in the times ahead. I'm proud to have been a positive part of sustaining the strength of that mission at the University.

Sincerely,

  
Anthony L. Holloman
