### Did you know?

Did you know that dental implants were in use thousands of years ago? **It's true!** The ancient Egyptians and the Incas of South America used hard shells or white stones carved to look like teeth. These early implants were hammered into place in an existing tooth socket. They have been found preserved in mummies from Egypt and Peru. **We've come a long way!** With excellent dental care from Dr. Strong, you will protect your teeth, look great, and feel even better. With dental implants, you can now keep your smile for a lifetime! We're here to help!
