Did you know?

Did you that medical anesthesia was discovered by a dentist?

It's true! In 1844, Connecticut dentist Dr. Horace Wells demonstrated that nitrous oxide could reduce the pain of tooth extractions, by volunteering to be the first test patient. He also worked with chloroform and ether, and opened the way for the use of anesthesia in medical procedures.

We've come a long way!

With excellent dental care from Dr. Strong, you will protect your teeth, look great, and feel even better. With dental implants, you can now keep your smile for a lifetime! We're
