### Did you know?

Did you know that early denturists in Italy were actually jewelers?

**It's true!** In Italy, jewelers made functional dentures as early as 1000 BC, by using gold wire to secure teeth in place, similar to a modern partial denture. However, the teeth often belonged to someone else, who had "donated" them, or even from pigs!

**We've come a long way!** With excellent dental care from Dr. Strong, you will protect your teeth, look great, and feel even better. With dental implants, you can now keep your smile for a lifetime! We're here to help!
