### Did you know?

Did you know that people once thought frogs could cure loose teeth?

**It's true!** Way back in 70 AD, the philosopher Pliny the Elder wrote that the cure for loose teeth was to tie a frog to your jaw! It must have been embarrassing for the patient, but think about the poor frogs!

**We've come a long way!** With excellent dental care from Dr. Strong, you will protect your teeth, look great, and feel even better. With dental implants, you can now keep your smile for a lifetime! We're here to help!

**A Call to Bandon area Knitters, Crocheters, Spinners, etc..**

When I learned that our local yarn shop, The Wool Co. is for sale, I found out that i want to become the person that owns it next. I only have a smidgen of the talent and knowledge about yarn that the present owners have, so I am hoping that there are enough of you out there who will want to spend 2-10 hours a week working in the store, mostly to be on hand to pass along your knowledge to customers.

The Wool Company is located now at 990 2nd St. S.E. Finding a new location may also be a part of becoming its owner, that and many things are up in the air at present. The most important of these for me is knowing that there are people who will wish to work there with me. The pay will be low, a store discount would be a part of it for sure, mostly I think we will all find that being around yarn and people who love yarn will be quite joyful.

Please phone or email me so we can begin to get acquainted.
