### Did you know?

Did you know that Queen Elizabeth I suffered from severe tooth decay?

**It's true!** In 1598 it was noted that she suffered from terrible toothaches, and the remaining teeth she had were black. The cause seemed to be her excessive use of sugar, which was a common problem among of the British aristocracy. If they just knew about toothbrushes!

## BHS student art featured at library during May

BANDON – May at the Bandon Library Art Gallery features the work of the Bandon High School art students. Under the direction of teacher Jen Ells, the grades 9-12 students at Bandon High encounter a wide range of historical and contemporary artists. The work of such artists as pop art painter Dean Russo become a jumping off point, giving the students great creative freedom while maintaining the discipline of the assignments. They work clay, paint on silk, and of course, draw and paint on paper and canvas realistically and surrealis-

tically. They make portraits and self-portraits; folk art and still life, abstract, and multi-screen, multi-color prints. Their work is interesting, original, often inspired.

There will be a reception for the artists at 4 p.m. Monday, May 2, in the Sprague Room at the Bandon Library. All month there will be a box in the gallery to collect votes for People's Choice Award. The winner will receive Prismacolor pencils and paper; all participating students will get drawing pencils. The show runs through May 31 during regular library hours.

# Relay for Life set for June 18 at BHS track

BANDON – The second annual Relay for Life of the Bandon area will be held June 18-19 at the Bandon High School track.

There are currently eight teams registered and others are encouraged to join in this important fundraiser. It's not too late to form a team or join a team for the event. Relay for Life is the American Cancer Society's signature activity to raise funds to fight cancer. Relay is an overnight walk-a-thon where teams of family members and friends come together to honor survivors, remember loved ones lost to cancer and fight back against the disease.

This year's Relay kicked off with a chili feed fundraiser in January and a Survivor's Social in April. Other events are planned up to the Relay event,

including the first Bandon Bark for Life from 10:30 a.m.-1 p.m. Saturday, May 21, at Bandon City Park, which includes a canine non-competitive walk, lunch, music and events. For information, visit [www.relayforlife.org/bark-bandonor](http://www.relayforlife.org/bark-bandonor) or call Nancy Fitch at 541-551-1561.

John Bacon serves as the Relay for Life South Coast Community manager. Working for ACS is more than just a job for Bacon. He has a special passion when it comes to the fight against cancer, as it took the lives of both of his parents. He has a heart for both those battling cancer as well as for those who come alongside as supporters and cheerleaders. Bacon is deeply dedicated to promoting a healthy lifestyle and loves to make people

smile whenever possible.

Teams are busy raising funds, which benefit cancer victims in Coos and Curry counties through the American Cancer Society. For more information on Relay or to sign up a free family and friends or business team, visit [RelayForLife.org/bandonOR](http://RelayForLife.org/bandonOR).
