

Regional Heart Hospital National Recognition

Looking for award-winning cardiovascular care close to home? Guthrie Robert Packer Hospital has again been named a top hospital in the nation for cardiovascular care and outcomes.

The Guthrie Cardiac and Vascular Center is dedicated to the prevention and treatment of cardiovascular diseases, from the most common to the most complex. With cardiac and vascular care at 14 locations in New York and Pennsylvania, you have access to this top-level care close to home.

February is American Heart Month... visit www.Guthrie.org/YourHeartAge to check your heart age and find out if you are at risk for heart disease.
