

Civano's Just for Kids Salsa

A couple of years ago my daughter and I were making salsa. She wanted to eat it but said it too spicy. We came up with this simple kid friendly recipe, in fact the addition of the sugar snaps was her idea.

Ingredients:

- 4 large tomatoes
- ½ sweet green pepper
- 2 springs onions
- 1 cup of sugar snap peas
- Fresh basil & cilantro
- lime Juice
- Salt

Method:

Put the tomatoes, onions, pepper, peas and basil in the food processor. Once chopped add a squeeze of lime and a pinch of salt.

Serve with tortilla chips – yum!
