

Tuesday April 5, 2022

Dear Blake,

I am writing to submit a letter of support for Rochi Estes. In the last several years I have had the privilege of officiating several Anaconda boys' basketball games. I have been very impressed with the discipline, sportsmanship, and respect demonstrated by the coaching staff and players.

Under the leadership of Coach Estes, the boys' basketball program has represented Anaconda High School with class and integrity. The community of Anaconda should be very proud of the program, its players, and coaches.

I would like to commend Coach Estes for his role in setting a positive example for his players. His teams always play hard and he always conducts himself with professionalism. His players follow his lead and approach the game in this positive manner.

As a referee, I have always enjoyed the opportunity to officiate Anaconda boys' basketball games. Coach Estes does a great job in his leadership of the program and always demands great sportsmanship by his players. There is no question that he emphasizes playing the game the "right way."

Sincerely,

Don Peoples
