

TOUGHER THAN TOUGH

Keep brome grasses and other beastly threats out of your fields.

IronGate® herbicide by UPL offers winter, spring and durum wheat growers protection against costly weeds and grasses, including bromes. A complimentary combination of active ingredients, a flexible application window and long-lasting residual control help ensure the protection you need will be there when you need it most to keep weeds from running rampant and wreaking havoc on your yields. Tough threats call for tougher control.
