

# Adoption of auto-steer and guidance systems on row crop acreage, 2001-19

Economic Research Service  
U.S. DEPARTMENT OF AGRICULTURE

Percent of planted acres using guidance systems

Note: Before 2018, guidance system adoption included auto-steer systems or light bar systems. Starting in 2018, guidance system adoption is only the use of guidance auto-steer; light bar system data no longer are collected because of minimal use.
