

Stuff of Legends

Cartographic Phantom

A community listed on a map that no longer exists on the ground.

Ghost Town

An abandoned town that still has the structures of the former community, but no one lives there. (Cue the tumbleweeds.)

Unincorporated Communities (UNINCS)

Recognized, named communities that are not officially incorporated. These places can become phantoms if the population shrinks. While most phantoms were once unincs, not all unincs become phantoms.
