

Duck Foot Parts

Header Precision Harvest Efficiency

- Award winning-farm innovation
- Quickly slips over existing tine, attaching to the reel pipe
- Further secured with unique clip system
- Fast and easy to install and remove
- Field tested and proven to reduce header loss
- Clears the cutter bar and feeds crop more evenly for better threshing
- Slower reel speed for less crop damage
- Increases ground speed
- Beneficial in soybeans, pulses, chickpeas, cereals, straight cut canola, among other crops
