'Gotham' Keeping It Weird

Candace Havens FYI Television, Inc.

If you stopped watching FOX's "Gotham" (Monday at 7 p.m.) after the first few episodes, you gave up too soon. It took the DC origins series about five episodes to find its groove, and it's been nonstop action ever since. The show has received a second season pickup, and executive producer Bruno Heller feels more pressure than ever to keep us entranced by this gothic world of heroes and villains.

On Monday's episode, the Ogre (Milo Ventimiglia) continues to break down Barbara's (Erin Richards) defenses, as Detectives Gordon (Ben McKenzie) and Bullock (Donal Logue) try to find her. The Penguin (Robin Lord Taylor) launches an all-out gang war sending the city into chaos. It's a dark, violent world that becomes more intriguing with each new episode.

"We like to do the unexpected - the strange, weird, comic and tragic," Heller says. "The great joy in working in this DC universe is there are unlimited possibilities for storytelling. We never lapse into procedural storytelling.

REASON

It's about a big, dark, vibrant and crowded city. This second part of the season, as we head toward the end, is going to be even more dramatic and scarier. But it's also funnier, and we're building to a big, big climax."

The show hit such a high midway through the first half of the season, that the network increased the episode order. "We have an embarrassment of riches," says Heller. "We have all these great characters and stories to tell about them. The gift of more episodes meant we could spend more time getting to know more about them. For example, Jada (Pinkett Smith, Fish Mooney) went on a very strange adventure that we would not have had time for, if we'd only done 16 episodes."

At the center of it all is the straight arrow, Detective James Gordon. "The evolution of the character is from a true believer," says McKenzie, "believing that he can fix everything in the right way by doing everything correctly, into a veteran who understands how to get things done, how to possibly serve the greater good. How do you get a good

outcome? Perhaps you have to do a bad thing. It's something that he will be struggling with for the entire series, keeping his morals roughly intact while working his way up the food chain in Gotham. So, an interesting journey."

McKenzie likes that the writers aren't afraid to take Gordon in a different way for the series. "We'll always be true, or try to be true, to the themes and the tone of a gothic warish world that is represented in the Batman story," he says, "but we will interpret these characters as we see fit and have them interact in all kinds of unexpected ways. We have to surprise the audience at every turn. The only way you do that is by giving them new things that they didn't know, new relationships and new windows into each character."

Along with scary villains and general craziness, there is romance on the show. "Gordon's relationship with Barbara (Erin Richards) has always been a difficult one," says Heller. "He was never a ladies' man. He tells that story himself. They were always a troubled couple. Sometimes,

even when there is a deep love, relationships don't work because they have two completely different agendas about life.

TV STAR

"Leslie Thompkins (Morena Baccarin) is someone who is made of much of the same cloth as Gordon," adds Heller. "She's an active, moral idealist. When they met, it was very much a meeting of minds. She has become very active in the crime-solving aspect of the show. Gordon is kind of a square, masculine kind of guy, and Leslie brings out a softer side in him. And she brings a feminine intelligence, while being incredibly strong and moral, to the proceedings."

There is a time in one of the final episodes where Barbara and Leslie meet. "I can't tell you much, but we will try to do the unexpected," Heller says.

As for the early notice of a second season pickup, Heller was already thinking about what comes next. "It's my job as showrunner to be chief cheerleader," says the executive producer. "It's my job to be optimistic about that sort of thing. I started the show with the assumption that would happen. It's a blessing and wonderful to get early. It didn't change the way we were doing things. With so many

Barbara Kean (Erin Richards) is a big part of a three-episode arc on "Gotham," airing Monday at 7 p.m. on FOX.

stories, we have to plan way in advance. We already had a lot of plans and notions about season two that we can now start making concrete."

McKenzie is a little more forthcoming, but not much about what to expect in these final episodes. "After a threeepisode arc involving the Ogre, there is kind of an epic season finale that really pushes us strongly into a season two that is extremely chaotic," says

the actor. "The best way I can describe it without giving too much away is you're really starting to see the downward spiral of Gotham as a city towards the ultimate anarchy that will manifest and result in all these masked vigilantes roaming the streets. You're at the tipping point here on the season finale, and I think it's going to kick us into season two with a literal bang, almost."

'Nurse Jackie' Struggles to Regain Her Position for Last Rounds

Dan Rice

FYI Television, Inc.

Everyone's favorite flawed healthcare provider, Jackie Peyton (Edie Falco), is now in real need of healing herself, at least in regard to her career. Following her failed flight from justice and car crash while under the influence, she suffered through withdrawal from opiate addiction in a jail cell, followed by the relatively easy ride of sedated detox. Now she's clean and sober, but realizing what she wants and needs the most - the return to the nursing profession at All Saints - may be the most elusive high of all as "Nurse Jackie" airs in its seventh and final season, Sunday at 8 p.m. on Showtime.

After a humiliating and very public dismissal by Akalitus (Anna Deavere Smith), Jackie hired a hot-shot attorney (Mark Feuerstien, "Royal Pains") to get her job back, but to pay his exorbitant retainer fee she was forced to sell prescription drugs she lifted from an overmedicated

home-healthcare patient (Leslie Uggams) she'd been caring for. Lawyered-up, Jackie is conceded a nurse's aide position until her nurse's license goes under review, but that's under a strict Diversion Program requiring daily urine screens and no contact with patients or medication. Akalitus is intent upon seeing Jackie either fail or give up, assigning her such menial tasks as cleaning exam rooms and moving dead bodies, and enlisting a reluctant Zoey (Merritt Wever) to monitor her every movement. But if Jackie's determination to remain a nurse moved her to finally end her life-defining addiction, she's not about to let anyone else ruin it for her.

What lies at the end of the road for "Nurse Jackie" is a matter of uncertainty for longtime fans of the Emmy-winning show, and they shouldn't necessarily expect a pleasant resolution, as executive producer Clyde Phillips ("Dexter"), for one, isn't a believer in happy endings. "No, I'm not," he stresses. "I'm a believer in

authentic endings. And I think that the end of this season is as authentic as it can possibly be and will be really satisfying to the viewers.

"I think that had we been renewed for another year, we could have delivered a terrific year. That said, when we got the phone call from David (Nevins, president) and the others at Showtime that this would be the final season, it made sense in a way. We had told the up and back story of addiction and of trust and of love and of consequence, and of the shrapnel that a drug addict has inflicted upon her colleagues and her family and her friends in about as many ways as we possibly could. And I think that we're ending in a graceful and authentic way this vear."

For series star Falco, her realistic portrayal of a functioning addict has, in a larger sense, logically run its course, and she has noticed how viewers' perception of the character has evolved over the years. "I think it's changed," she says. "I mean, I don't have a real bird's

eye view of people's experience of the show, but from the things that I've heard, you start out rooting for her, and then you start understanding why it gets harder and harder to do so as her behavior becomes more and more despicable."

Falco allows that the longtime role may have also altered her own perceptions about addiction.

"I have known and loved many addicts in my life," she discloses, "and it is a frustrating and no-win proposition. And it has been very interesting to be on the other side of it, to kind of get a taste of what kind of what misery they must have to go through really, being at the mercy of something that's bigger than them. So, it's given me a lot more compassion for the people that used to just make me angry, they make me a little bit sadder now. I think that's probably a good thing, though it doesn't always feel good. But yeah, there's been a significant change in that."

The seven-season run of "Nurse Jackie" has allowed for the evolution of the supporting characters as well, which has made the experience all the more positive for Falco's coAfter her arrest, Jackie (Edie Falco) has to fight to regain her position at All Saints Hospital on "Nurse Jackie," now airing in its seventh and final season Sundays at 8 p.m. on Showtime.

stars. "I think one of the nice parts about being on a show for multiple seasons is that the writers begin to write for you," notes Wever, whose role as the perky and caring Zoey has always been a fan favorite. "I think they know that I enjoy doing physical stuff, the physically absurd possibly. So, they give me little nuggets of fun every so often, yeah."

But perhaps the actor who benefitted the most on a personal level from the extended character development is Stephen Wallem, the brother of show creator Linda Wallem who plays the kindhearted, gay nurse Thor. "Wow, it's been an incredible gift, because I've never had a role sort of custom-tailored to so many issues in my own life," he reveals "And then when they came to me in season two and said, 'How do you feel about incorporating your own struggles with diabetes and the fact that you lost your eyesight in one eye?' - I've never been faced with any sort of choice like that, especially to a worldwide audience. And it was an incredible gift I doubt I will ever get again quite like that.

TRIVIA CHAIN Laugh Along w/ LateNight

Marvel Cinematic Universe

1. In 2008, the Marvel Cinematic Universe media franchise released its first film, this origin story of a cocky industrialist who transforms himself into a superhero with his own defense technology.

2. MCU's second film follows a mild-mannered scientist used as a pawn in a military supersoldier program, in which a gamma radiation accident turns him into a belligerent behemoth.

The next character introduced by MCU is drawn from Norse mythology, here the crown prince of Asgard who is exiled to Earth for his arrogance.

4. MCU's next film goes back to World War II, when a sickly recruit is transformed into a super soldier and sent to stop a Nazi plan to use a powerful artifact.

5. For the next MCU release, the first four heroes are teamed together along with agents working for a top-secret counterterrorism organization.

6. Following a string of superhero sequels. MCU then introduced this misfit band containing a thief, an assassin, two bounty hunters and a mad warrior.

7. This summer brings the next new hero of the Marvel Cinematic Universe, a petty criminal enabled by a substance to greatly shrink in size while increasing in strength.

SOAP OPERA REVIEW

THE BOLD AND THE BEAUTIFUL

Rick shamelessly took credit for Forrester Creations' latest success. Fearing that Wyatt might be falling for Nicole, Liam warned his brother not to lose sight of their objective to oust Rick from the company. When Eric returned from his latest adventure, Rick had a heart-to-heart conversation with him about his future. Hoping to get closer to finding out Maya's secret, Liam asked Nicole out on a date. Brooke tried to talk Rick out of marrying Maya. Meanwhile, Maya vowed to come clean to Rick as soon as she got a commitment from him. Katie didn't like how Bill was encouraging his son to be deceptive. Nicole got a firsthand view of the Forrester family's lifestyle. Liam

and Ivy broke into Rick's office to get the goods on him. Wait to See: Pam and Charlie do some sleuthing. Rick shops for engagement rings. Brooke tries to talk Ridge out of a life-altering decision.

DAYS OF OUR LIVES

Adrienne told Sonny about her affair. Chad gave Will a new assignment. Kristen was stunned by her run-in with Brady. John arrived in San Francisco to make amends with Paul, but it didn't go as planned. Ben's legal situation had a surprising outcome thanks to Clyde. Clint lured an unsuspecting Theresa into a trap. Jennifer confronted Eve about her twisted feelings for JJ. Serena ran into an obstacle while trying to retrieve the diamonds from Daniel's apartment. A desperate Kristen did her best to keep Brady from uncovering her secret. Jennifer tried a more compassionate approach with Eve. A tense moment between Nicole and Serena turned into a physical struggle. Kristen made an unexpected confession to Brady and Melanie. Victor tried to undermine his marriage. Wait to See: Theresa realizes that she's walking into a trap. Adrienne and Kate have a major confrontation. Chad plants a kiss on Abigail.

GENERAL HOSPITAL

Carly and Spinelli searched Hayden's room for more details about her identity. TJ shared some disconcerting news with Shawn. Jake asked Julian whom he planned to take down. Right before a gunshot rang out, Jordan told Anna that she wanted out of the undercover assignment.

Finola Hughes stars as "Anna" on "General Hospital."

Kiki was starting to regret her actions. Sonny and Michael had it out over Avery. Sabrina discovered what happened to Michael. Later, Morgan and Kiki were forced to come clean to Michael. Duke was shocked to learn what went down with the hit. Anna had some probing questions about the shooter's identity. Hayden was shaken up after finding an armed man in her room. Nathan asked Silas why he was spending so much time in New York. Wait to See: Franco grows more suspicious of Nina. Sonny and Carly make an offer to Michael. Olivia experiences some worrisome labor pains.

THE YOUNG AND THE RESTLESS

Sage worried that Nick was putting the brakes on their relationship now that Sharon was in trouble. Dylan was determined to figure out who was framing Sharon. As Neil's trial began, he assured Devon that no matter the outcome, he wouldn't turn to alcohol to cope. Lily reminded Neil that Devon's testimony could make a difference in the verdict. Nikki's guilt continued to grow as Leslie questioned Christine on the stand. Ashley and Billy made a shocking discovery at Jabot. Jack promised Phyllis that he wouldn't do anything to jeopardize their future together. Victoria assured her father that she was fully committed to working at Newman Enterprises. Ashley feared that Jabot was vulnerable for a takeover. Gloria provided Chelsea with some words of wisdom. Phyllis encouraged Kyle to forgive his father. Wait to See: Hilary asks Devon for a second chance. Phyllis questions Jack's trust in Victor. Billy and Chelsea's wedding day arrives.
