Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366 Initiating Case Report - Ashland County OID

On August 15, 2023, at approximately 7:00 p.m, the Wisconsin Department of Justice, Division of Criminal Investigation (DCI), was requested to investigate an Officer Involved Critical Incident (OICI) that occurred in Ashland County. The OICI involved officers from the Ashland County Sheriff's Office and the Mellen Police Department. The incident resulted in the shooting death of Jay Allen Claremboux, DOB [REDACTED]. Ashland County made the request to DCI and it was determined DCI would lead the investigation.

The preliminary information provided to DCI included the following:

At approximately 6:00 p.m., the Ashland County Sheriff's Office Dispatch Center received a 911 call from a female reporting she was assaulted by a male subject with a knife (later identified as Jay Claremboux). The caller reported there was an ongoing domestic dispute between Claremboux and his girlfriend in a camper trailer on the property at 33695 N Foley Rd, Town of Morse, Ashland County. The caller said she was not near Claremboux at that time, but he was still armed with a knife in the camper trailer with his girlfriend and was threatening to kill her.

Ashland County deputies responded to the scene, along with a Mellen police officer. Deputies arrived and shortly thereafter, Claremboux was reportedly shot one time by Ashland County Sheriff's Sergeant Jason Janecek in the camper trailer.

DCI Special Agent in Charge (SAC) Michael Haverley spoke with Ashland County Sheriff's Detective Zach Pierce, who advised that Sergeant Janecek and a second deputy made initial entry into the camper trailer where the shooting occurred. Detective Pierce reported there may have been two additional deputies standing perimeter.

Claremboux was removed from the camper trailer where lifesaving measures were performed by law enforcement and EMS, but were unsuccessful. Claremboux was pronounced dead at the scene by the Ashland County Coroner.

The two female victim/witnesses were examined by EMS personnel on scene and found to have sustained superficial wounds caused by Claremboux with a bladed instrument. It was believed that one of the injured females was renting the camper trailer from the property owner. There were no reported injuries to any law enforcement officers on scene.

Ashland County District Attorney David Meany was notified and responded to the scene.

DCI Special Agents from the Eau Claire and Wausau Field Offices responded to the scene and to the Ashland County Sheriff's Office that night. DCI's Digital Evidence Specialist Ryan Kelleher and Crime Response Specialist Lisa Seidel also responded. DCI Special Agent Shawn Sutherland was assigned as the lead investigating agent.

The Wisconsin State Patrol Technical Reconstruction Unit responded to the scene to assist with scene mapping.

RECOMMENDATION

SA Sutherland is recommending this case be opened to serve as a repository for all DCI reports generated during this investigation.

Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/1

On 08/15/2023 Wisconsin Department of Justice, Division of Criminal Investigation Special Agent (SA) Maloree Zassenhaus and SA Lance Maske interviewed victim/witness [REDACTED] (F/W DOB [REDACTED]) at the Legion Memorial Library at 106 Iron Street, in Mellen, Wisconsin. The interview was audio recorded and began at approximately 11:00 PM.

SA Zassenhaus and SA Maske introduced themselves and their credentials were provided to [REDACTED] did not have any questions and offered to tell her version of events without being asked questions.

[REDACTED] stated she has lived on the property in a small cabin at [REDACTED], in Mellen, Wisconsin for one year. [REDACTED] (F/W DOB: [REDACTED]) and Jay A. Claremboux (M/W DOB: [REDACTED]) moved to the property approximately two weeks ago and are staying in a camper near [REDACTED] cabin. [REDACTED] and Jay have been together for at least 10 years [REDACTED]

[REDACTED] said both [REDACTED] and Jay use methamphetamine and alcohol frequently. [REDACTED] had also heard of possible use of heroin, but she has never seen that actually happened. She also knows that [REDACTED] is prescribed Vicodin and knows that Jay uses them and sometimes sells them.

[REDACTED] said she witnessed [REDACTED] drinking a beer early in the morning and [REDACTED] and Jay were screaming at each other. [REDACTED] stepped outside of her cabin and listened to them arguing. [REDACTED] was told in the past that Jay has puts hands on [REDACTED] so [REDACTED] said she listens to try to intervene if she hears him getting physical. [REDACTED] believed the argument between [REDACTED] and Jay in the morning revolved around [REDACTED] going to rehab soon and not leaving Jay with money or food. Jay was calling [REDACTED] a "cunt" and other things.

[REDACTED] said later in the afternoon, [REDACTED] offered [REDACTED] a ride to Ashland to get her prescription pills from the Medicine Shoppe. [REDACTED] agreed to the ride and Jay went with as well. [REDACTED] said [REDACTED] called her from Ashland at one point and was crying. [REDACTED] said something about Jay and then the phone went dead. [REDACTED] said she didn't think much of it. [REDACTED] then received a text from [REDACTED] that said, "now". [REDACTED] said she didn't know what it meant and saw their vehicle pull in the driveway a short time later.

[REDACTED] said she went in her house to put her dog away and saw big mark on [REDACTED] neck as she walked into her camper. [REDACTED] said she couldn't tell if it was a bruise or hickey, but it made her concerned. [REDACTED] said she went back outside and heard them in the camper fighting and Jay blaming [REDACTED] for getting their kids removed. [REDACTED] then heard a big scream out of [REDACTED] and she went in to see if [REDACTED] was okay. Jay was holding a large knife in his right hand with the blade facing out as [REDACTED] was behind him. The knife was described as a hunting knife with a straight blade and orange handle that [REDACTED] has never seen before. [REDACTED] said she was telling Jay he needed to leave and he continued to scream at her. Jay said [REDACTED] was not allowed to leave and that he'd kill her if she tried. Jay also said if [REDACTED] called the cops, [REDACTED] would be dead before they got there.

█████ said she then charged into Jay in attempt to grab him and to get █████ out of the camper. Jay swung the knife at █████ and cut her stomach. She said Jay stepped over top of █████ blocking her in. Jay swung two more times at █████ and said he would "gut" her if she kept coming at him. █████ said she believed Jay was keeping █████ hostage.

█████ said she then ran out of the camper and ran to █████ and █████ residence and told them to call 911 because Jay was going to kill █████. █████ then ran back to the camper and dialed 911 on her phone without Jay knowing. █████ said she held the phone down at her side, but could hear that the dispatcher had answered the phone. █████ said Jay would hurt her or █████ if he knew she called 911, so she pretended she wasn't on the phone. Eventually █████ said she left the camper and briefly spoke with the dispatcher. █████ showed up outside of the camper and was able to see inside the camper to make sure Jay didn't kill █████.

█████ said she then met with Ashland County Sheriff's Deputy Alex Petroski. Deputy Petroski had █████ call █████ phone and █████ answered the phone crying. Jay could be heard saying, "if you called the cops, I'll fucking kill her." Deputy Petroski had █████ her stay at the end of the road while he approached the residence with other law enforcement. Mellen Police Chief Larry Koivisto then requested █████ to approach the scene and get her dog out of the way. █████ said she put her dog in the residence and went to Deputy Petroski's patrol vehicle. █████ began calling █████ phone numerous times and eventually Jay answered. Jay was threatening to kill █████ while on the phone with Deputy Petroski. █████ said Deputy Petroski continually tried to calm Jay and tried to get him out of the residence so they could talk. █████ said Jay hung up the phone and would no longer answer the calls.

█████ said one of the officers then yelled that the camper door was open and all of the officers rushed to the open door. █████ said she heard them yelling "show me your hands" and "put your hands up" multiple times and then she heard a single "pop". █████ said she ran away as she didn't know what was happening and shortly after █████ was being walked out of the camper with a Deputy. █████ said she ran to █████ and they went to the end of the driveway where █████ kept saying "they shot him".

█████ said every time █████ would leave for rehab he would threaten suicide and she felt as though this incident was Jay's way out without committing suicide himself. █████ said she has never seen Jay like this before as he was stiff with bulging eyes and he was in an evil trance. She said he was out to kill, if not himself, then everyone with him.

SA Zassenhaus took photos of █████ injuries. Those photos were placed into the critical incident folder associated with this case and report. While photos were being taken, the recording was unknowingly stopped for a short time. The recording was restarted once it was noticed. █████ also signed a consent form for her cell phone to be searched. She described her cell phone as a TCL phone with no case and it has a circle magnet glued on the back. █████ said her passcode is █████. █████ also drew a layout of the property and a layout of the camper during the

interview. Those drawings were added to this report along with a copy of the signed consent form.

The interview ended on 08/16/2023 at approximately 12:15 AM.

SA Maske asked if anyone called ██████████. ██████████ said she couldn't remember. ██████████ said ██████████ or ██████████ was outside attempting to calm the situation down. ██████████ said Jay was yelling at him through the camper. ██████████ said she thought there might have been mention of a gun but couldn't remember specifically.

██████████ said Jay was threatening ██████████. ██████████ said Jay was walking between the bedroom and front door. ██████████ said Jay would walk back to the bedroom and block her from leaving. ██████████ said Jay would start crying saying that it was her fault for making him this way. ██████████ said Jay admitted it wasn't all her fault.

██████████ said the police arrived while Jay was keeping her in the back bedroom. ██████████ said when the police were outside, she could hear them saying that they wanted to talk to Jay and

asked him to come out. ██████████ said Jay appeared scared. ██████████ said Jay told the police to "get the fuck back". ██████████ said she did not try to make contact with anyone.

██████████ said Jay kept yelling at the police "you fuckers", "get the fuck out of here" and the police would tell Jay that they just wanted to talk. ██████████ said Jay told her to tell the police to lay off or someone was going to get hurt. ██████████ said she heard the police telling Jay to come out with their hands up. ██████████ said she got a phone call from the police after giving her number. ██████████ said Jay was yelling at the police on the phone and calling them names. ██████████ said at one point Jay said if the police didn't back off, he (Jay) would start cutting ██████████ fingers off. ██████████ said she got cut at some point but wasn't sure if it was between her fingers or her arm.

██████████ said the police came into the camper while she and Jay were in the back bedroom. ██████████ said Jay started walking toward the police with the knives in his hand. ██████████ said the police were telling Jay to put the knives down. ██████████ said she thought Jay started walking to the police, but said her eyes were closed. ██████████ said she heard the police tell Jay to "drop the weapon" and she heard a loud shot. ██████████ said Jay started falling backward and she was pulled away.

██████████ said once outside the police told her to go to the end of the driveway to get away. ██████████ said ██████████ saw her and they walked to the end of the driveway together.

SA Maske asked ██████████ if there was anything else SA's should know. ██████████ said there wasn't anything she could think of.

SA Zassenhaus had ██████████ describe the van. ██████████ said it was a light blue mini-van and they were parked near the handicapped portion of the Wal-Mart.

SA Zassenhaus questioned ██████████ if there was any other alcohol or drug use. ██████████ said beside the Fireball there wasn't anything else. SA Maske asked if there was any methamphetamine. ██████████ said not that she knew of. ██████████ said Jay used methamphetamine.

██████████ said she had her phone with her most of the time and said Jay threw the phone and it was between the bed and the wall in the bedroom.

██████████ provided SA's with the passcode for the phone and SA Maske completed a voluntary consent form for SA's to download the phone. ██████████ signed the form. SA Maske attached the consent form to this report.

Wisconsin Division of Criminal Investigation Case Report**Case/Report Number: 23-6366/5 Interview of Mellen Police Chief Larry Koivisto - 08/16/2023****INCIDENT**

Chief Koivisto advised he received the phone call from Sergeant Janecek on August 15, 2023 at 5:59 P.M. after reviewing his call records from his cell phone. Chief Koivisto stated that Sergeant Janecek told him there was some sort of incident involving a knife taking place at an address on N Foley Road. Chief Koivisto stated he began putting his duty gear on and turned on his radio. Chief Koivisto stated he radioed to ACSO Deputy Alex Petroski, asking if the situation involved a hostage. Chief Koivisto stated Deputy Petroski responded stating something similar to "I believe so." Chief Koivisto stated he arrived on scene approximately seven minutes later, as he did not live far from the scene.

Upon arriving on scene, Chief Koivisto stated he observed a male, later identified as Charles Schroeder, running on the road near the driveway of the incident. Based on the proximity of the male to the incident, Chief Koivisto stated he took the male at gun point and ordered him to the ground. Chief Koivisto stated the male complied and while getting on the ground, threw a large knife away from himself. Chief Koivisto stated he radioed to other Officers that he had one male subject at gunpoint. Chief Koivisto stated Deputy Petroski responded over the radio, advising that the male was not the suspect and could be let go. Chief Koivisto allowed the male to leave the area but secured his knife inside his squad in case it became relevant later on. SA Beardsley later asked DCI SA Shawn Sutherland if this knife was needed as evidence. SA Sutherland advised SA Beardsley the knife was not needed.

Chief Koivisto began making his approach on foot with his patrol rifle towards the residence from the driveway, when he encountered Deputy Petroski with one of the victims, identified as [REDACTED]. Chief Koivisto described [REDACTED] as having three distinct marks or cuts on her stomach area. [REDACTED] reported to Chief Koivisto, Deputy Petroski, and ACSO Deputy Austen Bowe who had just arrived, that Jay Claremboux was trying to kill her and was threatening everyone with a knife inside the camper. Chief Koivisto described [REDACTED] as in shock and talking extremely fast. Chief Koivisto believed there was at least one additional female still inside the camper.

Chief Koivisto stated the three of them briefly spoke about their approach to the residence. They all agreed their main priorities were to first establish a perimeter and attempt to make verbal contact with Claremboux. Chief Koivisto described the property as a "compound" that contained multiple campers and / or trailer homes and vehicles. Chief Koivisto stated they made their way down the driveway and walked towards an old trailer home on the left hand side of the driveway. Chief Koivisto stated that Claremboux was barricaded inside a camper perpendicular to that trailer home. Chief Koivisto stated he was near the back of the old trailer home when he heard Deputy Protoski say "drop the gun" from a nearby location. Chief Koivisto stated the male was later identified as Charles Schroeder, another resident on the property. Schroeder complied with Deputy Protoski's command to drop the gun, which Chief Koivisto described as a black, 20 gauge single-shot shotgun. Chief Koivisto stated he took the weapon from Schroeder and secured it.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/5 Interview of Mellen Police Chief Larry Koivisto - 08/16/2023

Schroeder advised Officers that he retrieved the weapon from [REDACTED] residence who also resided on the property.

Chief Koivisto positioned himself near a lawn mower and a large rock adjacent to the old trailer home. Chief Koivisto described the camper that Claremboux was in as directly across from his location. Chief Koivisto stated he could see from his position the front door to the camper, which he described as the "west side" of the camper. Chief Koivisto stated the door was partially open to the camper where Claremboux was believed to be inside.

Chief Koivisto stated he could hear law enforcement personnel attempting to communicate with Claremboux using a PA system and by telephone. It was Chief Koivisto's understanding that law enforcement personnel was also attempting to get a SWAT team and K-9 out to the scene as well. Chief Koivisto stated his primary objective at this point was to cover the door to the camper and maintain his position at the perimeter.

At some point while maintaining his position, Chief Koivisto switched spots with ACSO Deputy Steven Lipke. Chief Koivisto described this new position as the opposite end of the old trailer home, "near the back corner." Chief Koivisto stated this new perimeter position covered the camper's front and side windows where the suspect was believed to be. Chief Koivisto stated he could hear a female screaming and crying inside the camper and a male voice yelling statements similar to "Fuck you guys!" Chief Koivisto stated some of the statements were very muffled and difficult to make out due to where he was positioned. Chief Koivisto could also hear loud noises coming from inside the camper. Based on what Chief Koivisto witnessed up to this point, he believed that the female inside the camper was in danger.

Chief Koivisto stated that while in his perimeter position, he briefly saw Claremboux come to the front door of the camper, which was when Sergeant Janecek and Deputy Lipke began making their approach to the front door of the camper to make their entry. As the pair began making entry, Chief Koivisto repositioned to a truck that was parked adjacent to the camper. Chief Koivisto described the pair's entry as slow, tactical, and methodical. Chief Koivisto stated he believed the pair moved slowly and carefully due to the fact that Claremboux had just injured two victims with a knife. As the pair made entry, Chief Koivisto stated he could hear Sergeant Janecek yell "Drop the knife, drop the knife!" Chief Koivisto stated he next heard one gunshot followed by someone stating "Shots fired." Immediately after that, a female, identified as [REDACTED], was quickly ushered out of the camper. After [REDACTED] was outside of the camper, Chief Koivisto took her by the arm and quickly escorted her to the end of the driveway where [REDACTED] was. Chief Koivisto called for EMS to assess the injuries of both females. Chief Koivisto stated he did not visually witness any law enforcement personnel fire their weapon.

Chief Koivisto described [REDACTED] as hysterical. [REDACTED] told Chief Koivisto that Claremboux had cut her with a knife. Chief Koivisto observed an approximately three to four inch long cut to [REDACTED] left forearm that appeared to be bleeding. [REDACTED] also advised Chief Koivisto that Claremboux had also strangled her inside the camper.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/5 Interview of Mellen Police Chief Larry Koivisto - 08/16/2023

Chief Koivisto stated he made sure to keep [REDACTED] and [REDACTED] separate and asked them not to talk to each other about the incident until law enforcement could interview them. Chief Koivisto stated that after EMS cleared the pair, he transported [REDACTED] and [REDACTED] to the Mellen Library where they met with a victim advocate.

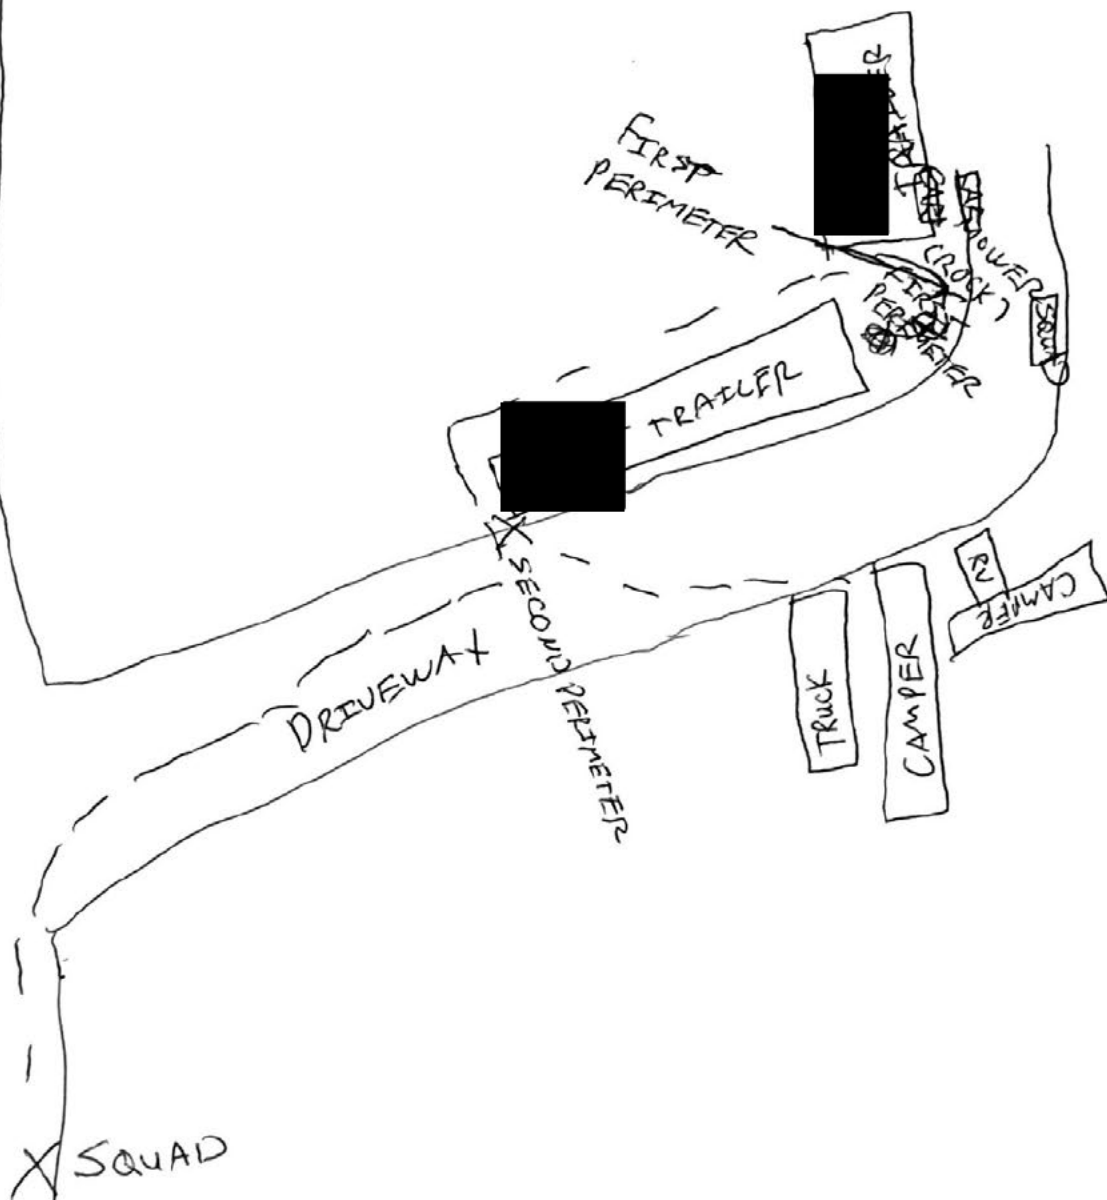

PRIOR KNOWLEDGE OF DECEDENT

Chief Koivisto stated he first saw Claremboux in town approximately two weeks ago. A few days after first seeing Claremboux in public, Koivisto identified him as Jay Claremboux. Chief Koivisto described conducting a traffic stop on a van that contained [REDACTED], [REDACTED], and Claremboux. Chief Koivisto believed the traffic stop occurred last Saturday, August 12. Claremboux was in the back seat of the van, while the two females were in the front. Chief Koivisto described Claremboux during the traffic stop as upset, rambling and very agitated. Chief Koivisto advised the traffic stop resulted in a citation to the driver and nothing more.

At the end of the interview, Chief Koivisto drew a rough diagram of the property, including where he parked his squad and his general movements on the property. The diagram has been electronically attached to this report.

The interview concluded at approximately 3:09 A.M.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/6 Uniform and Weapon Inspection of Ashland County Sheriff's Patrol Sgt. Jason Janecek - 8/16/2023

On Tuesday, August 15, 2023, the Ashland County Sheriff's Office (ACSO) and the Mellen Police Department (MPD) were involved in an Officer-Involved Critical Incident (OICI) at 33695 North Foley Rd, Town of Morse, Ashland County, WI. The OICI resulted in the fatal shooting of Jay Allen Clarendoux, who was shot by ACSO Patrol Sergeant Jason Janecek.

The Ashland County Sheriff's Office requested the Wisconsin Department of Justice, Division of Criminal Investigation (DCI) lead the investigation of the OICI.

On August 16, 2023, from approximately 12:13 a.m. to 12:50 a.m., DCI Special Agents Shawn Sutherland and Timothy Gensler conducted a uniform and weapon inspection of Sergeant Janecek at the Ashland County Sheriff's Office. Wisconsin Professional Police Association (WPPA) Business Agent Rich Burghaus was present during the inspection.

At the time of the OICI, Sergeant Janecek was wearing his department issued uniform which consisted of a black, long-sleeve uniform shirt and black uniform pants. His uniform shirt had Ashland County Sheriff's Office patches on both shoulders with a Sergeant stripe patch affixed below each shoulder patch. On the left chest he wore a gold Ashland County Sheriff's Office badge and on the right chest he wore a gold pin with his name "J. Janecek" on it. In the center of his chest he wears a Motorola body-worn camera in a mount affixed to his uniform shirt.

After arriving on scene, Sergeant Janecek donned a "chest rig" which is a multi-camouflage vest-like carrier. On the carrier there were four 30-round rifle magazines which contained 28 rounds, 29 rounds, 31 rounds, and 20 rounds respectively. Also on the carrier were two 17-round handgun magazines each containing 17 rounds. Additionally, Sergeant Janecek had a gray camouflage colored medical kit affixed to the right side of the vest with "JANECEK" in black letters on the front.

During the OICI, Sergeant Janecek wore the following items on his duty belt going clockwise from center:

- One (1) pouch which contained a canister of oleoresin capsicum (OC) spray.
- One (1) double handcuff case.
- One (1) Glock 17, Gen 5, 9mm handgun with a Streamlight TLR-1 HL tactical light, serial number BGMH636, in a holster.
- One (1) key ring holder.
- One (1) pouch which contained a Leatherman multi-tool.
- One (1) pouch which contained latex gloves.
- One (1) flashlight in a holder.
- One (1) portable radio with a lapel mic.
- One (1) double magazine pouch which contained two handgun magazines, each of which held seventeen (17) rounds.

Wisconsin Division of Criminal Investigation Case Report**Case/Report Number: 23-6366/6 Uniform and Weapon Inspection of Ashland County Sheriff's****Patrol Sgt. Jason Janecek - 8/16/2023**

Sergeant Janecek carried his department approved, personally owned, handgun, which is a Glock 17, Gen 5, 9mm with a Streamlight TLR-1 HL tactical light mounted on it. The magazine in the weapon carried sixteen (16) rounds and there was a single round removed from the chamber for a total of seventeen (17) rounds. Sergeant Janecek carried two additional handgun magazines on his duty belt and two additional handgun magazines on his "chest rig". All four of the extra magazines each carried seventeen (17) rounds. The ammunition was stamped "9mm Luger Speer".

Sergeant Janecek also carried his department issued rifle, which is a DPMS Panther Arms, .223-5.56 caliber, serial number FF 013186. The rifle had an Aimpoint red-dot optic mounted on top and a tactical flashlight mounted to the barrel in front of the forearm. There was one 20-round magazine inserted in the magazine well. Sergeant Janecek thought he had 18-20 rounds of ammunition loaded in the magazine at the time of the OICI.

Sergeant Janecek did not believe the Aimpoint red-dot was operational during the incident. Upon inspecting the optic, it was determined that the single battery compartment cap was not completely tightened, which prevented the battery from making the necessary connection to illuminate the red-dot. Sergeant Janecek surmised that over time, the battery compartment cap simply vibrated loose during everyday transport in his squad. Sergeant Janecek demonstrated that his front and rear iron sights on the weapon were visible allowing him to aim the weapon properly without the red-dot functioning. The weapon-mounted light was operational.

SA Sutherland removed the 20-round magazine from the rifle and ejected one unfired round from the chamber. The 20-round magazine carried sixteen (16) rounds for a total of seventeen (17) rounds. All of these rounds had a purple polymer tip and were stamped "FG 20 223 REM". Sergeant Janecek carried four additional 30-round magazines in his "chest rig".

SA Sutherland took four (4) photographs of Sergeant Janecek, which accurately represents the uniform and equipment he was wearing at the time of the OICI. SA Sutherland took seventeen (17) photographs of Sergeant Janecek's handgun, rifle, magazines and unfired bullets, which accurately represents what he was carrying at the time of the OICI. SA Sutherland archived all photographs in the DCI Critical Incident folder under this case report number of 23-6366/6.

ITEMS OF EVIDENCE

The following items were collected by SA Sutherland and SA Gensler at the conclusion of the weapon inspection:

- One (1) DPMS Panther Arms, .223-5.56 caliber, serial number FF 013186, with the empty 20-round magazine.
- Seventeen (17) bullets stamped "FG 20 223 REM" (16 from the magazine and 1 from the rifle chamber).

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/8 Receipt of digital evidence from DCI DES Ryan Kelleher - 8/16/23

Ashland County Sheriff Sergeant Jason Janecek's Body-Worn Camera files from OICI

On August 16, 2023, Ryan Kelleher, a Digital Evidence Specialist (DES) with the Wisconsin Department of Justice, Division of Criminal Investigation (DCI) obtained three audio/video files from the Ashland County Sheriff's Office. The audio/video files were downloaded from Ashland County Sheriff Patrol Sergeant Jason Janecek's body-worn camera, which he was wearing during his normal patrol shift on August 15, 2023.

When DES Kelleher acquired the three video files he determined only two of the video files were relevant to the Officer Involved Critical Incident (OICI), which resulted in the fatal shooting of Jay Claremboux. The third video file documented an unrelated call for service that Sergeant Janecek handled just prior to responding to the OICI.

During his preliminary review of the two video files, DES Kelleher discovered Sergeant Janecek's body-worn camera was deactivated for a large portion of the OICI. See SA Sutherland's case report number 23-6366/17 for his review of the video files.

Ashland County Deputy Alex Petroski's audio recording of OICI

On August 16, 2023, Ryan Kelleher, a Digital Evidence Specialist (DES) with the Wisconsin Department of Justice, Division of Criminal Investigation (DCI) obtained one audio file from the Ashland County Sheriff's Office. The audio file was downloaded from Ashland County Sheriff Deputy Alex Petroski's Olympus digital audio recorder, which he was wearing during his normal patrol shift on August 15, 2023. The audio file captured events that occurred during the OICI. See SA Sutherland's case report number 23-6366/11 for his review of the audio recording.

EVIDENCE

On August 16, 2023, DES Kelleher provided SA Sutherland a Kingston USB flash drive which contained the three audio/video files from Sergeant Janecek's BWC and the single audio file from Deputy Petroski's audio recorder.

Evidence Item 23-6366.1 - 32 GB Kingston USB flash drive containing the aforementioned files

SA Sutherland later submitted this item into temporary evidence storage at the DCI Eau Claire field office.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/11 Review of Deputy Alex Petroski's audio recording - 8/17/2023

Wisconsin Department of Justice, Division of Criminal Investigation (DCI) Special Agent (SA) Shawn Sutherland, reviewed an audio recording that Ashland County Sheriff's Deputy Alex Petroski obtained during the Officer Involved Critical Incident that occurred at 33695 N Foley Rd, Town of Morse, Ashland County, on August 15, 2023.

The audio recording is 48 minutes and 48 seconds in duration. The following is a summary of the recording and is not intended to be an exact transcript of the recording. Involved subjects mentioned in the report include the following:

██████████, DOB ██████████	(hereinafter referred to as ██████████)
██████████, DOB ██████████	(hereinafter referred to as ██████████)
Jay Allan Claremboux, DOB ██████████	(hereinafter referred to as Claremboux)
Jaysen M. Thorsen, DOB ██████████	(hereinafter referred to as Thorsen)
Edward J. Tafelsky, DOB ██████████	(hereinafter referred to as Ed)
Charles E. Schroeder, DOB ██████████	(hereinafter referred to as Schroeder)

The recording begins while Deputy Petroski is on scene and interviewing ██████████. Deputy Petroski asked ██████████ if Claremboux had a gun. ██████████ knew Claremboux had a knife with a "big blade", which was in his hand, but was unsure if he had a gun. ██████████ knew Claremboux and ██████████ were in the first camper on the right while proceeding up the driveway from the road. Deputy Petroski relayed the camper information to other officers over the radio.

A male subject approached Deputy Petroski and ██████████ on foot and spoke with Deputy Petroski. During that time, ██████████ answered a phone call from ██████████. ██████████ was attempting to get ██████████ location. ██████████ told Deputy Petroski, if Claremboux finds out the cops are there, ██████████ is "dead".

The male left on foot in an attempt to locate a male subject named "Ed" who was somewhere on the neighboring property.

Deputy Petroski can be heard speaking to Mellen Police Chief Larry Koivisto and eventually other deputies that arrived on scene. ██████████ returned to the exterior of the camper while deputies were talking.

██████████ returned to the deputies and told them Claremboux keeps saying if the cops are there he is going to kill ██████████. ██████████ told them Claremboux stabbed her ██████████ that night. She said Claremboux had ██████████ trapped in the camper and believed he was going to kill her.

Another male approached Deputy Petroski on foot and identified himself as Jaysen Thorsen. Another deputy can be heard talking to another male but eventually the deputies told them to leave the property for the time being.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/11 Review of Deputy Alex Petroski's audio recording - 8/17/2023

Deputy Petroski asked [REDACTED] to call [REDACTED] cell phone in an attempt to make contact with Claremboux. Deputies began to approach the camper to cover the doors and establish a perimeter around the camper.

Deputies made contact with another male on foot named Charles, who had a firearm. (Charles was later identified as Charles E. Schroeder.) Schroeder said he had the firearm for "self preservation" because "he" (Claremboux) threatened to stab him with a knife. A deputy recognized Schroeder as Ed's cousin and they directed him to put the gun down and he complied. Schroeder said it was "Chuck's" gun. They directed Schroeder to stand by [REDACTED]

Deputy Petroski spoke with the other officers to devise a plan. Deputy Petroski said he could hear yelling from within the camper, which can be heard on the recording. Sgt. Janecek was on scene and directed Deputy Petroski to drive his squad car up the driveway and park closer to the camper in order to utilize his public address (PA) system to order Claremboux out of the camper.

Deputy Petroski did so and began the announcements at the 17:21 mark of the recording. He identified himself as the Ashland County Sheriff's Department and requested Claremboux come out of the house with his hands up a few times, but received no response. Deputy Petroski requested Claremboux acknowledge him but Claremboux did not respond. Deputy Petroski announced they wanted Claremboux to come out so they could talk with him, but received no response. Deputy Petroski asked Claremboux if there was a cell phone they could call him on, but received no response.

Sgt. Janecek can be heard on the radio saying he can hear the female crying and the male yelling within the camper and believed they (law enforcement) had limited time to act. This was approximately 10 minutes into the time frame of Deputy Petroski's announcements. Deputy Petroski, again, announced directly to "Jay", come out and speak with them so they can work it out.

Moments later, Claremboux is on speaker on [REDACTED] cell phone talking with Deputy Petroski. Deputy Petroski identified himself as being with the sheriff's office and Claremboux stated, "I don't give a fuck who you are!" He continued to yell and say things like, "Shut the fuck up!" and "Shut your fucking lip bitch!" to [REDACTED]. Deputy Petroski attempted to talk Claremboux out of the camper in order to resolve the matter peacefully. Claremboux was extremely upset and would not comply with Deputy Petroski's requests for him to come out of the camper or send [REDACTED] out of the camper. Claremboux said something like, "Fuck you! I'll slit her throat!" and began counting "One, two". [REDACTED] can be heard crying in the background. Deputy Petroski told Claremboux to "Stop" and asked what was going on. Claremboux yelled, "Listen here motherfucker! You're going to shut your fucking lip!" and said something like, it was between him, her and her cousin. Deputy Petroski continued to ask Claremboux to come outside and talk with him and said this was a bad situation. Claremboux responded, "If you don't leave here, it's going to be a bad situation." Deputy Petroski asked Claremboux to send [REDACTED] outside but he said she wasn't going anywhere. Claremboux yelled that he was done talking and hung up.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/11 Review of Deputy Alex Petroski's audio recording - 8/17/2023

█████ attempted to call █████ cell phone two more times but he did not answer. On the third call Claremboux answered. He, in part, referenced something going on with his kids and █████ He said law enforcement can leave and let him deal with it or there will be dead bodies coming out of the camper. He said those are the choices and "Go fuck yourself you fat piece of shit" and hung up. This was at the 31:05 mark of the recording.

Deputy Petroski continued to attempt to make contact with Claremboux over the PA. Deputy Petroski was also updating Lt. Joe Eder by telephone, who was responding to the scene.

Deputy Petroski asked █████ what was causing Claremboux to do this and she said he recently had his children taken away from him.

At the 34:00 mark of the recording, Sgt. Janecek can be heard on the radio saying they haven't heard the female (meaning █████ in the camper for a while and felt they had to take action soon. Seconds later Deputy Petroski called Chief Deputy Nathan Deegan. Sgt. Janecek took the phone and began briefing Chief Deputy Deegan. During the call one of the deputies on the perimeter reported he could hear noises coming from within the camper and thought Claremboux may be actively assaulting █████ Deputy Petroski made an immediate announcement over the PA, again, ordering Claremboux out of the camper so they could talk.

At the 37:53 mark of the recording an officer announced over the radio, "He's coming". An officer can be heard saying, "Come on out", and then at 38:00 Deputy Petroski stated, "He just shut the door".

At 38:08 Deputy Petroski stated, "We're going. We're going." and sounded like he was moving on foot.

At 38:13 an officer can be heard yelling, "Show us your hands!" several times and █████ can be heard crying/wailing in the background. Other commands were also being given by law enforcement.

At 38:25 a loud pop, like a gunshot, can be heard.

Deputy Petroski immediately stated, "Shots fired!" and other commands of, "Drop the knife!" and "Drop it!" were being shouted. The crying and wailing became louder. An officer can be heard shouting, "Get her out of here!"

While officers were evacuating █████ out of the camper other officers were talking about securing the knife and handcuffing Claremboux.

At 39:37 Sgt. Janecek reported to dispatch the male had been shot and he was secured. He requested EMS to stage at the end of the driveway.

Law Enforcement / Police Descriptors

Deputy Bowe was assigned a fully marked take home squad car and was dressed in full Ashland County Sheriff's Office uniform at the time of the OICI.

Prior to the interview, SA Floyd Lindsay and SA Wade Beardsley of the WI DOJ/DCI completed a uniform and weapons inspection with Deputy Bowe. Deputy Bowe stated the uniform and equipment he was wearing during the uniform inspection was consistent with what he had at the time of the OICI. Please see the report regarding the uniform and equipment inspection of Deputy Bowe for further detail.

Deputy Bowe's supervisor for his shift was Ashland County Sheriff's Office Sergeant Jason Janeczek.

Deputy Bowe's radio call number was 619 and he was dispatched through the Ashland County Sheriff's Office Dispatch Center.

Events Prior to incident:

On Tuesday August 15, 2023, Deputy Bowe began his shift just prior to 6:00 p.m. in the driveway of his residence and was assigned to the "north sector" of Ashland County. Upon starting his shift, Deputy Bowe heard the initial radio dispatch for the call for service that resulted in the OICI. Deputy Bowe recalled dispatch advising there was a female 911 caller who indicated there was a disturbance involving a knife in the Town of Mellen, Ashland County, Wisconsin.

Deputy Bowe proceeded towards the address of the disturbance "10-33" (lights and sirens) and estimated the drivetime to the call to have been approximately eight (8) minutes. While enroute to the call, Deputy Bowe overheard radio traffic from Deputy Alex Petroski of the Ashland County Sheriff's Office who was on scene, that there was a possible hostage situation involving a male armed with a knife and a female hostage.

Deputy Bowe also heard radio traffic from Chief Larry Koivisto of the Mellen Police Department, indicating he was on scene and had contact with an unknown male individual who was running. Chief Koivisto later advised the unknown male was not the suspect and was from a nearby trailer on the same property trying to find help.

Incident:

Deputy Bowe was the third law enforcement officer to arrive at the scene. Upon arrival Deputy Alex Petroski and Chief Larry Koivisto were already on scene. Deputy Bowe parked his squad car in between Deputy Petroski's and Chief Koivisto's squads approximately fifty (50) yards

north of the driveway to the residence. Deputy Bowe could not remember the name of the road the OICI occurred on.

Once on scene Deputy Bowe located Deputy Petroski and Chief Koivisto. Deputy Bowe could observe an unknown female standing outside the trailer the OICI later occurred in. Law enforcement officers were able to make verbal contact with the female and call her back to their location. Deputy Bowe described the woman as the taller of the two woman involved in the OICI and described the other female who was still in the trailer as [REDACTED]

Upon contacting the woman, Deputy Bowe observed lacerations to the woman's abdominal area that were approximately six (6) to eight (8) inches in length and appeared to be the depth of a paper cut and were slightly bleeding. The female indicated "he did this to me." Deputy Bowe believed the female was referring to Claremboux. Based on information from the taller woman it was believed there was still a male and female subject in the trailer and the male who was armed with a knife was not allowing the female to leave.

Deputy Bowe and the other officers had a brief conversation about their tactical approach. Deputy Bowe then traveled along a tree line on the north side of the trailer, crossed a fence, and found a vantage point on the backside of the trailer near a brush pile approximately ten (10) to twelve (12) yards from the trailer.

From the vantage point, Deputy Bowe was not able to see inside but was able to hear some of what was occurring inside the trailer. Deputy Bowe heard two voices, one of a female crying and one of a male telling the woman to "shut up" and making various other aggressive and threatening statements to the female. Deputy Bowe heard the male voice calling out stating "you guys better leave or she's going to lose a finger." The male was threatening that if they didn't leave once the male counted to five (5) he would cut one of the females fingers off. Deputy Bowe heard the male begin counting several times, but he did not count all the way to five (5). Deputy Bowe never heard the male directly address law enforcement but based on the noise Deputy Bowe was making on approach and the nature of the comments, Deputy Bowe believed the male either knew or suspected law enforcement was present and was directing the threats towards them.

Deputy Bowe then observed the male come to an open window that faced Deputy Bowe's position and cover the window with a blanket. While the male was covering the window, Deputy Bowe observed in the male's hand a long shiny object that Deputy Bowe believed to have been a knife.

After approximately fifteen (15) to twenty (20) minutes, Deputy Bowe heard radio traffic from Sgt. Janecek and Deputy Lipke indicating they had arrived on scene. Sgt. Janecek was using the radio to check on the locations of the law enforcement officers already on scene.

Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/13

Deputy Petroski then pulled his squad car approximately twenty-five (25) to thirty (30) yards from the trailer and used the squad car's public address system (PA) to announce the presence of law enforcement and directing "Jay" to exit the trailer. Deputy Petroski made approximately two (2) to three (3) announcements over an approximate six (6) to seven (7) minute time frame. After the first announcement Deputy Bowe heard a male voice inside the trailer respond, "fuck you!" Deputy Bowe heard subsequent responses to the announcements from the male stating "I'm going to die either way," and threatening to cut the females head off. The male was also making comments that appeared to have been directed at the female, to the effect of, "you left me when I needed you the most" and "I can't believe you would do this to me."

Deputy Bowe then observed the male exit the trailer, yell something and then go back inside the trailer. Deputy Bowe then observed Sgt. Janecek, Deputy Lipke, and Deputy Petrosky follow the male to the trailer and make entry into the trailer. Deputy Bowe then left his vantage point and began approaching to assist in the entry. While still approaching and outside the trailer, Deputy Bowe heard multiple commands from law enforcement inside the trailer announcing they were law enforcement and commanding the male to show his hands. Deputy Bowe then heard a single gunshot from inside the trailer and then heard radio traffic from Sgt. Janecek advising dispatch there were shots fired.

Deputy Bowe then entered the trailer and evacuated the female who was inside and turned her over to Chief Koivisto who was outside, Deputy Bowe did not observe any visible injuries to the female. Deputy Bowe then re-entered the trailer and observed Sgt. Janecek and Deputy Lipke securing the male subject. Deputy Bowe observed a single wound in the male's upper chest area and observed Sgt. Janecek and Deputy Lipke apply pressure to the wound to control the bleeding. Deputy Petrosky went to get the medical kit from his squad car.

Deputy Bowe was handed a rifle by Deputy Lipke, Deputy Bowe later removed the magazine and cycled the action to eject the round from the chamber, however Deputy Bowe did not observe a round come out of the chamber. Deputy Bowe secured the rifle in Deputy Lipke's squad car.

The male subject was removed from the trailer and further medical aid was rendered to him by law enforcement. Emergency Medical Services (EMS) personnel had staged earlier, near the address of the call and were on scene almost immediately and took over lifesaving efforts on the male subject. Deputy Bowe later overheard conversation between EMS personnel that the subject was deceased.

Deputy Bowe then observed multiple Ashland County Sheriff's Office administrative personnel arrive at the scene, to include, Sheriff Brian Zupke, Chief Deputy Nate Deegan and Lieutenant Joe Eder. Deputy Bowe remained on scene for a period for scene security and was later dismissed by administrative personnel and drove himself back to the Ashland County Sheriff's Office in his squad car.

Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/13

Deputy Bowe was not injured during the OICI.

Deputy Bowe stated he had no conversations with others about the OICI prior to speaking with SA Gensler and SA Sutherland.

Deputy Bowe had no direct observations of the male subject being shot but theorized when asked, that Sgt. Janecek had been the officer who fired his weapon. Deputy Bowe believed this based on conversation he overheard at the scene and the fact Sgt. Janecek was removed from the scene by administrative personnel.

Previous Contacts with the Subjects or residence:

Deputy Bowe did not know the male subject's name (Claremboux) until during the OICI when it was being used to address him and never had contact with him or the two females who were on scene. Deputy Bowe had never been to the residence prior to the OICI.

The interview concluded at approximately 4:15 a.m.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/17 Review of Ashland County Sheriff's Sgt. Jason Janecek's body-worn video footage

On August 16, 2023, Ryan Kelleher, a Digital Evidence Specialist (DES) with the Wisconsin Department of Justice, Division of Criminal Investigation (DCI) obtained three audio/video files from the Ashland County Sheriff's Office. The audio/video files were downloaded from Ashland County Sheriff Patrol Sergeant Jason Janecek's body-worn camera, which he was wearing during his normal patrol shift on August 15, 2023.

When DES Kelleher acquired the three video files he determined only two of the video files were relevant to the Officer Involved Critical Incident (OICI), which resulted in the fatal shooting of Jay Clarendoux. The third video file documented an unrelated call for service that Sergeant Janecek handled just prior to responding to the OICI.

During his preliminary review of the two video files, DES Kelleher discovered Sergeant Janecek's body-worn camera was deactivated for a large portion of the OICI.

On August 18, 2023, Sergeant Janecek was interviewed by DCI Special Agents Shawn Sutherland and Timothy Gensler. Sergeant Janecek was informed about his body-worn camera not recording for the entirety of the OICI. Sergeant Janecek was certain he activated his camera prior to the incident but was unsure why the camera wasn't operational for the duration of the call. It was discussed that his exterior "chest rig", which held extra magazines for his rifle and handgun, inadvertently made contact with the body-worn camera power button.

SA Sutherland reviewed the two OICI related audio/video files and made the following observations:

Video file - "...0000516905_video0"

This video begins with a date/time stamp of 8/15/2023 at 18:12:51 hours and ends at 18:14:21 hours. It captured Sergeant Janecek's initial arrival on scene. He exited his squad car, charged his department issued rifle, and began walking up the driveway. The video ends when he makes contact with a male subject who is driving an ATV off of the adjacent property. It was determined he was not involved in the OICI.

Video file - "...0000521196_video0"

This video begins with a date/time stamp of 8/15/2023 at 18:48:47 hours and ends at 18:49:30 hours. This captured Sergeant Janecek outside of the camper trailer after the shooting. EMS personnel were providing medical care to Clarendoux. The video ends while Sergeant Janecek is waiting for his supervisors to arrive on scene.

These videos were previously archived by SA Sutherland in the DCI Critical Incident folder and can be found under case report number 23-6366/8.

PREVIEW SUMMARY:

On August 15, 2023, Digital Evidence Specialist (DES) Ryan Kelleher provided preview assistance to Wisconsin Department of Justice Special Agent (S/A) Shawn Sutherland for an ongoing officer involved critical incident investigation in Ashland, WI. DES Kelleher forensically previewed 3 items. Additional details on those items are provided within this report.

DES Kelleher arrived at the Ashland County Sheriff's Office at 12:35AM on August 16, 2023. DES Kelleher observed one Motorola V300 Body Camera (Preview Item 1) placed in the Motorola docking station. On 1:04 AM, August 16, 2023, DES Kelleher utilized Motorola VideoManager EL Cloud to export 3 video files from Preview Item 1 and copy those video files onto USB Media. Below is a screenshot of the 3 videos DES Kelleher exported through the Motorola VideoManager EL Cloud environment, which includes details of Event Date, Import Date, Officer N/A, and Vehicle/Device.

Event ID	Event Date	Import Date	Officer N/A	Vehicle/Device
1	08/15/23 10:48:43	08/15/23 23:57:00	Officer N/A Jamecek, Jason	Vehicle/Device EMWC-102917

DES Kelleher restricted the 3 video files exported—it should be mentioned that DES Kelleher was logged in under the account, Jason Jamecek, Ashland County Sheriff's Office Sergeant, in which his account has permissions to view media placed into the “restricted” status.

DES Kelleher was notified by Ashland County Patrol Lieutenant Joe Eder that Ashland County Deputy Alex Petroski had utilized an audio recording device to capture audio of the officer involved critical incident. DES Kelleher copied the audio file of investigative interest to USB media.

On August 16, 2023, DES Kelleher provided S/A Sutherland with one USB Media containing 3 video files from a Motorola V300 Body Camera (Preview Item 1) and one audio file from Deputy Petroski's audio recording device.

The uniform inspection was conducted on Wednesday, August 16, 2023, at approximately 12:56 a.m. by SA Gensler and SA Sutherland.

Events Prior to Incident:

On Wednesday August 15, 2023, Deputy Lipke began his shift at approximately 7:00 a.m. at the Ashland County Sheriff's Office. Deputy Lipke took several calls for service throughout the day including civil issues and a minor car accident. Deputy Lipke also completed a juvenile referral from a call he took on his previous shift.

Incident:

On August 15, 2023, Deputy Lipke was traveling toward the Ashland County Sheriff's Office near the end of his shift and was a few blocks away when he heard the radio dispatch for the call that resulted in the OICI. Deputy Alex Petroski of the Ashland County Sheriff's Office was dispatched to North Foley Road for a report of a man with a knife who was threatening to kill a female if law enforcement was called. Due to the serious nature of the call and the limited on-duty staff Deputy Lipke responded to the call.

Deputy Lipke proceeded lights and sirens to the address and estimated his drive time to have been approximately twenty (20) minutes. Upon arrival, Deputy Lipke parked near the other squad cars that were on the road near the driveway to the residence and got his patrol rifle out of his squad. Sergeant Janeczek, Deputy Austen Bowe, and, Deputy Petroski of the Ashland County Sheriff's Office along with Police Chief Larry Koivisto of the Mellen, Wisconsin Police Department were already on scene. Deputy Lipke was talking to Deputy Petroski on the radio trying to determine where he was needed as there were several trailers on the property.

Deputy Lipke saw Deputy Petroski taking cover by a truck that was parked on the back side of the trailer approximately twenty-five (25) feet from the trailer where the OICI later occurred. Deputy Lipke joined Deputy Petroski by the truck where Deputy Lipke could hear a female crying and a male yelling at the female. The male subject was also yelling out to law enforcement, stating something to the effect, "fuck you, I'm not coming out, you're going to have

Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/22

to come in and get me” and, “you’re going to have to shoot me,” and other incoherent comments. Deputy Lipke could also hear the male counting out loud several times.

Sergeant Janecek instructed Deputy Petroski to pull his squad up to the residence to utilize the public address system (PA). Deputy Petroski began PA announcements identifying the presence of law enforcement and their desire to resolve the situation. Deputy Petroski was also asking for proof the female occupant was unharmed. The male occupant was uncompliant and approached the open door of the trailer and responded with “a lot of fuck you’s” indicating he was not coming out of the trailer. The male then retreated into the trailer. Deputy Petroski was attempting to make phone contact with the occupants of the trailer.

Sergeant Janecek was taking cover on the front side of the trailer by a van and motioned to Deputy Lipke to come join him by the van. Chief Koivisto took the position Deputy Lipke was leaving by the truck on the back side of the trailer. Once Deputy Lipke got to Sergeant Janecek’s position, Sergeant Janecek went to Deputy Petroski’s squad and was attempting to contact Ashland County Sheriff’s Office administrative personnel to advise them of the situation.

Deputy Lipke could hear from inside the trailer what he believed was the male subject assaulting the female. He heard approximately four (4) bangs and each time he heard the bang it was followed by a scream from the female. Deputy Lipke yelled back to Sergeant Janecek and Deputy Petroski “he’s hurting her.” Deputy Petroski then repeated “he’s hurting her” confirming he heard Deputy Lipke. Sergeant Janecek returned to Deputy Lipke’s position by the van on the front side of the trailer, took a position in front of Deputy Lipke and said, “when I move stay with me.” Seconds later Sergeant Janecek began moving towards the trailer. Deputy Lipke was not certain what prompted Sergeant Janecek to begin moving, Deputy Lipke just followed him. Sergeant Janecek made entry into the trailer and Deputy Lipke followed him, the interior of the trailer was narrow, and they entered single file. Deputy Lipke didn’t remember saying anything upon entry but could recall Sergeant Janecek yelling commands but couldn’t recall what he was saying. Deputy Lipke could see the male subject seated on a bed in the room at the end of the hallway. The subject turned toward the approaching officers. The subject then turned away from them, as the subject turned Deputy Lipke could see what he believed to be the “flash” of a knife blade in the subject’s hand. Deputy Lipke heard Sergeant Janecek fire one round from his rifle.

When the subject turned and Sergeant Janecek fired, Deputy Lipke could not see the female in the room but believed based on the totality of the circumstances that the male subject was turning to injure or kill the female.

Sergeant Janecek and Deputy Lipke entered the doorway of the room, Deputy Lipke pulled a female subject out of the room. The female was inside the room to the left, standing in front of where the subject was seated and in the direction the subject turned before Sergeant Janecek fired. Deputy Lipke handed the female off to a deputy who was behind him. Deputy Lipke also handed his rifle off to the deputy. Deputy Lipke entered the room and secured the subject in

Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/22

handcuffs. The subject was laying on the side of the bed but was falling off. Deputy Lipke and Sergeant Janecek pulled the subject onto the bed and began a medical assessment.

Deputy Lipke observed a single gunshot wound to the left side of the subject's chest below the nipple line. [REDACTED] Due to the tight quarters in the trailer, they were not able to properly render medical aid, so the subject was moved to the ground outside the trailer. [REDACTED] Emergency Medical Services (EMS) was staged nearby, approached the scene, and took over lifesaving measures.

Deputy Lipke later saw the knife on the floor of the trailer in front of where the subject had been seated on the bed. Deputy Lipke described the knife he saw in the subject's hand as a hunting or fishing style knife eight (8) to ten (10) inches in total length with a blaze orange handle.

Deputy Lipke walked over to where Deputy Petroski's squad was parked and joined Sergeant Janecek. After a period, Chief Deputy Nate Deegan of the Ashland County Sheriff's Office arrived and took Sergeant Janecek away from the scene. Chief Deputy Deegan returned a short time later and took Deputy Lipke down to the road and advised that Sergeant Janecek had been taken back to the Sheriff's Office and offered Deputy Lipke a ride as well. Deputy Lipke declined the ride and drove himself back to the Sheriff's Office in his squad.

Deputy Lipke initially was unaware there was anyone behind him, but later learned Deputy Petrosky was behind him while they made entry.

Deputy Lipke did not fire his weapon and was not injured during the OICI.

Deputy Lipke described the lighting conditions during the OICI as normal daylight conditions outside and diminished lighting inside the trailer, with most of the windows being covered. Deputy Lipke needed to use his flashlight while in the bedroom of the trailer.

During the interview, Deputy Lipke was provided an aerial photograph of the scene and an overhead photograph of the interior of the trailer that were generated during the digital scene reconstruction efforts. Deputy Lipke marked on the scene photographs the approximate locations of where Deputy Lipke and other law enforcement officers were located during the OICI and signed the photographs. SA Gensler electronically attached the scene photographs utilized during the interview to this report.

Past Contacts at the Residence and With Subjects Involved:

Deputy Lipke did not know the name of the subject (Jay Claremboux) and had no recollection of past police contacts with Claremboux or either of the females involved in the OICI. Deputy Lipke had no prior police contact at the residence.

The interview with Deputy Lipke concluded at approximately 1:08 p.m.

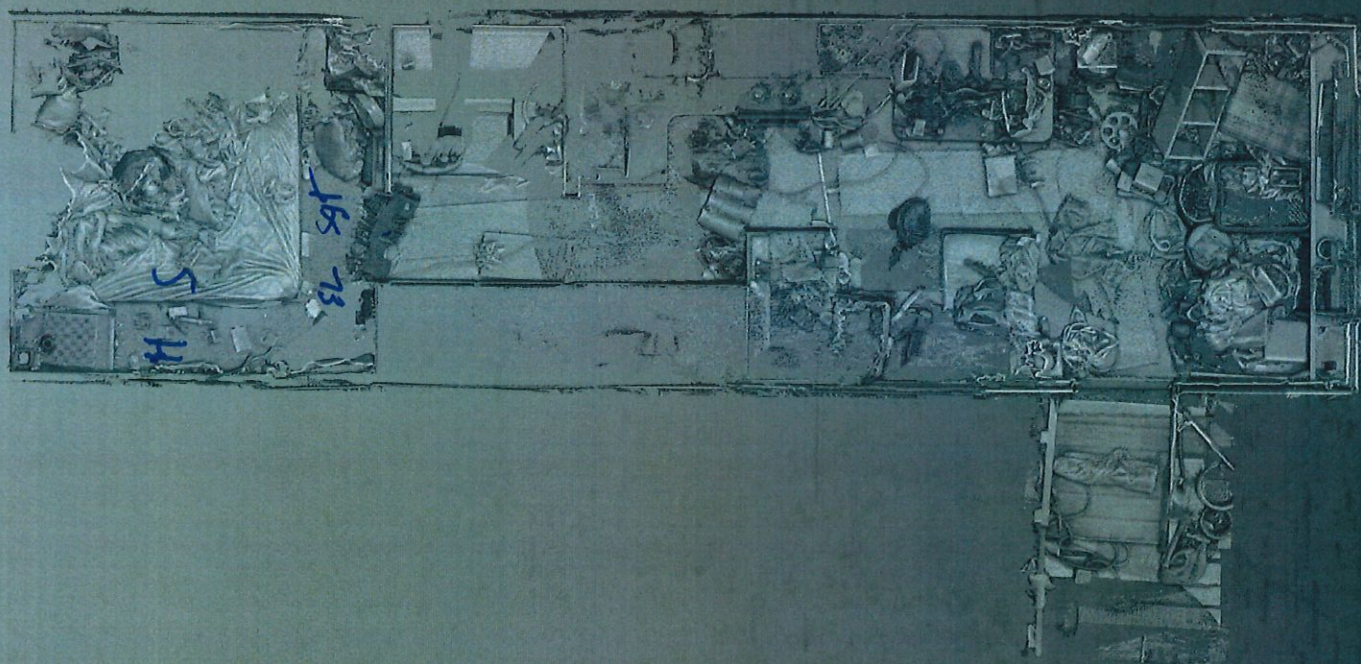

Conclusion:

On Monday, August 28, 2023, at approximately 11:00 a.m. SA Shawn Sutherland and SA Lance Maske met with Deputy Lipke, Attorney/Executive Director James Palmer and Business Agent Rich Burghause at the Ashland County Sheriff's Office. The purpose of the meeting was to review SA Gensler's draft report of the statement Deputy Lipke provided to SA Gensler and SA Sutherland on Friday, August 18, 2023.

Attorney Palmer was provided with three (3) draft copies of the report; one (1) for Attorney Palmer, one (1) for Business Agent Burghaus, and one (1) for Deputy Lipke to review. Attorney Palmer, Business Agent Burghaus, and Deputy Lipke verified the information within Deputy Lipke's statement, as being accurate after minor clarifications, and some minor spelling and grammatical corrections were made. The corrections made did not affect the content of the information Deputy Lipke provided in his initial statement on Friday, August 18, 2023. SA Sutherland collected all three (3) draft copies and shredded them. SA Gensler attended the review telephonically and made the minor corrections to the report.

SCENE EXAMINATION/PROCESSING

On August 15, 2023, at approximately 7:00 PM, the Wisconsin Department of Justice, Division of Criminal Investigation (DCI), was requested to investigate an Officer Involved Critical Incident (OICI) that occurred in Ashland County. The OICI involved officers from the ALSO and the Mellen Police Department. The incident resulted in the shooting death of Jay Allen Claremboux. ALSO made the request to DCI and it was determined DCI would lead the investigation.

At approximately 6:00 PM, the ALSO Dispatch Center received a 911 call from a female reporting she was assaulted by a male subject with a knife (later identified as Jay Claremboux). The caller reported there was an ongoing domestic dispute between Claremboux and his girlfriend in a travel trailer on the property at 33695 N Foley Road, Town of Morse, Ashland County. The caller said she was not near Claremboux at that time, but he was still armed with a knife in the travel trailer with his girlfriend and was threatening to kill her.

ALSO deputies responded to the scene, along with a Mellen police officer. Shortly thereafter, Claremboux was reportedly shot one time in the travel trailer by an ALSO Sergeant.

Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/23

DCI SAIC Haverley spoke with ALSO Detective Zach Pierce who advised Claremboux was removed from the travel trailer where lifesaving measures were performed by law enforcement and EMS, but were unsuccessful.

On August 15, 2023, ALSO requested the WI DOJ-DCI complete the OICI investigation. SAIC Haverley received the request as DCI Coordinator for this OICI investigation. S/A Shawn Sutherland was assigned as DCI Lead Investigator for this OICI investigation.

Prior to DCI's arrival, law enforcement officers, EMS, and Coroner John Harding of the Ashland County Coroner's Office confirmed Jay A. Claremboux was on scene and deceased.

Upon arrival S/A Kleinhans contacted S/A Stearns and S/A Christenson. S/A Stearns confirmed that when he arrived on scene Claremboux had been removed from the travel trailer prior to DCI's arrival. Claremboux was lying in the yard south of the travel trailer and was covered with a sheet.

S/A Kleinans spoke with Sgt. Pierce of the ALSO on scene. Sgt. Pierce advised the law enforcement officers and their duty weapons had been transported to the ALSO Office. Sgt. Pierce confirmed all of the officer-involved vehicles had been removed from the scene.

Upon completing the on-scene briefing, S/A Kleinhans contacted S/A Sutherland to obtain additional details about the scene. S/A Sutherland advised the involved deputies would not be completing initial interviews or a scene walk through on the evening of August 15, 2023. S/A Sutherland confirmed the involved deputy's firearm had been collected at ALSO. On August 15, 2023, S/A Theodore Indermuehle responded to the ALSO to pick up the involved deputy's firearm to bring it back to the scene so S/A Kleinhans could transport it to the Eau Claire field office evidence room.

Upon completing the briefing and a walk through, S/A Kleinhans conducted a scene search in a systematic manner beginning from the exterior of the travel trailer involved in the incident and worked through the interior of the travel trailer. S/A Kleinhans documented the scene with photographs. The Wisconsin State Patrol-TRU was on scene prior to DCI's arrival and had started documenting the scene. Trooper DeVries confirmed he would send the scene diagrams to S/A Sutherland.

The location of the domestic incident was at 33695 N Foley Road, Town of Morse, Ashland County. The travel trailer where the incident occurred was on the north side of the property. The south side of the travel trailer had a trailer hitch attached and had one window. (See figure 2)

The suspect, Jay A. Claremboux, was fatally shot during the incident. The WI DOJ/DCI was requested to be the lead investigative agency for the OICI.

On Thursday, August 17, 2023, Wisconsin State Patrol – Technical Reconstruction Unit (WSP-TRU) Trooper Kyle DeVries transferred to WI DOJ/DCI SA Justin Bender the forensic mapping scene data and digital photographs collected by the WSP-TRU on August 15, 2023, regarding the OICI. The data SA Bender received consisted of Trimble X7 3D scanner files (capture & hash file) and two-hundred and forty-four (244) digital photographs. As a result of the provided data, SA Bender took over as the lead reconstructionist for the OICI.

DCI Electronic Records:

SA Bender electronically uploaded the Trimble X7 data and digital photographs SA Bender received from Trooper DeVries to the DCI electronic records repository.

SA Bender electronically attached the supplemental report completed by Trooper Tim Larson as an attachment to this narrative report.

FORENSIC MAPPING REPORT

CFS NUMBER: 000257-2624

REPORTING INVESTIGATOR: Trooper Tim Larson

INCIDENT TYPE: Forensic Mapping

- FORWARD -

Crime Scene Reconstruction is a comprehensive subject with many facets and specialty fields. The primary responsibility of the investigation is to document and preserve all available physical evidence. The following reconstruction is limited to the subjects stated herein. The author and the Wisconsin State Patrol reserve the right to conduct a more extensive analysis of the available material on a later date as necessity dictates.

REQUEST FOR ASSISTANCE:

On August 15, 2023, at approximately 8:30 PM, Wisconsin State Patrol (WSP) Sergeant Joshua Mauer contacted this author reference a forensic mapping request from the WIDOC – Division of Criminal Investigation regarding an officer involved critical incident in Ashland County. Ashland County Sheriff's Office (ALSO) deputies had responded to 33695 North Foley Road, in the Morse Township for a domestic violence incident that resulted in the death of a male suspect by law enforcement. Ashland County Sheriff's Office investigators, along with special agents from the Department of Criminal Investigation (DCI), were conducting the investigation. DCI requested the WSP's Technical Reconstruction Unit (TRU) to assist in forensically documenting the exterior and interior of the camping trailer. This author responded to assist. The purpose of WSP's involvement was limited to documenting the interior and exterior of the camping trailer and the evidence associated with this incident.

INITIAL SCENE EXAMINATION:

At approximately 10:13 PM, this author arrived at the scene. ALSO deputies directed me to the DCI special agents conducting the on-scene investigation. The DCI special agents walked me around the exterior of the buildings/camping trailer involved.

FORENSIC DOCUMENTATION:

This author, with the assistance of Trooper Kyle DeVries who is assigned to the TRU, utilized a Trimble X7 3D laser scanner to document the exterior scene and the interior of the camping trailer. The X7 scanner, as shown in Figure 1 on the following page, is a 360-degree scanning instrument that uses natural geometry to create large scale point

cloud projects of an environment. The instrumentation documents millions of data points with three-dimensional coordinate values. These scans were downloaded from the Perspective software program, through the Capture software program. The file is then imported in the Realworks software program. Realworks Scan Explorer is then used, along with an identified key plan, to create a file that allows end users to view the scanned scene from the perspective of the scanner locations through the taken panoramic photographs.

Figure 1

PHOTOGRAPH DOCUMENTATION:

This author utilized a Canon EOS Rebel T7i digital camera to take photographs of the scene. This author took 276 photographs to document the area in and around the camping trailer and the nearby building(s) located at 33695 North Foley Road.

CASE SUMMARY:

The scope of my involvement in this incident, and at that of the Wisconsin State Patrol, was scene documentation. Forensic scanning of the interior and exterior scene evidence was completed. The scan files, along with the associated photographs will be forwarded to DCI investigators for their investigation. This report does not offer any conclusions or opinions as to the events surrounding this incident.

Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/26

On Tuesday, August 15, 2023, Wisconsin Department of Justice / Division of Criminal Investigation (WI DOJ/DCI) Special Agents (SA) were requested to investigate an Officer Involved Critical Incident (OICI) which occurred at 33695 North Foley Road, Township of Morse, Ashland County, Wisconsin. The suspect, Jay A. Claremboux, was fatally shot during the incident. The WI DOJ/DCI was requested to be the lead investigative agency for the OICI.

On Thursday, August 24, 2023, WI DOJ/DCI SA Justin Bender and WI DOJ/DCI SA Theodore Indermuehle responded to the incident scene to complete additional forensic scene mapping and a small Unmanned Aerial System (sUAS) flight mission for the OICI. SA Indermuehle had previously obtained consent from the owner of the property to complete a detailed search/mapping (*reference narrative report 23-6366/21 by SA Indermuehle*).

Forensic Scene Mapping:

SA Bender documented five (5) ground control points at the incident scene utilizing a Trimble R10 Global Navigation Satellite System (GNSS) survey instrument and TSC3 data collector. The Trimble R10 unit connects via portable Wi-Fi to the Wisconsin Continuously Operating Reference Stations (WISCORS) Network and its base stations located throughout the state. The 360-degree receiver supports signals from all existing and planned GNSS constellations and augmentation systems. The Trimble R10 combines the GNSS coordinates with the corrections from the WISCORS Network. The data was stored electronically for future processing and analysis.

Due to unfavorable weather conditions, a sUAS flight mission was not done and will be completed at a later date.

Upon arrival Deputies Petroski and Austen Bowe, and Mellen Police Chief Larry Koivisto, were already on scene. Sergeant Janecek arrived on scene from the south and parked on N Foley Rd,

Wisconsin Division of Criminal Investigation Case Report

near the south driveway access to the property. He was unsure of his response time, but thought he was the last or second to last unit to arrive.

Sergeant Janecek observed an unoccupied vehicle parked on N Foley Rd and ran the license plate. Upon receiving the registration information, he knew the person was not associated with that address and was, likely, uninvolved. That person left in their vehicle shortly after he was on scene.

Sergeant Janecek put on his chest rig, which holds extra rifle magazines and handgun magazines, and retrieved his department issued rifle. Sergeant Janecek began walking up the south side of the driveway loop. He knew there was a male with a knife in a camper on the property and was attempting to contact Deputy Petroski over the police radio to ascertain where the target camper and other deputies were positioned.

Sergeant Janecek contacted Chief Koivisto, who was positioned near the vacant mobile home across the driveway from the target camper. Chief Koivisto pointed out a shotgun that was lying on the ground but said it was not in play or a concern for them. Sergeant Janecek did not see the shotgun.

Chief Koivisto briefed Sergeant Janecek and said the male subject in the camper was identified as Jay Claremboux (hereinafter Claremboux). Sergeant Janecek learned that [REDACTED] (hereinafter [REDACTED]) was the caller, and she was out of the camper. He was told that [REDACTED] (hereinafter [REDACTED]) was the female being held in the camper by Claremboux.

Sergeant Janecek heard Dispatch say that [REDACTED] was going to walk down the driveway to meet with a deputy. He also heard Dispatch broadcast over the radio that [REDACTED] stated the male (Claremboux) will kill the other female in the trailer ([REDACTED]) if she called the cops.

When Sergeant Janecek arrived on scene there had been no communication with Claremboux yet. Sergeant Janecek requested Deputy Petroski drive his squad car to an area in the driveway near the camper to make announcements from his public announcement (PA) system to identify themselves as LE and attempt to make contact with Claremboux.

Sergeant Janecek momentarily moved from his location by the abandoned trailer home to check on Deputy Lipke, who was positioned to the north of him, behind a truck which was on the camper side of the driveway. After speaking with Deputy Lipke he went back to his original position with Chief Koivisto by the abandoned trailer home.

Deputy Petroski announced over the PA they were with the Ashland County Sheriff's Office. Deputy Petroski ordered Claremboux to come out so they can talk and to come out with his hands up. Sergeant Janecek asked Deputy Petroski to have Claremboux send [REDACTED] out of the camper, but Claremboux did not comply.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/27 Interview of Ashland County Sheriff's Office Sgt Jason Janecek

Sergeant Janecek could hear Claremboux respond from within the camper but couldn't understand what he was saying. Chief Koivisto did hear him and relayed to Sergeant Janecek that Claremboux said, "Fuck you!"; he wasn't coming out; and this doesn't concern you.

At some point, [REDACTED] brought her cell phone to Deputy Petroski and made telephone contact with Claremboux. During this time, Sergeant Janecek was continuing to reposition himself in an effort to communicate with Deputy Petroski and others to come up with a plan.

Deputy Petroski said he made contact with Claremboux by phone but there was no progress and Claremboux hung up.

Sergeant Janecek knew that Deputy Petroski spoke with other sheriff's office administration by telephone to brief them on the situation. While on the phone with the Chief Deputy Sergeant Janecek said the situation was spiraling.

Sergeant Janecek heard Claremboux make comments in response to the PA announcements and Deputy Petroski's phone contact with him like, "Bring your guns", "Go away this doesn't concern you", and a variety of non-compliant comments. Sergeant Janecek heard someone crying from within the camper, but Claremboux would not come out of the camper or allow [REDACTED] to exit the camper.

Sergeant Janecek heard a banging noise coming from within the camper for about five or six seconds. Deputy Bowe radioed that he heard movement or activity in the camper. Deputy Bowe said he saw the male in the camper, and he did something to obscure his vision through the camper window.

Sergeant Janecek was unsure of the sequence but heard Claremboux from within the camper make a serious threat to [REDACTED]. He didn't remember what or when the threat was made but it was a serious threat to [REDACTED].

Sergeant Janecek felt they were running out of time, and he had serious concerns for [REDACTED] safety. He was concerned because Deputy Petroski was not making any progress in getting Claremboux to surrender or comply by phone or over the PA. Claremboux wasn't allowing [REDACTED] to exit the camper as requested. Additionally, Sergeant Janecek heard noises from within the camper that may have been an active assault against [REDACTED].

Sergeant Janecek asked Chief Koivisto to switch places with Lipke. Sergeant Janecek was taking cover behind a vehicle, possibly a van, which was the last point of cover and/or concealment near the camper. He had Deputy Lipke join him in preparation to enter the camper.

Around that time, Claremboux came to the open door of the camper. He was shirtless and agitated. Sergeant Janecek could not see both hands clearly so he couldn't see if he had a weapon at that time. Claremboux placed his hands on either side of the door frame and said something to

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/27 Interview of Ashland County Sheriff's Office Sgt Jason Janecek

the effect, "Shoot me, you're going to have to shoot me!" Claremboux reached outside to grab the door with one hand; he shut the door; and retreated into the camper.

At that moment Sergeant Janecek felt they couldn't let that door remain closed, so he made the decision to enter the camper. He and Deputy Lipke approached the door. Sergeant Janecek activated his weapon mounted light and entered first with Deputy Lipke behind him. They went left and advanced down the hallway. Janecek could see into the bedroom area where Claremboux was seated on the edge of the left side of the bed. He could see [REDACTED] who was possibly wearing something white, standing up against the wall within arm's reach of Claremboux. [REDACTED] appeared to be terrified and was screaming. Claremboux looked at Sergeant Janecek and he could see Claremboux had a large shiny blade in his hand but wasn't sure which hand. Sergeant Janecek believed he was giving Claremboux commands, but he couldn't recall what he said. Claremboux said something non-compliant to Sergeant Janecek but also couldn't recall what Claremboux said. Claremboux began bringing the blade up while looking at Janecek and Janecek fire his rifle one time at Claremboux. After firing, Claremboux rose, twisted, and fell.

Sergeant Janecek felt [REDACTED] was in imminent danger of great bodily harm or death. Sergeant Janecek saw no other option but to shoot Claremboux because Claremboux was an imminent threat to [REDACTED]. Sergeant Janecek said, due to [REDACTED] close proximity to Claremboux, he definitely could have easily cut, sliced, stabbed and killed her. Sergeant Janecek said, "I shot him because of the threat to her."

Sergeant Janecek ordered a deputy to immediately get [REDACTED] out of the camper. Sergeant Janecek radioed dispatch twice and reported shots were fired and the male offender was down. He thought Deputy Petroski took [REDACTED] out of the camper. Deputy Lipke handcuffed Claremboux while in the bedroom. Sergeant Janecek and Deputy Lipke rolled him over and could see Claremboux had a gunshot wound to his upper left chest area. He recalled Claremboux was bare chested but couldn't recall what else he was wearing.

Sergeant Janecek said Claremboux was still breathing and decided they couldn't provide sufficient first aid to Claremboux in the confined space of the camper, so he and Deputy Lipke carried him outside. Sergeant Janecek was asking if someone had a bag/valve mask but nobody did. [REDACTED]

[REDACTED] They continued this until EMS arrived, which was within minutes, and EMS took over medical care.

Sergeant Janecek thought Deputy Petroski took his rifle after exiting the camper. He thought he left his chest rig, with his extra rifle and handgun magazines, on the ground outside of the camper. He believed Chief Deputy Nathan Deegan took custody of his rifle and chest rig at the scene.

Wisconsin Division of Criminal Investigation Case Report**Case/Report Number: 23-6366/27 Interview of Ashland County Sheriff's Office Sgt Jason Janecek**

Sergeant Janecek said during the incident it was normal, daylight outside of the camper. Inside the camper, the lighting was darker, but he had no problems seeing due to the ambient light. He thought he used his weapon mounted light when he entered the camper.

PRIOR CONTACTS WITH THE SUBJECT AND/OR PROPERTY LOCATION

Sergeant Janecek did not have any prior contacts or historical knowledge of Claremboux other than simply recognizing the name Claremboux from working in the community for 20 years.

Sergeant Janecek did have prior contacts at the location of the incident, 33695 N Foley Rd, Town of Morse, Ashland County. Prior to 2019, he attempted a welfare-check of an individual at a camper on the property but he was unsuccessful in locating them. He also recalled being there for other attempt-to-locates (ATLs) for other subjects, but he couldn't specifically remember for whom.

Body-Worn Camera video review

Sergeant Janecek was wearing a newly issued body-worn camera during the OICI. However, when DCI Digital Evidence Specialist Ryan Kelleher recovered the available footage on August 16, 2023, there were only two related video clips. Sergeant Janecek was told about this during the interview. He was certain he activated his camera prior to the incident but was unsure why the camera wasn't operational for the full duration of the call.

The first video clip begins with a date/time stamp of 8/15/2023 at 18:12:51 hours and ends at 18:14:21 hours. This captured Sergeant Janecek's initial arrival.

The second video clip begins with a date/time stamp of 8/15/2023 at 18:48:47 hours and ends at 18:49:30 hours. This captured Sergeant Janecek outside of the camper after the incident while EMS was tending to Claremboux.

Sergeant Janecek was given an opportunity to watch both video clips with WPPA Business Agent Rich Burghaus and Attorney Jim Palmer. After reviewing the videos Sergeant Janecek did not have any additional information to provide.

Visual Aids

During the interview, SA Sutherland provided Sergeant Janecek two visual aids which were provided by DCI Special Agent Justin Bender as part of his digital scene reconstruction efforts. The aids were provided for Sergeant Janecek to better demonstrate certain locations as the

Wisconsin Division of Criminal Investigation Case Report

incident occurred. One aid was an aerial view of the property located at 33695 N Foley Rd and the other was an overview of the interior of the camper where the incident occurred.

Property Overview

Sergeant Janecek used this aid and made the following hand-written notations on it:

- The "x" represents he and Deputy Lipke's location prior to entering the camper.
- The dot represents the door of the camper where they made entry.
- The initials "AB" represents Deputy Austen Bowes' location during the incident.
- The initials "SL" represents Deputy Steven Lipke's original position before moving to the "x".
- The letter "L" represents Chief Larry Koivisto's position during the incident, prior to switching with Deputy Lipke.
- The circle represents the location of Deputy Petroski's squad position during the PA announcements.

Camper Overview

Sergeant Janecek used this aid and made the following hand-written notations on it:

- The arrow represents Sergeant Janecek's location when he fired his rifle at Claremboux.
- The circle with the initial "JC" represents Jay Claremboux's location when Sergeant Janecek fired his rifle.
- The circle with the initial "V" represents [REDACTED] location when Sergeant Janecek fired his rifle.

SA Sutherland electronically attached both visual aids to his report in ACISS.

PRE-INCIDENT INFORMATION

After Deputy Petroski checked on-duty at 5:00 p.m. he started patrolling his south sector between Butternut and Mellen. He was not dispatched to any other calls before the OICI.

INCIDENT

Deputy Petroski said the Ashland County Dispatch Center received a 911 call just before 6:00 p.m. The female caller was reporting a male subject, who was armed with a knife in a camper, was with a different female who was also in the camper, at 33695 N Foley Rd. The female caller was not in the camper at the time of the call.

Deputy Petroski was assigned as the primary investigative officer and was within one mile of the incident location when he was dispatched to it.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/28 Interview of Ashland County Sheriff's Deputy Alex Petroski

The caller, later identified as [REDACTED] (hereinafter [REDACTED]), agreed to meet Deputy Petroski at the end of the driveway on North Foley Rd. Deputy Petroski was familiar with the property address but he had never been there before. He never had prior contacts with [REDACTED].

Upon his arrival, Deputy Petroski parked his squad just short of the north driveway entrance where he met with [REDACTED]. Deputy Petroski exited his squad and activated his audio recorder. [REDACTED] was wearing short shorts and a sports bra which allowed Deputy Petroski to see approximately four superficial cuts on [REDACTED] abdomen. She said Jay Claremboux (hereinafter Claremboux) had a knife and attacked her. She said Claremboux was in a camper with another female, later identified as [REDACTED] (hereinafter [REDACTED] and was "Going nuts!" Claremboux threatened [REDACTED] if she called the cops he would kill [REDACTED]. Claremboux made these threats prior to the 911 call when he was chasing [REDACTED] around with the knife and cut her with it.

While waiting for back-up officers, Deputy Petroski observed a male subject running northeast down the driveway toward he and [REDACTED]. The male subject stopped briefly and verbally identified himself to Deputy Petroski, but Deputy Petroski couldn't recall his name. The male said he lived on that property and was going to get [REDACTED] who is the adjacent property owner, and he continued on to the next driveway to the north.

Moments later, Mellen Police Chief Larry Koivisto arrived on scene and pulled into the driveway where the male was running to get [REDACTED]. Chief Koivisto observed a knife on the male subject's waist and stopped him. Chief Koivisto took the male subject's knife and secured it.

Chief Koivisto joined up with Deputy Petroski and shortly thereafter, Deputy Austen Bowe arrived on scene and parked his squad near them.

[REDACTED] told Deputy Petroski and the other officers, several times, that Claremboux would kill if he saw the cops.

They could not see the camper from their position on the road so [REDACTED] described the exact location of it. Deputy Petroski, Deputy Bowe, and Chief Koivisto decided they had to get closer. They made their approach up the north driveway access. They skirted the tree line until they could see the camper that [REDACTED] described. They stopped short of the camper and split up to establish a perimeter around the camper. Deputy Bowe went into the woods behind the camper. Chief Koivisto took a position of cover at the end of an abandoned mobile home which was directly across the driveway from the camper. Deputy Petroski took a position of cover behind a truck near the east side of the camper.

During this time, there were two dogs barking very close to the camper. Deputy Petroski was listening and attempting to find out what was going on inside the camper. He could hear yelling and screaming coming from within the camper but he couldn't decipher what was being said. The male was yelling the loudest and the female was crying and screaming.

Sergeant Janecek and Deputy Steven Lipke arrived on scene about the same time. Deputy Lipke parked by Deputy Petroski's squad and Sergeant Janecek parked by the south driveway entrance

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/28 Interview of Ashland County Sheriff's Deputy Alex Petroski

on N Foley Rd. Deputy Lipke approached on foot and met up with Deputy Petroski by the truck. Sergeant Janecek approached on foot and met up with Chief Koivisto.

Deputy Petroski could here Sergeant Janecek and Chief Koivisto talking about ways to resolve this. Sergeant Janecek eventually asked Deputy Petroski to get his squad car and park it in the driveway near the camper and make announcements to Claremboux on the public address (PA) system. Deputy Petroski walked to his squad and drove it up the south driveway entrance. He positioned it in the driveway facing the camper about 75 feet away. Deputy Petroski could see the camper door was not latched so it was swinging open and closed.

Sergeant Janecek and Deputy Lipke repositioned to a position of cover behind a vehicle straight out from the camper door. Deputy Bowe was still in the woods behind the camper and Chief Koivisto remained in his same position.

Deputy Bowe relayed over the radio that he could hear the male and female arguing with each other in the back of the camper.

Deputy Petroski used the PA system and made several announcements to Claremboux. Deputy Petroski identified himself as being with the Ashland County Sheriff's Office. He told Claremboux to come out and speak with them; to come out with your hands up. Claremboux continued to yell from inside the camper but did not comply with Deputy Petroski's orders and requests. Deputy Petroski continued to make similar announcements to Claremboux about two or three more times with a couple delays in between.

█████ approached Deputy Petroski while he was in his squad. █████ handed Deputy Petroski her cellular phone which had an open line and was on speaker. Deputy Petroski took the phone and could hear a male voice who he assumed to be Claremboux. Deputy Petroski introduced himself as a deputy with the sheriffs' office. Claremboux said, "Get the fuck out of here! It's none of your business! If you don't leave I'm going to kill her!" Deputy Petroski tried to maintain a conversation with him but Claremboux refused to come out. Claremboux kept saying, "Fuck you! It's none of your business!" and eventually hung up. Deputy Petroski continued to use the PA to ask and order Claremboux to come out of the camper and talk with them.

Deputy Petroski asked █████ to call again and Claremboux answered. Claremboux continued with the same threats that he was going to kill her █████ if they didn't leave. While on the phone with Claremboux, Deputy Petroski could hear █████ talking in the background and she sounded afraid and distressed. Deputy Petroski asked Claremboux if he could show █████ them to ensure she was unharmed, but Claremboux became more agitated. Claremboux began counting down so the cops would leave and then hung up. Deputy Petroski said Claremboux continued to yell from within the camper and he could hear the female crying and in distress.

Deputy Petroski relayed over the radio that Claremboux began to countdown and Deputy Petroski felt that they needed to take action soon. He was communicating his concerns to Chief Deputy Nathan Deegan and Lieutenant Joe Eder by phone.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/28 Interview of Ashland County Sheriff's Deputy Alex Petroski

While Deputy Petroski was talking with Chief Deputy Deegan on the phone, Sergeant Janecek came over to him. About that same time, Claremboux appeared in the doorway of the camper and said, "Shoot me! Shoot me!" Deputy Petroski estimated Claremboux was in the doorway for about seven seconds and then he retreated into the camper. Deputy Petroski did not see Claremboux with a weapon at that time.

Sergeant Janecek went back over to Deputy Lipke's position behind the vehicle and then they quickly advanced to the camper door. Sergeant Janecek and Deputy Lipke cleared the doorway and then entered the camper. Deputy Petroski joined them and entered the camper behind Deputy Lipke. Deputy Petroski said it was very loud in the camper. He could hear Claremboux yelling and [REDACTED] was screaming and crying from the back of the camper. At the same time, Sergeant Janecek and Deputy Lipke were shouting commands at Claremboux. They were yelling, "Sheriff's Office! Sheriff's Office!" Deputy Petroski wasn't sure if he made any commands.

During the yelling, Deputy Petroski heard, "Drop the knife!" about three times and then he heard a single gunshot. Deputy Petroski broadcasted "Shots fired!" over the radio. Deputy Petroski couldn't see into the bedroom at any time because he was third in line behind Deputy Lipke (who was second) and Sergeant Janecek (who was first).

Sergeant Janecek ordered Deputy Lipke to secure Claremboux and do a pat-down search of him. Deputy Lipke handcuffed and briefly searched Claremboux.

Deputy Lipke assisted [REDACTED] get out of the bedroom and then passed her onto Deputy Petroski. Deputy Petroski then accompanied her to the camper door and another officer assisted her.

While assisting [REDACTED] get out of the bedroom, Deputy Petroski observed two knives lying on the bedroom floor. They were between the bed and the wall, very near where [REDACTED] was standing, and, very near and below Claremboux, who was lying on the bed after the single gunshot.

Deputy Petroski thought one of the knives may have been a folding knife.

After Deputy Petroski safely escorted [REDACTED] out of the camper, he went back in and saw Deputy Lipke struggling to provide medical care on Claremboux because he still had his rifle slung. Deputy Petroski took Deputy Lipke's rifle and handed it off to Deputy Bowe.

Deputy Petroski retrieved a medical bag and returned to assist in removing Claremboux from the camper. They eventually removed Claremboux from the camper to continue to provide care to him until EMS arrived soon after. Deputy Lipke took the lead in providing medical care. Deputy Petroski observed a gunshot wound to Claremboux's sternum area while Claremboux was lying on the ground outside.

Deputy Petroski went back into the camper to do a final security sweep. After doing so, he checked on Sergeant Janecek and Deputy Lipke. Deputy Petroski returned to the front stairs/porch of the camper to provide scene security so nobody went in or out of the camper.

Sheriff Zupke and Chief Deputy Deegan arrived on scene and met with Deputy Petroski. They asked him to tape off the scene which he did. He remained at the scene until he was requested to

Wisconsin Division of Criminal Investigation Case Report**Case/Report Number: 23-6366/28 Interview of Ashland County Sheriff's Deputy Alex Petroski**

go to the sheriff's office. WPPA Business Agent Rich Burghaus arrived on scene and gave him a ride to the sheriff's office. Deputy Petroski's squad remained at the scene.

Deputy Petroski did not fire his handgun during the incident.

Audio recording review

On August 16, 2023, DCI Digital Evidence Specialist Ryan Kelleher obtained the audio recording from Deputy Petroski's Olympus audio recorder that he had activated during the OICI. The audio file is 48 minutes and 48 seconds in length.

At the end of the interview Deputy Petroski was given an opportunity to listen to the audio recording with WPPA Business Agent Rich Burghaus and Attorney Jim Palmer. Deputy Petroski chose not to listen to the recording at that time.

Visual Aids

During the interview, SA Sutherland provided Deputy Petroski two visual aids which were provided by DCI Special Agent Justin Bender as part of his digital scene reconstruction efforts. The aids were provided for Deputy Petroski to better demonstrate certain locations as the incident occurred. One aid was an aerial view of the property located at 33695 N Foley Rd and the other was an overview of the interior of the camper where the incident occurred. WPPA Attorney Jim

Palmer also provided an aerial view of the property, which was a very similar view to SA Sutherland's property overview, but it was in color and had better clarity.

Property Overview

Deputy Petroski used Attorney Palmer's aid and made the following hand-written notations on it:

- In black marker there is an oval with the letter "A" inside which shows Deputy Austen Bowe's position
- In blue ink there are two circles which shows the approximate location of the camper.
- In black marker there is a small rectangle with the letter "A" to the right which shows where Deputy Petroski was initially positioned.
- In black marker there is a line with an arrow pointing to the letters "JL". This is the route Chief Koivisto took while establishing his position.
- "JL" shows the location of Sergeant Janecek and Chief Koivisto.
- In black marker there is a larger rectangle on the driveway which shows the location of Deputy Petroski's squad car when he was making his PA announcements.
- In black marker there are the letters "JJ" which shows the position of Sergeant Janecek and Deputy Lipke prior to making entry into the camper.
- In black marker there is a line with an arrow from "JL" to "JJ" showing the route Sergeant Janecek took while moving positions.

Camper Overview

Deputy Petroski used this aid and made the following hand-written notations on it:

- The oval represents [REDACTED] location when Deputy Petroski entered the bedroom to escort [REDACTED] out of the camper.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/28 Interview of Ashland County Sheriff's Deputy Alex Petroski

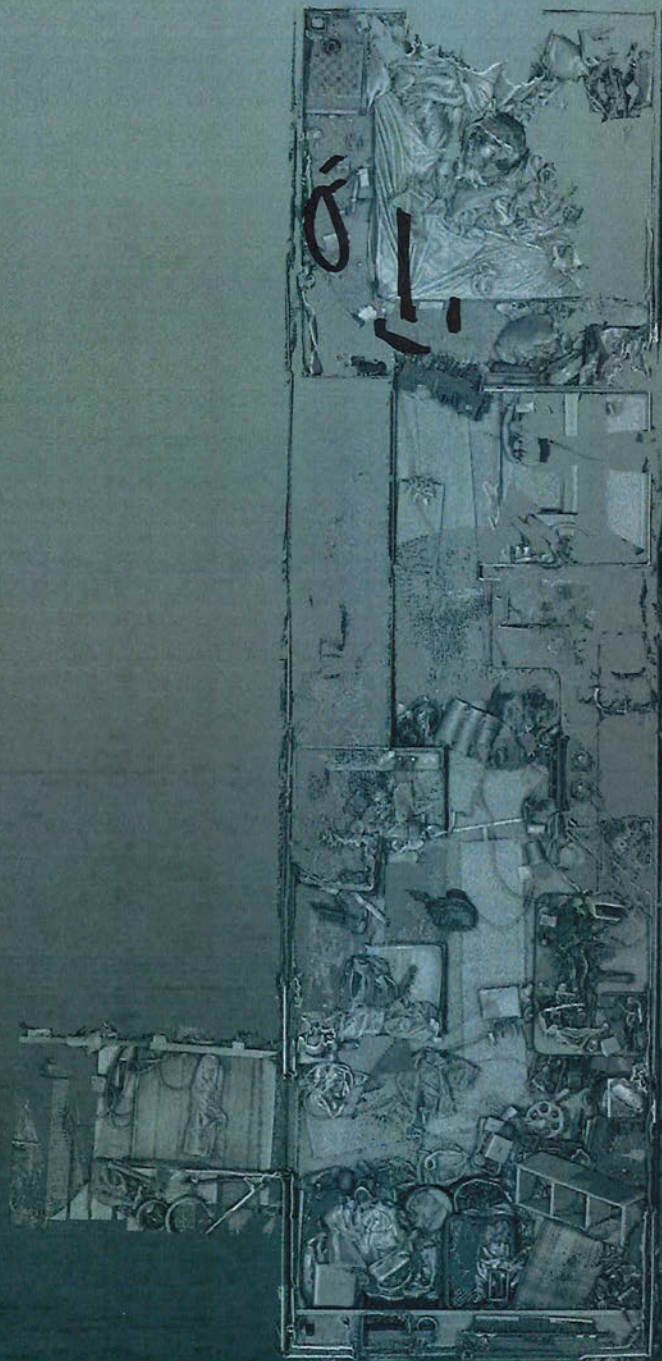

- The two small lines next to the oval represent the location of the two knives on the floor.
- The longer vertical line represents the directional position Deputy Lipke took to cover Claremboux
- The shorter line to the right of the vertical line is the position of Sergeant Janecek when Deputy Petroski entered the bedroom.
- The diagonal line below the longer line is the path/position that Deputy Petroski took while escorting [REDACTED] out of the bedroom.

SA Sutherland electronically attached both visual aids to his report in ACISS.

The interview occurred from approximately 4:31 p.m. to 6:03 p.m.

Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/32 [REDACTED] Cell Phone Extraction

On August 29, 2023 Wisconsin Department of Justice – Division of Criminal Investigation (DCI) Special Agent (SA) Brian Trowbridge examined the data extracted from a cellular telephone owned by [REDACTED], a witness in this case who provided written consent for the examination.

SA Trowbridge was aware that on August 15, 2023 assistance from DCI SA's was requested by the Ashland County Sheriff's Office, to investigate an Officer Involved Critical Incident (OICI) that had occurred at 33695 N Foley Rd, Town of Morse, Ashland County, Wisconsin that same day at approximately 6:00PM. The incident involved Officers and Deputies from the Ashland County Sheriff's Office, and Mellen Police Department. Jay Claremboux, [REDACTED], and [REDACTED] were all present during the incident. SA Trowbridge contacted [REDACTED] by phone on August 31, 2023 in order to confirm the saved contact she had for Claremboux. [REDACTED] told SA Trowbridge that the contact was saved under DC because her parents didn't approve of her remaining in contact with Claremboux, and [REDACTED] also confirmed that the number associated with DC/Claremboux is [REDACTED].

SA Trowbridge located the extraction report, named "EvidenceCollection_2023-08-16_Report.ufdr" in the DCIR folder associated with this case and opened it with the accompanying CellebriteReader application. SA Trowbridge noticed that the timezone listed on the report was UTC+0, so the settings in the CellebriteReader application were changed to UTC-5 which allows the program to translate the timestamps in the report as Central Standard Time.

SA Trowbridge located several incoming and outgoing phone calls on August 15th, both before and after the incident in question. The calls were all either from, or to, [REDACTED] & [REDACTED], [REDACTED] DC, [REDACTED], and [REDACTED]. SA Trowbridge was aware that 911 was called at approximately 6:00PM during this incident. Wisconsin Division of Criminal Investigation Case Report
Case/Report Number: 23-6366/35

On Tuesday, August 15, 2023, Wisconsin Department of Justice / Division of Criminal Investigation (WI DOJ/DCI) Special Agents (SA) were requested to investigate an Officer Involved Critical Incident (OICI) which occurred at 33695 North Foley Road, in the Township of Morse, Ashland County, Wisconsin. Jay A. Claremboux was fatally shot by a law enforcement officer from the Ashland County Sheriff's Office during the incident. The WI DOJ/DCI was requested to be the lead investigative agency for the OICI.

Forensic Data Processing:

- **Trimble X7 Data Processing:**

WI DOJ/DCI SA Justin Bender completed the forensic data processing of the Trimble X7 data collected by Wisconsin State Patrol – Technical Reconstruction Unit (WSP-TRU) Trooper Kyle DeVries and WSP-TRU Trooper Tim Larson at the incident scene on August 15, 2023. SA Bender processed and registered the data utilizing Trimble RealWorks (*point cloud processing and registration software*).

- **Trimble R10 Global Navigation Satellite System (GNSS) and Skydio Small Unmanned Aircraft System (sUAS) Data Processing:**

SA Bender completed the forensic data processing of the GNSS and sUAS data collected by WI DOJ/DCI SA Theodore Indermuhle and SA Bender at the incident scene on August 24, 2023 (GNSS collection) and August 30, 2023 (sUAS collection). SA Bender processed and registered the GNSS and sUAS data utilizing Pix4Dmapper (*photogrammetry processing software*), which generated a 3D point cloud and 2D orthomosaic digital image of the incident scene.

- **Trimble X7, Trimble R10 GNSS, and Skydio sUAS Data Merging:**

SA Bender merged and further analyzed the RealWorks and Pix4D registered projects utilizing Trimble Reveal (*3D diagramming and analysis software*). SA Bender completed the following high-resolution snapshot views and scaled scene diagrams from the completed RealWorks and Reveal project files.

Scene Reconstruction:

- **Preliminary Diagrams:**

The following preliminary diagrams (grayscale color format) were provided to WI DOJ/DCI SA Shawn Sutherland and WI DOJ/DCI SA Timothy Gensler as visual aids for officer interviews that were completed on August 18, 2023.

1. Overall

- Preliminary Diagram 1 shows a top-down high-resolution snapshot view of the registered RealWorks 3D point cloud project of the incident scene depicting the gravel driveway, the [REDACTED] and Jay Claremboux camper, and [REDACTED] cabin. High vegetation, along with miscellaneous vehicles and other building outlines can be seen in the diagram.

2. Overall (reduced vegetation & no roof)

- Preliminary Diagram 2 shows a top-down high-resolution snapshot view of the registered RealWorks 3D point cloud project of the incident scene depicting the gravel driveway, the [REDACTED] and Jay Claremboux camper, [REDACTED] cabin, and the miscellaneous vehicles and other building outlines depicted in Preliminary Diagram 1. The measured points of the high vegetation treetops and camper roof were hidden within the RealWorks software, allowing the camper's interior layout to be viewed unobstructed.

3. Camper Only – Top-Down (no roof)

- Preliminary Diagram 3 shows a top-down high-resolution snapshot view of the registered RealWorks 3D point cloud project of the [REDACTED] and Jay Claremboux camper. The measured points of the camper roof were hidden within the RealWorks software, allowing the camper's interior layout to be viewed unobstructed.

4. Aerial Overall

- Preliminary Diagram 4 shows an overall Trimble Maps aerial overview within Reveal of the incident scene and surrounding area.

5. Aerial Mid-Range View

- Preliminary Diagram 5 shows a mid-range Trimble Maps aerial overview within Reveal of the incident scene and surrounding area.

6. Aerial Close-Up

- Preliminary Diagram 6 shows a close-up Trimble Maps aerial overview within Reveal of the incident scene and surrounding area.

- **Property Diagrams:**

The following property diagrams show the overall incident location at 33695 North Foley Road.

1. **Trimble Maps Aerial**

- Property Diagram 1 shows a Trimble Maps aerial overview within the merged Reveal project of the incident scene and surrounding area. The following occupancy locations are depicted in the diagram:

- o [REDACTED] Trailer
- o [REDACTED] Camper
- o [REDACTED] Camper
- o [REDACTED] Cabin
- o [REDACTED] and Jay Claremboux Camper

2. **Pix4D Ortho with Aerial Underlay**

- Property Diagram 2 shows the same Trimble Maps aerial overview and occupancy locations depicted in Property Diagram 1 within the Reveal project. The aerial map is shown as an underlay behind the 2D orthomosaic digital image generated within Pix4Dmapper of the incident scene.

3. **Models-Road Surface with Pix4D Underlay**

- Property Diagram 3 shows the 2D orthomosaic digital image of the incident scene and occupancy locations within the Reveal project without the aerial underlay depicted in Property Diagram 2. The Pix4D orthomosaic is shown as an underlay behind the surfaced roadway, surfaced driveway, tree model locations, building model locations, vehicle model locations, and other miscellaneous items on the property.

4. **Models-Road Surface Only**

- Property Diagram 4 shows the same features as Property Diagram 3 without the Pix4D orthomosaic underlay.

- **Camper Diagrams:**

The following camper diagrams show the [REDACTED] and Jay Claremboux camper where the incident took place.

1. 3D Scan Data (grayscale & no roof)

- Camper Diagram 1 shows the 3D point cloud data within the Reveal project in a grayscale color format. The measured points of the camper roof were hidden within the Reveal software, allowing the camper's interior layout to be viewed unobstructed.

2. 3D Scan Data (true color & no roof)

- Camper Diagram 2 shows the 3D point cloud data within the Reveal project in a true color format. The measured points of the camper roof were hidden within the Reveal software, allowing the camper's interior layout to be viewed unobstructed.

3. Layout with 3D Scan Data Underlay

- Camper Diagram 3 shows the same 3D point cloud data depicted in Camper Diagram 2 within the Reveal project. The point cloud is shown as an underlay behind the diagrammed entrance stairs, diagrammed camper's interior layout, and furnishing locations and models. The southeast portion of the camper, adjacent to the entrance stairs, had an open floor plan with a raised ledge on the south wall. Traveling from the entrance area towards the northwest portion of the camper, the floor plan transitioned into a seating area with a red table, kitchen, hallway, bathroom, and lastly a bedroom.

4. Layout with No Underlay

- Camper Diagram 4 shows the same features as Camper Diagram 3 without the 3D point data underlay.

5. Layout with Floor Underlay

- Camper Diagram 5 shows the same features as Camper Diagram 4 with a colored floor underlay.

6. Layout with Evidence Locations

- Camper Diagram 6 shows the same features as Camper Diagram 5, including evidence locations numbered 1–6 identified by WI DOJ/DCI SA David Kleinhans.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/36 Acquisition of Ashland Walmart surveillance video - 9/1/2023

On August 29, 2023, Special Agent (SA) Shawn Sutherland with the Wisconsin Department of Justice, Division of Criminal Investigation (DCI) requested video surveillance footage from the Walmart Supercenter, located at 2500 Lakeshore Dr E, Ashland, Wisconsin. SA Sutherland learned through this investigation that Jay Claremboux may have assaulted [REDACTED] in or near the minivan that they rode to Walmart in, while traveling with [REDACTED] on August 15, 2023.

SA Sutherland spoke with Don Porter, who is the Asset Protection employee at that store, and requested video surveillance footage from August 15, 2023. SA Sutherland described the minivan and the three subjects he was interested in getting video of which included [REDACTED], [REDACTED], and Jay Claremboux, and the light blue minivan that [REDACTED] was driving. SA Sutherland provided Mr. Porter a time-frame of approximately 4:00 pm to 4:30 pm on August 15, 2023, which is when he believed they were at the store.

Mr. Porter later notified SA Sutherland that he located the minivan and the three subjects in question. He estimated they were at the store or in the lot for almost two hours.

On September 1, 2023, SA Sutherland met with Mr. Porter at the Walmart Supercenter at approximately 11:20 am. Mr. Porter showed SA Sutherland some of the video surveillance footage of the subjects and the minivan and SA Sutherland confirmed it was the footage he was interested in.

Mr. Porter previously saved the video surveillance footage to a DVD disk and created a duplicate copy of that disk. Mr. Porter provided SA Sutherland with both disks.

On September 5, 2023, SA Sutherland viewed the video footage on both DVD disks and ensured they were identical and played properly. SA Sutherland found eight (8) video files and a VerintVideo SolutionsCodecs player file and file shortcut on the disks. He uploaded all ten (10) of the files from the DVD disk into the DCI Critical Incident folder under this case number. SA Sutherland gave DCI SA Jay Greeno the disk and he submitted it into temporary evidence storage at the DCI Eau Claire field office. SA Sutherland destroyed the other duplicate disk.

On September 5, 2023, SA Greeno agreed to review the video footage to determine if the alleged assault of [REDACTED] by Claremboux was captured on any of the surveillance cameras. See SA Greeno's report for additional details regarding the video footage.

subjects at the end of the driveway. As I walked up the driveway, I observed the EMS personnel from the Mellen Ambulance Service [REDACTED] a male subject. I then observed Chief Deputy Deegan, Sgt. Janecek and Deputy Lipke standing nearby and approached their location.

Once by Chief Deputy Deegan, Sgt. Janecek and Deputy Lipke, I was advised that Sgt. Janecek had fired his duty rifle during the incident. Chief Deputy Deegan then took Sgt. Janecek away from the immediate area and I spoke with Deputy Lipke.

Deputy Lipke advised me that he and Sgt. Janecek could hear what they believed to be a woman being beaten inside a trailer that was located on the property. He said that due to what they were hearing they decided they needed take immediate action and enter the trailer. Deputy Lipke said that Sgt. Janecek was the first to enter the door and he was right behind him. He said that once inside the trailer, he observed a male subject with a knife holding a female subject against her will. He said that Sgt. Janecek fired his weapon striking the subject with the knife. Deputy Lipke said that the subject that was shot gave Sgt. Janecek no choice. He said that immediately after the shot was fired they began to provide medical attention the to male that had been shot.

After speaking with Deputy Lipke who was visually shaken from the incident, I spoke with Chief Deputy Deegan and Sgt. Janecek who was also visually shaken. It was determined that I removed Sgt. Janecek from the scene at this time. Sgt. Janecek and I then left the scene and I took Sgt. Janecek to his residence so that he would advise his wife and family that he was ok. After a brief period of time at his residence I took Sgt. Janecek to the Ashland County Sheriff's Office. We remained at the Sheriff's Office for a short period where I met with Deputy Lipke and checked on his wellbeing.

I then took Sgt. Janecek to Memorial Medical Center for a blood draw and at approximately 10:10 P.M. I observed Sgt. Janecek provide a blood sample to the lab technician. The blood sample was then placed into a sealed blood kit and I later placed the kit into an evidence locker at the Ashland County Sheriff's Office. Sgt. Detective Pierce later retrieved the sample from evidence on August 16th and sent it to the Wisconsin State Lab of Hygiene.

After Sgt. Janecek and I left the Memorial Medical Center we returned to the Sheriff's Office where Sgt. Janecek, Deputy Lipke, Deputy Bowe, Deputy Petroski and City of Mellen Police Chief Koivisto who were on scene at the time of the shooting met with agents from the Wisconsin Department of Criminal Investigation (DCI).

While at the office, I obtained Sgt. Janecek's body cam from Chief Deputy Deegan. I also obtained Deputy Petroski's digital voice recorder from him as he advised he had it activated while he was on scene and that it was on at the time of the shooting. Both the video and audio files were then turned over to DCI agents.

I then arranged to have EAP services provided to all deputies that were on scene at the time of the shooting.

In the morning hours of August 16th I met with IT Director Foley and requested that he lock the department system used for uploading body cam footage so that no one could access or view body cam footage until further notice. IT Director Foley later advised me that this task had been completed.

Wisconsin Division of Criminal Investigation Case Report

Case/Report Number: 23-6366/41 Initial Public Safety statement provided by Ashland County Sheriff's Sergeant Jason Janecek - 8/15/2023

On Tuesday, August 15, 2023, at approximately 6:30 p.m., the Ashland County Sheriff's Office (ACSO) and the Mellen Police Department were involved in an Officer-Involved Critical Incident (OICI) at 33695 North Foley Rd, Town of Morse, Ashland County, WI. The OICI resulted in the fatal shooting of Jay Allen Clarendoux, who was shot by ACSO Patrol Sergeant Jason Janecek. The Ashland County Sheriff's Office requested the Wisconsin Department of Justice, Division of Criminal Investigation (DCI) lead the investigation of the OICI.

DCI Special Agents (SAs) Shawn Sutherland and Timothy Gensler responded to the Ashland County Sheriff's Office to be briefed on the incident while several other agents responded to the scene.

Upon arriving at the sheriff's office, SA Sutherland and SA Gensler were assigned to conduct interviews of the officers involved. Sergeant Janecek was at the sheriff's office with his union representative, Wisconsin Professional Police Association (WPPA) Business Agent (BA) Rich Burghaus.

At approximately 11:45 p.m., after Sergeant Janecek met with BA Burghaus, Sergeant Janecek agreed to provide a brief statement to SA Sutherland and SA Gensler to aid in identifying items of evidence and their locations within the scene where the shooting occurred. Sergeant Janecek provided his statement through BA Burghaus, who stated the following:

After Sergeant Janecek arrived on scene, he and another deputy eventually made entry into the camper trailer where a male had a knife and was threatening to kill a female, who was also in the camper trailer. Sergeant Janecek was first to enter and Deputy Lipke was behind him. As they moved toward the back bedroom of the camper trailer Sergeant Janecek was making verbal announcements and commands. As Sergeant Janecek reached the bedroom doorway, he observed a male subject sitting on the edge of the bed who had a bladed weapon in one of his hands. He described the blade as being shiny and approximately six to eight inches in length. He observed a female in front of the male and she was within arms reach of the male. The male subject was looking at Sergeant Janecek and did not drop the bladed weapon. The male subject started to stand up and Sergeant Janecek fired his department issued rifle one time at the male subject. The male fell onto the bed and the bladed weapon fell onto the floor. As they were assisting the female out of the room and securing the male with handcuffs, they observed a second bladed weapon on the floor near the initial bladed weapon the male dropped after being shot.

This concluded the statement provided by Sergeant Janecek at that time.

SA Sutherland provided this information to DCI Special Agent David Kleinhans, who was assigned to processing the scene.

On September 2nd, 2023 Wisconsin Department of Justice - Division of Criminal Investigation (DCI) Special Agent (SA) Brian Trowbridge documented three text messages he received from [REDACTED], related to this case.

SA Trowbridge was aware that on August 15, 2023 assistance from DCI SA's was requested by the Ashland County Sheriff's Office, to investigate an Officer Involved Critical Incident (OICI) that had occurred at 33695 N Foley Rd, Town of Morse, Ashland County, Wisconsin that same day at approximately 6:00PM. The incident involved Officers and Deputies from the Ashland County Sheriff's Office, and Mellen Police Department. Jay Claremboux, [REDACTED], and [REDACTED] were all present during the incident. SA Trowbridge contacted [REDACTED] by phone on August 31, 2023 in order to confirm the saved contact she had for Claremboux. [REDACTED] told SA Trowbridge that the contact was saved under DC because her parents didn't approve of her remaining in contact with Claremboux, and [REDACTED] also confirmed that the number associated with DC/Claremboux is [REDACTED].

At approximately 11:15AM on September 2, 2023 SA Trowbridge received a text message from [REDACTED]. At approximately 11:29AM a second message was received. Finally, at approximately 1:42PM the third, and final, message was received. The messages documented concerns [REDACTED] had related to this investigation. The fact that the messages were received by SA Trowbridge was communicated to Case Agent SA Sutherland.

SA Trowbridge did not reply to the messages until September 7th, 2023 at 11:20AM. SA Trowbridge sent one message to [REDACTED] indicating that her messages related to this investigation would be documented, and that if any further concerns arose Crime Response Specialist Lisa Seidel should be her point of contact.

Screen shots of the text messages were uploaded to DCIR.
