## RAVENSTYLE

### Discover Your Style

with Julie Raven. Are you dressing for your body shape? Are you an "A", "V", "H" or "X"? Learning your body shape will allow you to select styles that accentuate your best assets and downplay your challenged areas to portray a balanced, hourglass look. You will begin to master the art of dressing using your own body shape and evaluate how trends will work for you instead of trying to make each season's trends work for your body.

*Each attendee will be measured and assessed for their body type.  
Julie Raven will demonstrate how each body type should dress.*

### This is a PERFECT Girls night out event!
