Fundraiser for the Sawyer County K-9 Initiative. Recently our K-9 police dog 'Trace' has been instrumental in sending seven to jail for offenses ranging from possession with intent to deliver cocaine, marijauna, probation violations, and the arrest of a felon with an escape warrant. These cases also led to a handgun being taken off the street, a 3 year old being removed from a drug endangered environment, and Trace was there to assist the SWAT Team with a high risk operation. Trace was able to do all this because of the proactive Deputies and Officers in our local agencies. Trace is continually busy and the last couple weeks have highlighted the need and push to raise funds for our second K-9 team led by Deputy Dennis Nelson.
