

A man with grey hair, wearing a dark sweater and blue jeans, stands in front of a brick wall. He is holding a white rectangular sign with both hands. The sign has the text "UNAffordable Care Act" on it. The "UN" is in red, and the rest is in black. To the right of the man, there is a large yellow text overlay that reads "If I have to pay more, then it's not 'affordable.'".

**UNAffordable  
Care Act**

If I have to pay more,  
**then it's not**  
**"affordable."**

# Rep. Ann Kirkpatrick voted for ObamaCare. Now health care costs are skyrocketing.

When Congresswoman Ann Kirkpatrick and President Obama passed the Affordable Care Act known as ObamaCare, they promised it would lower health care costs.

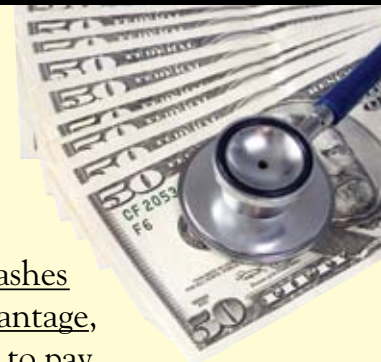

But that turned out not to be true.

The truth is ObamaCare's maze of bureaucracy and new taxes are making health care costs increase 33% faster than before. Prices were already rising too fast, now it's worse.

And cuts to Medicare Advantage means millions of seniors will have to pay out of pocket for coverage like vision, dental and more.

## We Can't Afford ObamaCare

- **Pay more out of pocket** — ObamaCare slashes Medicare Advantage, forcing seniors to pay more for vision and dental coverage
- **Higher premiums** — Health care premiums under ObamaCare will increase dramatically, meaning fewer can afford insurance
- **Less coverage** — Many businesses are dropping coverage for spouses and families, forcing them to pay more or go without health care

**UNAffordable  
Care Act**

**ObamaCare makes health care less affordable.**

to make seniors pay more for health care.**
