

# A minor illness can be a bear.

ExpressMed, a convenient, extended-healthcare service of Logansport Memorial Hospital, is designed to diagnose and treat non-emergency illnesses and conditions quickly, professionally and affordably – without the wait sometimes associated with a trip to the emergency room.

## Minor illnesses

and conditions include colds or the flu, allergies, insect bites, bronchitis, ear

aches, muscle pulls and strains, respiratory and sinus

infections, diarrhea, and more. The cost and paperwork are minimal.

If you or your child has a minor illness or condition in need of a doctor's care, visit ExpressMed. Walk-ins welcome.
