Lady Bird

Garfield

Meet Lady Bird, our very own **BFG — Big Friendly Giant!** At around 5 years old, this beautiful large Newfie mix is the definition of gentle love wrapped in a fluffy package. Lady Bird is a calm, slow-moving sweetheart who enjoys taking life at her own easy pace... until she hears the word "walk" or the crinkle of a treat bag! Then this Valentine's superstar is ready to impress — she'll sit and shake on cue just to win your heart (and maybe a snack or two).

Lady Bird adores the great outdoors, whether it's a crisp February stroll or soaking up the winter sunshine. She's excited to make new doggie friends and is always accepting applications for humans willing to provide quality ear massages.

Spring is blooming a little early this year, and his name is Garfield! This handsome brown and white tabby, around 3 years old, is a **BIG love muffin** with an even bigger heart. Garfield is the kind of guy who believes affection should never be kept to yourself — he'll snuggle right up, gently hold your face in his paws, and lean in for the sweetest head rubs. If you're looking for a cat who isn't shy about showing love, Garfield is ready to shower it on you!

When he's not busy soaking up cuddles, Garfield enjoys batting around a few fun toys and spreading his cheerful energy to everyone he meets — people, other cats, you name it! His warm, outgoing personality is like the first sunny day after winter, bringing cozy vibes and fresh-start feelings wherever he goes.
