Khloe

Shiba

Khloe: The Dog Who Sees With Her Heart- If you're looking for a companion who embodies courage, joy, and unconditional love, Khloe is your girl. This 3-year-old black Lab has faced more than her fair share of challenges-but don't tell her that. She's too busy living her best life. Diagnosed with diabetes, Khloe takes her twice-daily insulin like a champ. She's also blind, but you'd never know it watching her navigate the world with confidence and curiosity. She doesn't see obstacles-she sees opportunities for belly rubs, tail wags, and new friendships. She is ready to live the loved life where she can snuggle her people and play and romp like the playful girl that she is!

Meet Shiba, a beautiful 6-year-old Siberian Husky mix with a playful spirit and a heart full of love! Shiba lives for fetch and outdoor adventures-whether it's chasing a ball or just soaking up the fresh air, she's happiest when she's outside. She's comfortable around other dogs and always appreciates a good butt scratch and a tasty treat (though she might need to cut back on the snacks-Shiba's working on her figure!). She does shed, as Huskies do, and would thrive in a home that understands her need for space and activity. Shiba isn't the biggest fan of younger kids, so a calmer, adult household would be her ideal match. If you're looking for a loyal, fun-loving companion with a little sass and a lot of heart, Shiba might just be your perfect match!
