2016 outlook

Norris softball coach Dave Carpenter is optimistic about his team heading into the 2016 season.

He returns eight starters from last year's team that finished 18-

14. They do lose two key players in four-year starter Dani Meierhenry and three-year starter Bailey Klein.

Returning starters include Kyndall Barber, Anna Barent, Madison Harper, Kaili Jorgens, Jady Lindgren, Kaitlyn Tracy, Rylie Bryant and Lindsey Pressler.

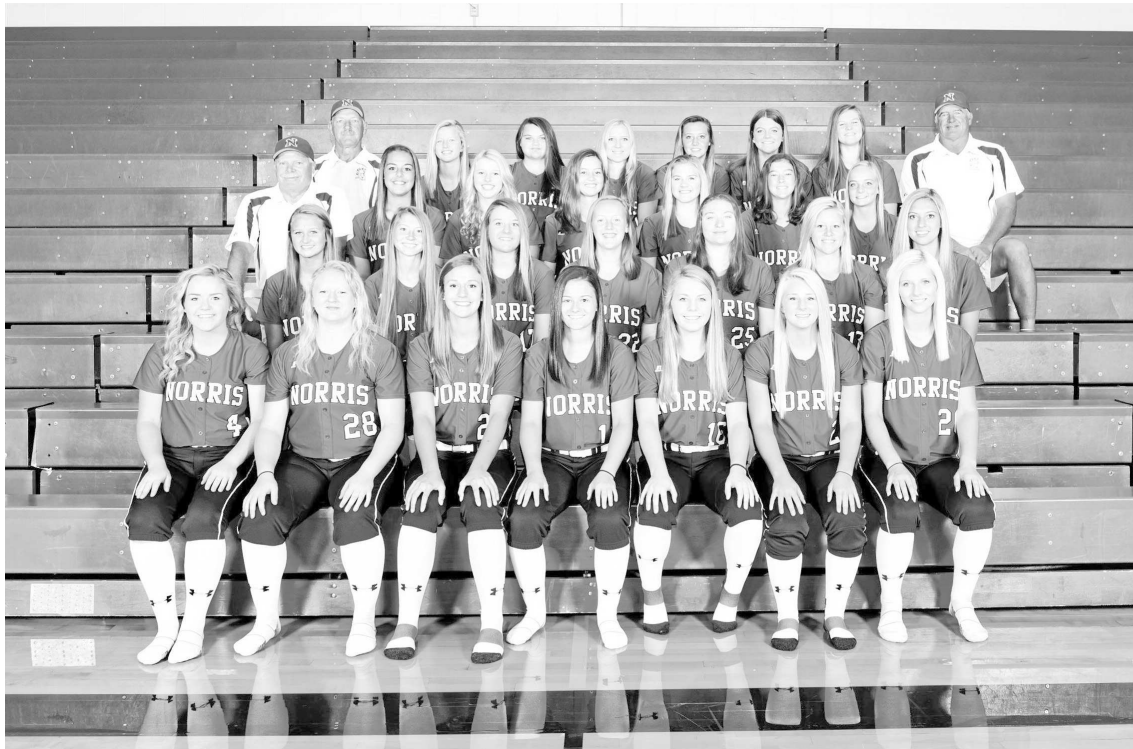

"We have a very good nucleus of returning starters and letter winners," Carpenter said. "I feel that we also have a talented JV team and some very good incoming freshmen. We have an athletic group of players with good overall team speed."

Carpenter said hitting will be the team's strength and he hopes their difficult schedule will prepare them for the postseason.

"Because of the EMC and our tournament schedule, we have the potential to play the very best teams in the state," Carpenter said. "We have a main goal of getting back to the state tournament."

2016 outlook

The Norris girls golf team finished 10th at Class B State last year and look to improve upon that this year.

The Lady Titans return four players from that team, including Addison Pogreba, who finished 21st at state last year and 29th the year before.

Norris has 13 players, including a large group of freshmen this year. "Our strength is definitely having four returning starters," said Norris coach Susan Steuer. "We want to return to the state tournament and improve on our placing from last year."
