Katerina suffered from leg and foot pain for many years. She tried one prescription drug after another, but they didn’t help. She had electrical stimulation. None of these worked. At her wit’s end, and fed up with suffering, Katerina took charge of her health. She went to the California Chinese library. She started researching various herbs and natural remedies for leg and foot pain. As a result of her research, she learned that there were three proven safe herbs in Chinese medicine that had helped people for over 3,000 years.

On the third day, her pain, burning and "hot flames" began to lessen. Katerina went to one of her doctors. He listened to everything she had to say, and then he told her to try Veintrex. She was excited to try something new. Katerina had already been sold on the Chinese miracle have 30,000 doses of this herbal treatment to 100,000 vegans.
