The blue sky is the limit to what we can do together to make everyone happy and healthy. So Blue Cross and Blue Shield of Montana is launching a statewide Big Blue Sky Initiative to help fight opioid abuse, rising suicide rates and meth and heroin epidemics that can get in our way of living healthier, fuller lives. The Big Blue Sky Initiative is ready to put resources in the hands of the communities we serve, so we all get through this together.

By bringing health care providers, community groups and state government together to fight this fight, we can set a positive example for years to come. Because with everyone's help, there's hope.

Together the blue sky is the limit to what we can do to make everyone happy and healthy.
