OCTOBER 18TH,

— WE WILL —

PEACEFULLY PROTEST OUR FALSE KING

He has declared war on our Constitution, our rule of law,
and our federal courts.

He has sought absolute, unchecked power.

He has proclaimed the free press to be the “enemy of the people.”

He has invented false emergencies to seize powers
that he does not have.

He has unleashed the military in our cities without our consent.

He has sent masked and unidentified men to abduct us.

He has undermined vaccines and dismantled the agencies that
protect us from plagues, putting American lives at risk.

He has abused the power of the presidency to attack and
prosecute his political opponents.

He has attempted to stifle our speech and silence our dissent.

He has exploited his office to enrich himself, his family,
and his friends.
