SALISH KOOTENAI COLLEGE

GROUNDED IN TRADITION. CHARGING INTO THE FUTURE.

Diverse and Connected

SKC serves students from around northwestern Montana and across the United States. The learning environment creates an awareness and appreciation for the diversity of students – Native and non-Native – that attend the College. As a small college, we provide a close connection between students and faculty, creating a safe setting to explore new paths.

Rising to the Challenge

As SKC faces the future it continues to adapt. More and more of our classes and programs are available online. While faculty and student services remain very accessible, students may choose to take classes from home. The College strives to make classes engaging and culturally-sustaining, whether online or on campus.

Serving Something Greater

Service Learning and Citizenship are components of all SKC programs. When SKC graduates begin their careers, they understand they are not just going to work. They are attending to the vital needs of their communities.
