

Motivated Addictions Alternative Program

MAAP provides jail-based detox beds and therefore all clients receiving services from them are part of the Mill Levy population.

Total number of unique individuals for Quarter 3: 47

Notes: Data are all unique individuals served by MAAP during November 2022 to January 2023. Mill Levy clients are those who are experiencing homelessness or have involvement with the criminal justice system. Unique individuals are determined by a distinct social security number (SSN). If SSN is missing, other demographic details are used to determine unique clients, if possible. All client data represent data received by JG from MAAP and may not reflect the full population of clients served by the site.
