READERS' CHOICE

To the WINNERS, FAVORITES, VOTERS AND READERS

By CHARITY DEWING

2020 came in with a lot of uncertainty for many locally owned businesses in the Magic City, Montana and our region that were affected by COVID-19, the impending lockdown and reopening phases. The remarkable and inspirational reaction from the businesses and professionals demonstrated incredible perseverance, compassion, community loyalty, and unity. Following the protocols was not easy, but it was done for the sake of everyone in Billings – both business-wise and for community well-being.

Readers' Choice is a representation of that community unity. This year, the categories, nominations, winners, and publication are bigger than ever. The Billings Gazette received as many as 21,000 participants and as many as 332,000 votes cast throughout the whole Readers' Choice campaign.

Even more inspiring than each of the winner's tenacity to stay afloat was their worry and aid to keep our community thriving and safe. Time and again, the very deserving winners and finalists showed persistence to keep doors open and serve the community, all the while looking after their fellow neighbor.

I am not only proud of the amazing winners in this year's Readers' Choice, I am honored to live in a community that works hard to take care of one another and demonstrate such incredible grit.

Congratulations to the Readers' Choice winners and thank you for your devotion, service, and love for our great state and Billings.

Skypoint in downtown Billings.

community for many years to come,” said owner Tyler Samson.

What makes you stand out from the competition?

The number one thing we focus on in our business model is hospitality. I am a big believer that our guests remember more than anything how they felt while at our restaurant. We want to customize each and every dining experience for our guests. Our culinary team procures the freshest ingredients possible, from produce, to the land or sea and focuses on precise execution when plating each and every dish. Pairing unmatched hospitality with amazing food is our winning combination. Seeing people connect over food and wine is a beautiful thing.

“People will forget what you said. They will forget what you did. But they will never forget how you made them feel.” - Maya Angelou

What brings customers back to your business?

Doing something unique is always going to attract new guests, but to bring them back continuously with all of the competition to choose from we make sure our food and service is always impeccable. We are very blessed to have a great number of loyal guests who frequent our restaurant every week. We focus on creating long-lasting relationships.

What makes your business a good place to work?

The entire staff takes so much pride in what they do. Our entire staff is very passionate about what they do, and no matter what position they are always eager to learn new things and help others.

What do you love most about having your business in this community?

Enzo has always been a local favorite. Keeping Enzo an iconic Billings restaurant was the main goal, and we are so blessed for all of the continued support we have had since the new ownership and especially during this pandemic.

What can customers expect when they walk through your doors?

A very welcoming environment. The first thing you see is our open kitchen with our culinary team preparing all the dishes. You will always be greeted by the culinary staff as well as our hosts and managers, and don't forget to check out the amazing art by local artist, Kira Fercho.

What does it mean to be voted Best of the Best?

Being someone's favorite anything is the highest honor we can receive. That is something that can never be argued. There are some great restaurants in Billings, and we are so grateful for this honor continuously the last few years.

What are you most proud of?

I am so proud of our entire staff for how they have performed during this pandemic. We have not missed a beat when it comes to service, food quality, and safety for our staff and guests. There was no playbook invented for anything like this, but I am so impressed with our staff every single day.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We try and donate to all of the nonprofits as often as possible and help with local fundraisers. Our community has done so much for us it is always a goal of ours to give back as much as we can.

What makes your business popular with families?

Not only a great date night spot, Enzo has always been a family establishment. Our “junior gourmand” menu has a lot of great options. Having a 6-month-old baby boy myself, I always enjoy seeing people have their family dinners with us.

Edgar Bar, 4 years in business

edgarbarmt.com

Edgar Bar is a destination, Montana steakhouse. In a state that you must drive an hour to get anywhere, no drive is too far to get to the Edgar Bar. The bar serves local beef from the Oswald Family Farm and serve scratch food in a town of 100 people. While open for about 4 1/2 years, the owners say it has been around since the 1950s.

What brings customers back to your business?

The legendary food – scratch kitchen, local beef, fresh, never frozen products.

Ambiance – located in beautiful, Clark's Fork Valley, in rustic Edgar (population 100), in an iconic old Montana bar – doesn't get better than that.

Hospitality – best service and friendliest team you will ever encounter. Our staff is not here just to serve you, we want to create the best experience a guest can get. Once a guest, always a friend.

What's something your customers may not know about your business?

The Edgar Bar has been in business in some form or fashion for over 75 years. We continually expand and update to provide the best dining/entertainment experience in Montana.

What makes your business a good place to work?

We aren't corporate. We foster a family atmosphere. Our employees are not just staff, they are friends and family. We all work together to provide the best experience possible.

What do you love most about having your business in this community?

The friendships and love. Kim and I have been fortunate enough to be welcomed into this wonderful, caring community. We have employed kids from Bridger, Fromberg, Roberts, Joliet and Laurel. They become family. Truly special relationships.

What can customers expect when they walk through your doors?

A smile, a cool vibe, legendary steaks, and jumbo shrimp.

What does it mean to be voted Best of the Best?

Kim and I have never looked for accolades. But, to do the work and see the appreciation is truly gratifying. It would not be possible without our team and community. And I would be remiss to say it would not have been possible without the faith of two special people, Shane and Gina Colton, who believed in our vision.

What are you most proud of?

The work. The commitment. The passion. The team.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

What brings customers back to your business?

Great food, quality customer service, and community involvement.

What's something your customers may not know about your business?

We are a local brand founded and created in Billings, with aspirations and a business plan to grow across the country.

What makes your business a good place to work?

We have a great culture and can offer anyone the opportunity to grow with the company as we expand. We are hoping to double our employee count every year and offer new higher paying jobs as we become a large company. We will definitely have staff members that come in for an entry level job that work their way into some awesome positions, as they are created, in our company over the next 5-10 years.

What do you love most about having your business in this community?

I think Billings is an amazing place to start and grow a brand. The community is extremely supportive, and the smaller population allows a business to be closely connected with their customer base.

What can customers expect when they walk through your doors?

Great food, quality customer service, and an enjoyable environment.

What does it mean to be voted Best of the Best?

Being voted Best in Billings is humbling and something we believed since we opened in Nov. 2015. I started this business to be better than an average sandwich shop and we worked hard to ensure that every ingredient sourced is the best available.

What are you most proud of?

I am proud of my beautiful family. My wife Danielle, and our kids Vaya and Vander, are the reason I work so hard. They are the support system that allows me to go out and build a large business. Entrepreneurship is an emotional roller coaster that involves some major risk-taking and without my family I would not be where I am today.

What's your secret to good customer service?

Hiring and cultivating happy employees that understand customer experience is the number one factor in building and growing a business.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We have partnered with many groups including Billings Exchange Clubs, Rimrock Foundation, Head Start, Copper Ridge Playground, and high school sports teams across the city. Each time we open a new store, we will be partnering with non-profits donating a portion of sales.

What makes you stand out from the competition?

At Jersey Mike's, we offer a sub above – one that's measured in more than inches or seconds 'til served. We carefully consider every aspect of what we do – every slice, every sandwich, every store, we provide our customers with sustenance and substance too. Here's how we do it:

The Juice – red wine vinegar and an olive oil blend. It is how a Jersey Mike's sub gets its exquisite zing.

Pride in our produce – our produce is grown, packed, and shipped locally (where available), and then handled with the utmost care at our stores.

Cooked in-store roast beef – we trim and cook our roast beefs, USDA choice top rounds, right in the store. Fresh sliced, fresh grilled slicing meats and cheeses right in front of you is not only the tastiest way to make a sub sandwich – it is the only authentic way.

Serving oven-fresh bread – daily authentic Jersey bread is the foundation of a sub above.

FITNESS CENTER

Fit 406 Bootcamp, 1 year in business

2135 Grand Ave. Suite B
(406) 894-2034
Fit406bootcamp.com

You aren't just a number, here. Unlike a box gym or a large corporate gym, Fit 406 Bootcamp treats each client with special attention – they know your name and establish personal relationships.

Open to all fitness levels, the staff meets every individual where they are in their personal fitness journey. Boot camp is a 45-minute full body workout that incorporates cardio, HIIT (high intensity interval training), and weights to build a strong core, strength, and endurance in a high energy group setting. Every day is a different workout that is fun and challenging.

What brings customers back to your business?

Definitely the trainers, the workouts and the welcoming and encouraging atmosphere.

Our trainers provide a full body workout every day that is creative, fun, and challenging. The trainers build relationships with the members and help our clients to reach their personal goals. All of our coaches bring a desire and passion for health and fitness and helping others.

What's something your customers may not know about your business?

We offer the Fit 3D scanner. There

is nothing more accurate on the fitness market than this body scan technology. Members have unlimited use and the price for the community is just \$20 per scan. In 35 seconds, the Fit 3D scanner gives over 200 measurements including body fat, lean mass and posture reports as well as full body circumference measurements. This gives clients the ability to actually visualize their progress.

What makes your business a good place to work?

We have an incredible team of coaches that have a passion for health and wellness, and they love to share that with others. They all work together to bring our members great workouts that get results.

What do you love most about having your business in this community?

We have an amazing, supportive community. That was made undeniably evident during our shutdown this spring. Our members stayed with us through the closure and the online workouts. Our Billings Chamber was very supportive in helping us share the creative ways we were helping our members stay connected. Other gym owners in the community were showing support and including us in

discussions of the closures. Our Billings community is the best.

What can customers expect when they walk through your doors?

A friendly greeting, a clean facility, a supportive community, and a great workout.

What are you most proud of?

Growing a gym that welcomes all fitness levels. A place where there is no judgement, just encouragement and support. A community of people that are all working on their health and fitness. We are proud of the friendships that are cultivated here and the relationships we are building.

What's your secret to good customer service?

Number one is knowing our members by name and building relationships. We meet our customers where they are in their fitness journey. We give encouragement and support to someone just starting out. Acknowledging their accomplishments and reminding them where they started gives members the motivation to keep moving ahead. Members that are more advanced in their fitness might need a little push or challenge. Providing a clean and inviting space to workout in is important to us.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We have a program that we call Fit 406 Gives Back. Coach Shelley has taken the lead to plan and find charities that Fit 406 Bootcamp can help. We have made sandwiches for the homeless, adopted families at Christmas and worked with Amy and Jason at Liberty and Vine to clean up our city. With COVID, a lot of the charity opportunities have been on hold. Giving back is a great way to get to know our community, meet new people and make an impact.

How do you build trust with clients (or patients, customers)?

We build trust with our customers by building a relationship with them. We get to know who they are and what they need from us. We provide experienced certified trainers that are focused on each individual member and provide them with what they need to reach their goals.

What makes your event (or attraction) popular?

Our gym gives personal attention to our members and variety to the

workouts. A lot of people don't know what to do once they enter a gym. We make it easy by providing a fun and challenging workout already written and a coach to cheer them on every step of the way.

What makes your business popular with families?

We try to include the family by putting on challenge events that families can do together. We had our first Trail Challenge in June and it was such a huge success that we are planning a Halloween themed challenge in October.

We encourage a healthy eating plan. We don't believe in a diet that is restrictive and hard to follow or that makes some foods "bad." Eating healthy does not have to be complicated. It's all about learning to prepare healthy meals that everyone can enjoy and live with. We want health and fitness to include the whole family.

customer service?

You are never a customer at our clinic, you are a patient and a friend. Our relationships with you grow over time as we pride ourselves on our continued follow-up care.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Our favorite event that we do every year is our Hearing Aid Holiday Give-away. We give away over \$40,000 in hearing aids and services. This event brings our office so much joy to be able to provide patients in our community with the gift of hearing.

What makes your business popular with families?

We try to leave a lasting impression on everyone that walks through our door. Treating a communication disorder is a family experience. Being able to assist patients of all ages allows us to express the importance of knowing your hearing health at any age and continues to bring patients back.

What makes you stand out from the competition?

What makes us stand out from the competition is our willingness to go the extra mile for the patient. Exceptional service. We treat all of our patients like they are part of our family. We are open and honest with everyone. We feel that building relationships is very important.

What's something your customers may not know about your business?

I have been serving the Billings community for 24 years, I recently acquired the business Audiology & Hearing from Gene Bukowski and changed the name to Big Sky Audiology Clinic, LLC. I was fortunate enough to retain Office manager, Tina Craig who has been at this clinic for almost 21 years.

What can customers expect when they walk through your doors?

Friendly, knowledgeable staff who will greet you with a smile and remember your name. People can expect their hearing to be our #1 priority. We realize the patient's time is very valuable, so we try our best to get you taken care of with top notch quality service in a timely manner.

MEDICAL CANNABIS PROVIDER

Seed of Life Labs, 3 years in business

5702 Stearns Circle, Billings
1716 Crisafulli Drive, Glendive
(406) 702-7655
seedoflifelabs.com

Zach Schopp believes knowledge is the key to creating a successful business – especially when it comes to health and wellness.

The staff at Seed of Life Labs receives extensive training to fully understand the inner and outer workings of the products. After training, staff can guide clients, provide advice, and help build regimens. Clients are not approached with a one-size-fits-all methodology. The well-being of each client is handled with attention to find what works best for an overall improved quality of life.

What makes you stand out from the competition?

Our focus on product quality and customer care are the key factors that separate us from the pack. While many companies in our space prioritize quantity, we hone in on the variables that allow our products to reach their full potential. The shopping experience itself is unparalleled, in that our patients and customers know they can expect a great shopping experience when they step into the store, and be greeted with smiling faces who genuinely care for the patient's health, well-being, and the oversight of their needs being met.

What brings customers back to your business?

When customers try our product, they quickly realize the difference in flavor, effect, and overall experience. Coupled with our low prices and relationships our bud-tenders build with the patient, we have developed a loyal, fantastic patient base.

What makes your business a good place to work?

Our team is what makes this all possible. We have built a phenomenal working environment centered around personal relationships and open communication, while striving towards the common goal of producing the highest quality medicine. The SOLL team is a tight-knit group of hard working, caring, passion-driven professionals who care deeply about the plant, the patients, and one another. Personally, I could not be happier with the way our organization has come together in the ups, the downs, and everything in between. This staff is everything in a company, and we would be nowhere near where we are

today without each one of them.

What do you love most about having your business in this community?

I love the Billings community. What stands out most to me is how well our company has been received. When I started this (years ago in my basement), we were the "new guys on the block," and at the time, building a reputation and patient base was incredibly difficult. It was all word-of-mouth advertising. We were up against some serious competition that had resources and infrastructure far more advanced than ours. We had extremely limited resources to bootstrap the company. However, the community members showed up and by letting us earn their business, allowed us to scale to where we are today. I am infinitely grateful for everyone who has ever stepped foot in our stores and promise to repay you all with SOLL's future community involvement.

What can customers expect when they walk through your doors?

In my opinion, far too many retail establishments are what I jokingly refer to as "glorified gas stations." My background in sales taught me the importance of building a personal relationship with the customer. I tell new front-of-house staff in the interviews that we are not in the cannabis industry, we are in the people industry. I also tell them part of their job description is to learn their regular patient's names, learn about their lives, and build a relationship with them not just as their budtender, but as a friend. When one enters our store, they are greeted with a smile, an introduction, and some discovery questions to best meet the patient's needs.

What does it mean to be voted Best of the Best?

It's a culmination of all the hard work, sweat, blood, and tears our team has dedicated to this company. It means we are not only meeting our goals but exceeding them.

What are you most proud of?

I'm most proud of creating this company and assembling this incredible team. When I started, it was a bare bones operation with no employees, a home office, a basement cultivation, and a big dream. Since then, it has transformed to an incredible staff, state of the art facilities, multiple retail locations, and the forward momentum to continue this growth. I'm so incredibly proud of the employees and staff. They have continued to not only meet but exceed expectations.

What's your secret to good customer service?

Personal relationships: we want to get to know you. We want to ensure we are meeting your needs – medically and professionally. We also understand that as a business, like every single other organization, we are

not immune to human error or elements outside of our control. If we have an upset patient, we are ecstatic at the opportunity to make things right. We don't let ego or reputation proceed our customer service. I love the opportunity to settle disputes or unhappy customers because it not only earns us their business, but it allows us a chance to improve our services. Many businesses do not like admitting their faults, but we are as human as the next, and actively look for areas to improve. That is how you become the best of the best.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Every year we donate to the animal shelter, or various other organizations. We have collected donations for food banks, Help for Homeless Pets, and actively look forward to more future chances to further enrich our local community.

Central Wellness, 8 years in business

1010 Central Ave. Ste 1
(406) 869-1066
centralwellness.com

Taking care of your inner self often means taking care of your outer self. It is not about vanity; it is about feeling good in your own skin – and feeling good in your own skin enhances your quality of life. At Central Wellness, the team assists clients in finding methods to be their best self: comfortable, confident, and happy.

What makes you stand out from the competition?

I believe it is our staff. They love what they do, and they are devoted to the clients and to each other.

What brings customers back to your business?

I think it is because they are our friends.

HEALTH & BEAUTY

Our clients are not just people who come and get treatments – we know them, we care about what is going on in their lives, they share the happy and the sad.

We try to help fill their cup, so when they carve out a few minutes to take care of themselves we try to make it count.

What's something your customers may not know about your business?

It's not scary to come into Central Wellness. We know talking about aging or body fat can make you feel vulnerable. Our staff really helps people feel safe in their own skin. We help people feel better about themselves from the inside. Beauty is not from the outside but comes from within. In the aesthetic world we see lots of "over done" faces, that is not what you will find from our team at Central Wellness.

What makes your business a good place to work?

We have a healthy team environment. Everyone genuinely enjoys working with each other, they help when someone gets behind or is feeling a little stressed. They care about what is going on with each other outside the workplace.

We laugh. We celebrate the good and

learn from each other's success and mistakes

What do you love most about having your business in this community?

The people. We have some of the most amazing clients. We look forward to seeing them. I think it is gratifying when you can see the women (and men) leave here more confident because they feel better about themselves.

What can customers expect when they walk through your doors?

A big smile and a warm welcome. We are here to help them find the best services to help them age a little slower. To help them feel more confident about themselves.

I think they know we will always be honest in our recommendations. Sometimes telling a client that it is not the right service for them is not easy, but we do if what they are wanting is not the right fit.

What are you most proud of?

I am most proud of the amazing group of women that make up this team. With all that goes on out in the world today – uncertainty, family challenges, the world disliking one another, natural calamities, who knows what will come next. Here we

treat each other with kindness and respect.

This team shows love and kindness to all – no matter their background or cultural diversity. They all have a faith in God and just to do the right thing, no matter the consequence. That is truly what I am most proud of.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We enjoy helping in the community and do often – making a difference outside of the office is very important to all of us here at Central Wellness.

I have stressed to our marketing team, any charitable contributions or helping hands that we lend in the community may not be used for our financial gain as a marketing tool. I believe if you blow your own horn it stops being a charitable gift, because you are getting something in return.

TATTOO SHOP

Forget Me Not Tattoo, 3 months in business

2059 Broadwater Ave., Ste. B
(406) 702-1784

It is an impressive feat to take a Reader's Choice award when only a few months into opening a new business – and that is exactly what Whitney Donohue, owner of Forget Me Not Tattoo, has done.

The work speaks for itself – that is the largest reason for the popularity and client loyalty. In addition, Donohue says the environment at Forget Me Not Tattoo is relaxing, even comforting – which is ideal when committing to a piece of body art.

"It is intimidating enough getting a tattoo much less getting it in a dark and dreary dungeon. We wanted to create a bright, luxurious, and inviting space for people – while remembering and paying homage to the people that paved a way for us to tattoo, and for you to get tattooed," said Donohue.

What brings customers back to your business?

We strive to give only quality to you. Having the honor of giving you something you'll wear forever, is something we take very seriously. You, the client, is the most important part of this equation. I hope every single person that walks through my front door, feels like royalty and at a high level of importance.

What's something your customers may not know about your business?

We create something one of a kind for the client. Every piece is drawn by hand and created for each individual. We guarantee every tattoo and only get the best, most quality supplies to be able to create your one-of-a-kind artwork.

What makes your business a good place to work?

It's bright and inviting as soon as you walk in. Our staff is friendly and always have smiles on our faces. A good attitude and kind air are extremely important to us. We all respect each other and communicate extremely well. Everything runs like clockwork because of that. Plus, we all get to work for you and give you something you will take with you forever. We enjoy our "jobs" because in our mind, it's the best job anyone could have, and we are lucky enough to get to do it.

What do you love most about having your business in this community?

I've met some pretty amazing people doing what I do. You make friends for life and get to give them a little piece of yourself. Billings people are extremely supportive and are usually always offering endearing words. I would not have been able to start this business without all the support I've received. I'm thankful every day for it.

What can customers expect when they walk through your doors?

They can expect to be treated like the most important person in the room. Throughout the entire procedure they should be extremely comfortable and happy. We want to make it about the client entirely. This is why we've created a luxury tattoo parlor. We are blessed enough to be chosen to give you something this important, you should feel like royalty through the entire process.

What does it mean to be voted Best of the Best?

Humbling.

What are you most proud of?

Building something a lot of peers said I wouldn't or couldn't. Making a future for my family

What's your secret to good customer service?

Actually caring for each individual that comes through the door. Making sure their time spent with us is 100% satisfactory.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

There are several things that go on behind the scene. I don't feel comfortable giving and bragging about it, so we'll leave it at that. I do appreciate this community more than I can say so every opportunity to give back is welcomed.

How do you build trust with clients (or patients, customers)?

Listening and communicating. Developing a bond and providing a comfortable environment.

What makes your event (or attraction) popular?

I think it's because it's not a typical tattoo shop – I have heard that several times. I wanted a space that a teenager can come, bring their dad and grandma and everyone is comfortable. A place where staff and environment are friendly and inviting.

What makes your business popular with families?

Like I said, everyone can feel comfortable and heard here. They are easily able to trust that they'll be 100% satisfied in their time spent at Forget Me Not.

It means that all of our work and love for this practice has grown to an extent that people realize the importance of yoga.

What are you most proud of?

My friends and students that have stayed with the practice through all of the challenges of life, all while sharing it with others. This means that humans really want to see the joy in others, that they continue to share the benefits of what they are experiencing at Limber Tree with others.

What's your secret to good customer service?

Always treating others as we would like to be treated and putting ourselves in other's perspectives.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We offer discounts, free classes, and fund raisers to so many people, animals, and organizations in our community. We have done everything from pop-up shops to those who are ill, animals in need, organization that benefit from fundraising, etc. Our mission is to live to give back to our community as much as we can, for the well-being of all.

How do you build trust with clients (or patients, customers)?

Integrity is our favorite word. We do our best to always make sure people find that our offerings are beneficial for them. And if they are not, we do everything we can to make sure our customers are happy.

What makes your event (or attraction) popular?

The loving, kind, and compassionate atmosphere – along with helping people to understand, at a very real level, why yoga is so important and beneficial.

What makes your business popular with families?

We offer classes for people of all ages. Kids are always welcome at our studio, and we make sure we offer special offerings for kids – yoga, aerial, and meditation.

ACCOUNTANT

**Lisa Woods –Woods Accounting,
12 years in business**

1030 S. 24th St W
(406) 969-5394
woodsaccounting.com

When it comes to financial business and well-being, everything from taxes to payroll accounts can be stressful and overwhelming. Having a knowledgeable, trustworthy, capable accountant is imperative.

"We really care about the clients. We get to know the clients and what is happening in their lives. We are available to answer questions and help them not only during tax time but throughout the year. When they own businesses and have questions, they can ask those questions and get answers. Taxes, bookkeeping, and payroll are not things that anyone can do, we are there to help take the stress off their plates and let them get back to living," said owner Lisa Woods.

What's something your customers may not know about your business?

I started my business in my home in 2008 and have since grown to have multiple employees and an office front. I really enjoy the problem solving and helping people grow. It is fun to see a business grow from a startup company to a successful company. I also really enjoy watching families and getting to know the clients and their stories.

What makes your business a good place to work?

The employees that work at Woods Accounting make the office fun. We always have a smile and are helping each other out, whether on a project or work duties. Everyone chips in and helps one another no matter the project.

What do you love most about having your business in this community?

The community is a big but small community. The clients that we have are like family. We have gotten to know them so much that it makes it easy to work with them and help them out the most we can. We have also surrounded ourselves with various other business professionals and when we need help with a question or when we need a referral for a client, we know that there are great people in the

community that can help out the clients and will treat them like family like we do.

What can customers expect when they walk through your doors?

An at-home atmosphere that makes you feel at ease and not stressed out. We try to know everyone by name that comes in especially any of our returning clients. We greet everyone with a smile and are happy to help them.

What does it mean to be voted Best of the Best?

This is my 6th year in a row winning Best of Billings. We have won in both Best Tax Prep and Best Accountant. It makes me really appreciate the clients, family and friends even more. Woods Accounting would not be around if we did not have the supporting group around us that we do. I owe all my success to my clients, family and friends, we couldn't do it without them. We love them all.

What are you most proud of?

I am most proud that it was just a dream back in 2008, when I started the company. I am so proud that I have such a supportive family that help me achieve this dream. I am also so proud of my staff; without their hard work we wouldn't be

where we are today.

What's your secret to good customer service?

Greeting everyone with a smile and knowing them by name. Our clients are not numbers to us, they are family and we try to make sure they know that when they come to see us, whether it is once a year or every month.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We try to donate to various organizations in town. Whether it is through time that we can help with these nonprofits or through funds donated, we try to give back to them. We support a lot of kids activities and various service organizations.

How do you build trust with clients (or patients, customers)?

We are open year-round which makes it to where if the clients have questions in the off season for taxes, they can call and get answers. We are also available for business owners to ask questions. With times like these, there are so many things that business owners are dealing with that they need help to tread the waters.

Encountering a legal issue is nerve-racking. Having the right attorney by your side makes the process easier – someone who is knowledgeable, compassionate, and willing to fight for their clients.

"I treat my clients with respect. It is important to be honest with clients and to work as a tireless advocate for the client inside and outside the courtroom," said Juli Pierce.

What's something your customers may not know about your business?

I represent clients in criminal law and family law matters, and I also represent almost 300 abused and neglected children as guardian ad litem appointed by the court.

What do you love most about having your business in this community?

Billings is my home and I love being downtown in the center of our beautiful city.

What can customers expect when they walk through your doors?

To be treated fairly, honestly and with respect regardless of their economic situation or circumstances.

The attorneys in the Billings area are top notch, and I am fortunate to work with many of them. I am humbled by the honor to be voted Best in Billings this year when there are so many great attorneys in this community.

What are you most proud of?

In May of 2019, I received the Professionalism Award from the Yellowstone Area Bar Association. I was very proud of this award because my peers nominated me and voted on the award winner. The award has now been renamed in honor of

my mentor and former office mate, Damon Gannett, which makes the award even more special to me.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

I serve on the Eagle Mount of Billings Board and the Montana Association for Female Executives Board. I just completed my year-long term as President of the State Bar of Montana, a mandatory association for and comprised of attorneys whose mission is to serve the profession and protect the public.

Rebelsandrazors.com

Taking two Reader's Choice wins this year: best barber shop and owner/master barber Samantha Waller for best barber, Rebels and Razors Barber Club proves customer service and quality work go hand-in-hand.

Located in the heart of downtown Billings, the shop offers a unique experience – a traditional barbershop with new age feel. The team specializes in anything and just about everything that deals with men's grooming to fit every client's needs.

Waller says first-time clients often become return clients – and it's not just the incredibly talented barbers – it's how they treat each client, both new and loyal. If clients feel like they belong, they come back – and it doesn't hurt that they leave looking amazing.

What's something your customers may not know about your business?

Samantha and Addy have barbering in their blood. They are both generation barbers.

What makes your business a good place to work?

Everyone has a genuine care for one another and become family. We work hard and celebrate milestones together.

What do you love most about having your business in this community?

The way our clients pulled together to help us out as a community when the pandemic hit was truly amazing.

What can customers expect when they walk through your doors?

To be treated like family.

What does it mean to be voted Best of the Best?

It means the world to us, without the love from our clients and the community we would not be able to continue the dream.

What are you most proud of?

We are exceptionally proud of how far our shop has come. From a tiny two-chair shop to an eight-chair shop. The continuous flow of clientele has been unbelievable.

What's your secret to good customer service?

Treating everyone like family and expressing a genuine care for others.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

What makes a great bartender the best in Billings? Scott Welter says the old adage "treat others how you want to be treated" goes a long way.

"I always think how a customer has tons of places to go, so if they come to your place make sure you give them an experience so they feel they chose the right place," said Welter.

It also helps that he has a great sense of humor – even before the drinks kick in.

What makes you stand out from the competition?

I think being absolutely dead sexy helps me stand out.

What brings customers back to your business?

The experience the customer has is my first priority. All bars in this town have the same booze, beers, wines, etc. It's the experience that you create for the customer that'll bring them back to you and not another bar.

What's something your customers may not know about your business?

Contrary to popular beliefs, and downright comical conspiracy theories, I don't have a button I can push, a screw I can loosen, or a magic pedal to step on that will make your keno/poker machine win.

What makes your business a good place to work?

The best part about our staff at Magic City Casino is we all look at each other beyond just co-workers, we are family. And we support each other as we would a family.

What do you love most about having your business in this community?

Everything. I love Billings. I love everything about our city. I've lived here all my life and I am still learning new things about our community.

What can customers expect when they walk through your doors?

A warm welcome, a cold drink, and a great time. And maybe a corny joke.

What does it mean to be voted Best of the Best?

I'm truly honored. There are some talented bartenders in this city, and I was thrilled to just be included in the group.

What are you most proud of?

I've seen every episode of Full House.

What are some of the things you do

to give back to the community (charity work, donations, etc.)?

I have been a state trainer for the alcohol certification program the state of Montana created for 10 years. Also, I give out free hugs.

How do you build trust with clients (or patients, customers)?

Learn who they are, and not just their name. Listen to their stories. Involve yourself in their conversations. Be the ear if they want to be heard, the voice if they want advice, and the shoulder if they need to cry.

What makes your event (or attraction) popular?

I don't work shifts, I put on shows.

What makes your business popular with families?

We are a family business. My father owns Magic City Casino. We've been in business together for 11 years now. Many families come in and tell us how much they like seeing us do this together as a family.

**Stephen Hindman,
Stacked | A Montana Grill,
6 years in business**

106 North Broadway
(406) 534-8702
stackedamontanagrill.com

"I feel like food is about bringing people together and trying to ensure that each food interaction is an experience, rather than just 'eating for the sake of eating.' Flavors should excite the senses and bringing tastes from around the world and putting our Montana spin on things helps create food that while creative, is still approachable. The joy of seeing people experience new food and have it bring a smile to their faces and joy to their life's adventures makes the whole food creating process worthwhile," said Stephen Hindman.

What brings customers back to your business?

People come to Stacked looking for many things, but leaving with a full dining experience is what keeps them coming back.

Whether you come for the food, beer, and wine or the laid-back atmosphere, what you get in the end is a full dining experience that both excites the palate and soothes the soul. Our open approach to cooking from every angle, be it the meat lover, the vegetarian or those looking for gluten-free and keto options makes dining out with friends a welcoming experience.

What's something your customers may not know about your business?

Our business model is pretty simple — make each person that joins us a little happier than when they came — not always an easy task, but simple in that people just wanted to be treated like family. You may arrive as a new customer but quickly find out you are truly a guest in our "Montana Stacked Home."

What makes your business a good place to work?

Working at Stacked isn't always easy as the restaurant business isn't an easy one. But I can tell you as the owner and a worker as well, we are family and everyone in the family is important and necessary in delivering on our promise to our guests. It's simple, everyone has value and that value is appreciated and recognized. We laugh together, we cry together, we celebrate together — we win

together.

What do you love most about having your business in this community?

Having a business in Billings is truly a dream come true. I could live anywhere in the world and be fine, but to be a part of Billings is something special. I didn't grow up here, but I've grown here like so many. Finding that what really makes Billings incredible isn't just where it's at but more so about who is in it. A place where families include friends from every walk of life and part of our amazing nation. We are big, but small, we are proud and confident, yet open to change that helps us grow as a community.

What can customers expect when they walk through your doors?

Coming to Stacked should be an experience, not just a place to eat. We want to make gathering for food something special whether it's time spent with family and friends, to a dinner for two to get away from the daily hustle and the often busy world.

sidered among the amazing group of chefs we have in Billings is incredible, and then to be voted Best to me is about people realizing that Billings is the reason I do what I do; I just love making people happy and being a part of our amazing community.

What's your secret to good customer service?

There is no secret at all, just treat people like they deserve to be treated, and that is that each one is uniquely special and each one is as important as the next. Forget the customer mindset and realize that each and every person that enters your place is a guest, even the ones that work there.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We try to contribute whenever possible. While giving funds isn't always possible, trying to give back via cooking and serving is important – and again bringing that food experience at each and every opportunity. You simply can't be a part of a community like Billings without being involved with helping its most valuable resource, the people themselves.

What makes your business popular with families?

We've built a destination that allows families to slow down and connect over great food in an atmosphere built around sharing and engaging with each other. We are also in the heart of what makes Billings so special: downtown Billings, where people come together for so many events and gatherings, from exciting theater and concerts to parades to celebrate life and the seasons.

"So many people in pain just want to be heard. We do our best with each patient to understand their needs and situation and then use our knowledge and experience to

help them as best as we can," said Kimberly Meier.

That kind of compassion goes the distance for suffering clients – and improves the quality of life they have when dealing with chronic pain.

What makes you stand out from the competition?

We focus on educating our patients about wellness and not just taking care of yourself when you are sick or not feeling well. Truly, an ounce of prevention is worth more than a pound of cure. At Meier Family Chiropractic we want our patients to understand that health is one of the most important assets in our lives. The more we can teach our patients, the more empowered they feel to make better decisions regarding their own health every day.

What are you most proud of?

As husband and wife, we started our clinic when our first daughter was only two weeks old. Together we are most proud of managing the delicate balance between family and business and growing successfully to where we are today. And we still like hanging out with each other. Big win.

What makes your business popular with families?

We are truly Meier Family Chiropractic. We are trained to work with expectant moms through their entire pregnancies, adjust newborns, toddlers, athletes, and adults. When you walk into our office, you will see the kids play area, coloring books and entire families getting ready for their wellness adjustments. We have been in Billings long enough now, that it is a privilege to be invited to a grad party for a toddler we once adjusted.

PEOPLE

Having dental work is a highly stressful experience. Having a dentist that is capable of providing quality work while listening to a patient's needs and wants is essential to not only ease a worried patient but ensure an experience that will not add to the anxiety. Dr. Cody Winterholler listens to his patients, cares for them, and shows compassion. Embracing new advancements in the dental field, while keeping his clients in mind, Dr. Winterholler continues to prove why he is the best dentist in Billings.

What makes you stand out from the competition?

Biomimetic dentistry would be the largest difference between my philosophy and others – even my own brother (although he's slowly coming around). Biomimetic restorative dentistry is a tooth conserving approach that emphasizes keeping more of the patient's tooth structure and focuses on sealing the tooth to prevent bacterial invasion. I'm always trying to look at the tooth more like an engineer and less like a dentist. Advanced adhesive techniques are used to place restorations instead of depending on retentive features. In turn, that means less crowns, fillings that last longer and less root canals.

What brings customers back to your business?

I work really hard to provide treatment options that fit specifically to each patient. As mentioned before, those treatment plans and options will look drastically different as I continue to expand my knowledge of the current dental literature and of biomimetic dentistry.

What's something your customers may not know about your business?

Something patients may not know and or see is the constant internal battle we have over the music in the office. It makes it fun but there are definitely some strong opinions. I personally am very eclectic so I can roll with most of the stations that are chosen.

What makes your business a good place to work?

We understand that the dental office isn't anyone's first choice, so we try to make the environment light and upbeat among the whole office.

What does it mean to be voted Best of the Best?

Being voted the Best of the Best was definitely a surprise and something that was humbling and cool. At the same time, it gives me even more motivation to continue honing my skills and my knowledge.

What are you most proud of?

I'm most proud of my commitment to learn advanced techniques in adhesive dentistry and specifically biomimetic restorative dentistry. The Biomimetic Mastership course I participated in involved reading over 127 literature articles over the course of a few months while having weekly Zoom meetings to review techniques and the science behind saving teeth in a different way. Feeling like the 'crazy' dentist guy who is anti-crown was an adjustment at first, but I've just tried to embrace it.

How do you build trust with clients (or patients, customers)?

Patient education is always first and foremost on my mind. By providing patients with the options they have and explaining the science behind the 'why' is essential in trying to change the traditional dental paradigm of "you need a crown."

What makes your business popular with families?

We're popular with families because we are a family. Owning a business with my brother has been extremely rewarding and our staff is an extension of my own family.

Adam Gross.

What brings customers back to your business?

I strive to have people leave my office knowing they are in great company and that I have their best interest at heart.

What's something your customers may not know about your business?

Photography is one of those things I love and have been doing for years for fun. I have a lot of hometown pride with Billings, and all of the artwork in my office are photos I've taken from around our beautiful city.

What makes your business a good place to work?

Having the right team results in one plus one not always equaling two. Like-minded people working together means one plus one can equal 10 when you are happy and enjoying what you do. Not only can you do more, you can enjoy the heck out of it.

What do you love most about having your business in this community?

a firm handshake.

What does it mean to be voted Best of the Best?

It's an honor once again. I had a lot of competition this year with some extremely talented people and I'm blessed to have been voted for the 3rd year in a row.

What are you most proud of?

My family – my girls and my wife are amazing. My wife is such an inspiration for me and an encourager. I wouldn't be here without her. My girls are teaching me every day that I can do more and handle more.

What's your secret to good customer service?

Besides a great smile and firm handshake, it's getting to know not what someone needs, but why they need it. Then do that.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

I am serving on a non-profit board for Aspen's Angels and am a council member for Harvest Church. I have supported almost every silent auction out there with one of my photos of Billings.

How do you build trust with clients (or patients, customers)?

Do what you would do for your own family. Always. Trust comes on its own.

What makes your business popular with families?

You have enough things to worry about, money should not keep you up at night. If I can make talks about money easy and help point someone in the right direction, it allows them to spend time creating memories – the ones that you want to make a photo album of – the timeless classic memories.

Customer service is a top priority at State Farm Insurance. Sean O'Daniel says the goal is to treat each customer with importance. It isn't about getting clients in and out – it's about the details. O'Daniel believes it is imperative to take time with clients and explaining what coverage makes the most sense for them. Having the right insurance is a make-or-break deal for homeowners, renters, car owners, leasing and more. O'Daniel and the State Farm team take that seriously and want the best for each client.

What brings customers back to your business?

I think our honesty and integrity keeps customers coming back to our office. We also treat every customer we have like family. We will always go out of our way to make sure the customer experience is second to none.

What's something your customers may not know about your business?

They may not know that every chance we get, we try and scare the daylights out of each other on the daily – makes for an exciting work environment.

What makes your business a good place to work?

I believe we have created a culture here that can let individual personalities shine. Everyone is unique and can bring a unique perspective and background to make our office inclusive to all. We don't take ourselves too seriously, but when it is time to get down to work, our office operates at a very high level.

What do you love most about having your business in this community?

I have always loved the city of Billings. There is something to do for everybody. I went to college at MSU-Billings and played tennis here and have always enjoyed the people of Billings and would not want to be anywhere else. Many of the other small business owners in this town are always willing to help out or lend a hand at the drop of a hat – it is a very close-knit community.

What can customers expect when they walk through your doors?

They can always expect to be greeted with a smile. We like to mix up our music, so any song from any genre could be play-

ing and we do like to play our music a little louder, so if you feel like dancing when you walk in, that would be perfectly fine. We also have homemade popcorn and fresh chocolate chip cookies at all times.

What does it mean to be voted Best of the Best?

I'm very blown away by the support we have received. Getting into the insurance industry, I just wanted to help people out. I'm very honored not only to win, but because there are so many incredible insurance agents and people throughout the city of Billings.

What are you most proud of?

I'm most proud of my team. I ask a lot of them, and they step up to the plate and deliver every single time. I'm lucky to have found these people and they make me work harder every single day. I'm also thankful to my family who have always stuck by me and given me support at every turn. I'm also proud to represent the city of Billings, the best place to live in Montana.

What's your secret to good customer service?

We don't really have a secret. We just treat everyone how we would want to be treated. We give them 100% of our attention as if they were our only customer.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We have our Quotes for Good Program. Every month we pick a new non-profit and for every quote we get, we donate \$10 to that non-profit. We also like to do our food challenges to highlight all the great local restaurants in the Billings area. This year will be our third annual haunted house that we are putting on, and 100% of the proceeds go to four local non-profits. This event has gotten bigger and bigger every year and I can't wait for Billings to see what we have in store for this year.

How do you build trust with clients (or patients, customers)?

We build our trust with our customers by our honesty and integrity and always being available to help our customers out.

What makes your business popular with families?

We like to create a family atmosphere by developing life-long relationships with our customers. We go through the ups and downs of everyday life with each customer and we wouldn't want it any other way. Like a good neighbor, we will always be there for our customers.

Having the right atmosphere in a house can dramatically affect how people behave while at home. Oftentimes, when we are surrounded by things that reduce stress, improve moods and uplift our spirits, it enhances our quality of life. That's where fantastic interior decorators like Tami Soumas come into play. Soumas takes the time to not only educate herself about interior design but about her client's personalities. It's all about the little touches and big ideas.

What makes you stand out from the competition?

I believe we stand out from the competition by our commitment to great customer service. We achieve that by setting high standards for ourselves in the form of using quality and current home decor and furnishings that are carefully picked to not only complement each home's features, but also appeal to the demographic likely to purchase the home. Another commitment we keep is continuing education. I often take several classes a year regarding the home staging industry including current trends, and buyer psychology. Home staging is still in its infancy here in Montana, so it's my responsibility to learn as much as I can in order to educate my clients in what will help their home sell for top dollar and why.

What brings customers back to your business?

Our attention to detail, promptness, and our ability to match decor and furnishings to the feel of the home while

keeping the aesthetic current and appealing to buyers.

What's something your customers may not know about your business?

Customers may not know that we also offer decor services for living. When people purchase a house, they may want help deciding how to set up their new home. I offer help in the form of a simple consultation with recommendations for them to follow or will do the whole thing including the shopping and installation of furniture and decor. This service is also great even if there is not a new home purchase, and the client simply wants an update and a new, fresh look.

What do you love most about having your business in this community?

I love having this business in Billings, because of the small community feel and values. I have had the opportunity to meet some really great people that I would now call friends.

What does it mean to be voted Best of the Best?

Wow, being voted the Best of the Best is just awesome. I'm very flattered and proud of our team for achieving this status in such a short time of being in business. I really want to thank everyone who has supported us and made this title a reality. It also has fueled the goal to achieve a level of excellence that may make it possible to happen again. Thank you, voters – your support is appreciated so much.

What are you most proud of?

I am most proud of our dedication to providing the best service to sellers and agents as possible. I am very proud of my husband Jim, because it was his idea that I look into the home staging industry as a possible business here in Billings. After I invested in the education to get my certification, I realized that home staging much more than fluffing pillows and moving furniture around. There is a science behind the whole process, and psychological studies to back it up. I'm sure Jim didn't realize that he would become such an integral part of this business and has been on every staging with me. We've also been very lucky to keep all of our extra help within the family. It's been so great to have a true family business.

What's your secret to good customer service?

Do what you say you will do, and when you say you will do it, treat every client as if they are your only client, and pay attention to detail. My personal goal for great customer service has always been under promise and over deliver.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Last fall, we were happy to help out the Yellowstone Repertory Theatre by providing set furnishings and decor for their play the "The Rabbit Hole." We were also given the opportunity to attend the play, and very much enjoyed it.

How do you build trust with clients (or patients, customers)?

I build trust with clients by being realistic and setting expectations that are achievable. I also firmly believe in continuing education. Every year I enroll in at least one course to further my knowledge and expertise for preparing homes to hit the market as strong as possible.

What makes your business popular with families?

Growing families often need larger homes, and usually they need to sell a home to move up to a more spacious one. What family doesn't want their home to sell as quickly as possible, and for the most money possible? Statistics show staged homes spend less time on the market, sell for more money than un-staged homes, and the money invested in home staging is always less than a price reduction.

For Amber Renee Breuker, she doesn't simply take photos of clients, she connects with them, becomes friends with them, and understands that a photographer isn't just there to snap pictures but to be a positive addition to meaningful moments and milestones. Having that kind of significant methodology behind her work creates moments that are not only beautiful at the time, but forever in a frame.

What's something your customers may not know about your business?

I have been in business for seven years. I built it from nothing except a few classes at Montana State University for photography. I have learned everything along the way.

What do you love most about having your business in this community?

PEOPLE

I love Billings. I love the community we have and how well our businesses support each other.

What can customers expect when they walk through your doors?

They can expect a hug usually (well, not with COVID). They can expect me to meet them for coffee, laugh a little, and gain a new friend.

What does it mean to be voted Best of the Best?

This is something I have been working toward for years. I can't help but thank all the other wedding vendors that bring these events to life. I sometimes think I have the easy job because I show up and the beauty has already been created. I am truly living out my dream come true.

What are you most proud of?

Honestly, I am most proud of my family. They have supported this dream of mine. I have had to sacrifice watching their games to shoot weddings. I have missed many dinners because I have family shoots in the evenings. They support me no matter what.

What's your secret to good customer service?

Be real. Let them see your true colors. I love to laugh with people, but I have also been there through the tears. Weddings can be stressful and being there as a friend, not just their photographer, makes a huge difference.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Amber Renee Photography holds a free Back the Blue day. All law enforcement and their families are welcome to have their pictures taken for free. I also give back to many silent auctions. I truly don't think I can give back enough compared to what the community of Billings has given to me.

What makes your business popular with families?

I have a huge family. I love families and I love kiddos. My degree is in Elementary Education, so I am used to working with kids. It's such a relief to parents when they show up that I can easily interact with their kids. I can get the most stubborn of stubborn to even smile. Let them be who they are that day.

munity. It's also a community that's on the cusp of great change and new development. The next 10 years will be exciting to participate in.

What can customers expect when they walk through your doors?

To be delighted. We genuinely care about who our clients are, what they do, and what their dreams are. That care goes beyond the experience here to the framed portrait they display in their home. We also remove all of the stress and frustration that's usually associated with having family portraits taken.

What does it mean to be voted Best of the Best?

It's a great honor.

What are you most proud of?

What we've been able to give back to charities and non-profits in the area. Do date, we've helped raise over \$200,000 for non-profits and given away over \$500,000 in services and products. Each Christmas we also opt not to send cards or gifts and use that money to support countless elderly and young families in need, kids who otherwise wouldn't get a Christmas gift, and homeless youth who don't always have money for food.

REALTOR

Darwin George, 13 years in business

Berkshire Hathaway HS
Floborg Real Estate
1550 Poly Dr
3939 Parkhill Dr
(406) 794-4663
Darwin@DarwinGeorge.com

Darwin George takes the win for best realtor – which isn't easy to do with as many as 1,000 realtors serving the Billings market. What the secret to his success? His approach is simple.

"I don't really try to stand out in front of everyone, but just try to do the right thing for my clients and to give back to this wonderful community."

Repeat clients and referrals are the key to success in this industry," said George.

What do you love most about having your business in this community?

What I love about having my business in Billings is the people. Growing up in Billings was such an amazing experience and after being away for 20 years, returning home to Billings was even more amazing. It takes time living out of state for you to really understand and treasure how special our community is. To be able to help people with their real estate transactions and to really focus on their wants and needs is such a great feeling, and the friendships that have been built through these transactions are cherished.

What can customers expect when they walk through your doors?

When a customer walks through my doors, they can expect a realtor who will invest the time in their true wants and needs. Whether buying or selling, there is tremendous amount of ever changing information that needs to be considered, and I will take the time to walk you through it and get you comfortable with the whole process. What you won't find is a lot of pressure to make quick decisions and "settle" for less than you want.

What does it mean to be voted Best of the Best?

Being voted best, first of all, is a huge honor in an industry full of amazing agents. To me, I hope it means that I have accomplished several goals in my career.

First, I have been able to build a business and help many families purchase and sell homes over the years, many also being return clients as well as their children.

Secondly, I have been able to give back to the community and our industry in a way that people remember and acknowledge. Next and most important, is the building and maintaining of relationships that last for years. I am truly honored and thank everyone for their nominations and votes in the Readers' Choice promotion.

What are you most proud of?

From a business perspective, what I am most proud of is being in such a great industry that allows you to help people with the biggest purchases and sales of their lives

and to see how happy and appreciative they are with the results. Many clients have asked me about becoming a Realtor and several actually have become Realtors. When asked why they want to be a Realtor, they respond that I made it look really easy. That makes me proud that their journey was a success.

What's your secret to good customer service?

I don't believe there is a secret to good customer service. I believe in treating my clients the same way I would expect to be treated. I try to make all my clients feel like they are my only client. I listen to what they want, what they need, how they want to communicate and what their expectations are. Buying and selling homes is a big decision, my clients need an ally, a sounding board, an outside opinion, and a partner that is knowledgeable not only about all aspects of the real estate transaction, but also about our community. I simply strive to fill my client's needs.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

In moving back to Billings in 2007 and becoming a Realtor, I was able to start giving back to the community I grew up in and that had given me so much. I joined community service clubs, sat on several boards, volunteered for various organizations, took over the Playhouse Parade fundraiser, and with the help of my wife Teresa, build the Santa Float for the Holiday Parade in Billings each year.

How do you build trust with clients (or patients, customers)?

Building trust with clients doesn't just happen and can't be taken for granted. People don't just automatically trust you; you must prove yourself without asking for anything in return. I believe in helping people, plain and simple. If someone wants an opinion on a property, a market analysis or maybe just to visit about the real estate world, I am happy to do so, without any expectations. Maybe in the future they will call again and become a client, if not, I will be happy that in some way I may have helped them in the past.

TATTOO ARTIST

**Cameron Scott –
Sovereign Tattoo,
6 years in business**

2040 Rosebud Drive
(406) 969-1041

Selecting a tattoo artist is never easy – and having the best is crucial. Trusting in the artist to not only listen to what you want but create a beautiful and permanent piece of body art is essential. Cameron Scott has done that for his clients, time and again. His talent and devotion to each piece of tattoo art has earned him the Readers' Choice win for best tattoo artist in Billings.

What makes you stand out from the competition?

I am more versatile than almost every tattoo artist in Billings, or Montana for that matter. I run a small private studio

as opposed to those big open-roomed, walk-in type studios.

All my artwork is hand drawn and made custom for my clientele.

Not only do I pride myself on producing world-class tattoo work for my clients but also take a lot of pride in how clean and sanitary my studio is. You won't find a more sanitary tattoo studio in Billings.

What brings customers back to your business?

I believe in art first, tattooing second. My clients come back to me for my original ideas and designs. They come back because they trust me to give them a great tattoo, while safeguarding their health.

My clients often tell me that they enjoy how private the studio is. When we are in session all my attention is on their art. There is a bunch of people gawking at them and causing distractions. They always tell me how comfortable the studio is.

What's something your customers

may not know about your business?

I hope they know how much I appreciate them. If they don't, I just want to say thank you for everything. I wouldn't be here without you and your support is invaluable to me and my family.

What makes your business a good place to work?

I love what I do, and I try to make everyday a good one. I get to do something different everyday but always doing what I love.

What do you love most about having your business in this community?

Billings is a great area to work in. There are so many great people here. I get to meet new people almost every day and everyone has been super supportive of my work here.

Billings is full of hard-working folks and they like to spend their money on the best tattoo work they can get – what's not to love about that?

What can customers expect when they walk through your doors?

When you enter Sovereign Tattoo,

you can expect to see a lot of fine art on the walls. You can smell how clean it is and you'll hear the entangled harmony of a tattoo machine and hard rock.

Expect that you will be treated with respect and expect to feel that you are being listened to.

What does it mean to be voted Best of the Best?

It's a great feeling knowing that for the last four years the people of Billings have noticed all my hard work. It is an honor to be held to such a high standard and I look for to proving you all right in the years to come.

What are you most proud of?

I am most proud of the great reputation Sovereign Tattoo has in the community.

CHILD'S BIRTHDAY PARTY

**ZooMontana,
25 years in business**

2100 Shiloh Rd.
(406) 652-8100
zoomontana.org

Having a birthday party at ZooMontana does more than just get the kids out of the house – they get to visit, see, and learn about some of the most exotic and regional animals in Big Sky Country. Otters, tigers, red pandas, bears, owls, tarantulas, wolves and so many other animals are kept safe at ZooMontana – and kids can learn why they are there and about their species. From a botanical garden to a playground, there is non-stop action at ZooMontana to create the perfect birthday for a kid (or kid at heart).

What does it mean to be voted Best of the Best?

Being voted Best of the Best is humbling to say the least. We have all worked very hard at ZooMontana to be a place the community is proud of. We understand this has not always been the case, so to see this vote come through helps us confirm our hard work has been well worth it.

What are you most proud of?

All of us at ZooMontana are most proud

of our journey over the last 10 years. The zoo went from community shame to community pride. We have all worked incredibly hard to bring back this local gem from the brink of disaster, and nothing makes us puff our chest more than watching families interacting with smiles while walking our grounds or enjoying one of our many events. This all culminated in 2019, when ZooMontana was granted accreditation by the Association of Zoos and Aquariums, something that less than 10% of animal facilities in the U.S. have been able to achieve.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

ZooMontana takes pride in giving back to the community of Billings, and beyond. In 2019, the Zoo gave back over \$30,000 in free passes or memberships to other non-profits to help them raise funds for their noble causes. The Zoo also takes pride in being a community gathering place, a venue worthy enough to hold events that span generations, cultures, and missions.

What makes your event (or attraction) popular?

At ZooMontana, we are multi-generational. This means a 70-year-old grandmother can enjoy the Zoo just as much as her 6-year-old grandson. There are not many facilities where this is the case. ZooMontana is also a relaxing, outdoor venue that is the perfect size for kids, with

the added bonus of two great playgrounds and amazing animals.

FAMILY FUN

ZooMontana,
25 years in business

2100 Shiloh Rd.
(406) 652-8100
zoomontana.org

It is hard to please everyone in the family when trying to find an activity to do together. ZooMontana is the ideal way to spend a day with the kids, grandparents, cousins, and friends. Inside is an array of reptiles, feathered friends, amphibians and more. The beautiful trails around the zoo create a peaceful collaboration of nature and impressive wildlife. Relaxing, informative, and fun for all, ZooMontana is a great way to spend the day with the ones you love.

What makes your business popular with families?

At ZooMontana, we know our audience. We listen and plan our future around what our guests and members want. This truly is your zoo.

What makes you stand out from the competition?

ZooMontana is committed to being a gathering place. A space where multi-generations can spend time together, each enjoying the experience as much as the other.

What brings customers back to your business?

ZooMontana understands fun. Everything the zoo does, we do for our youngest guests. We want kids to be engaged and inspired when they come for a visit.

What's something your customers may not know about your business?

ZooMontana outdoor habitats feature animals only found on or north of the 45th parallel of earth. This is done for two reasons. The first is budget. Because ZooMontana doesn't receive any public tax support like many zoos do, it must be mindful of its growth. The second is animal welfare. By having animals that can tolerate the crazy Montana climate, they can be out in all conditions, meaning they can be outdoor 99% of the time. At ZooMontana, we value this.

What makes your business a good place to work?

At ZooMontana, we work hard to be a fun place to work. Fun activities for staff, a beautiful setting, and the ability to interact with incredible wildlife are all great reasons to be fortunate enough to work here.

1233 N 30th St

svh.org

"St. Vincent Healthcare delivers compassionate, quality care to over 400,000 people in a four-state area, as it has for more than 120 years. St. Vincent Healthcare is the only CMS 5-Star rated hospital in Eastern Montana. In addition to 11 primary care clinics in and around the Billings area, St. Vincent Healthcare offers dozens of progressive specialty services and a 286-bed hospital. St. Vincent even has a special 'hospital within a hospital' just for children, St. Vincent Children's Healthcare. From its modest beginnings over a century ago, St. Vincent Healthcare has grown into one of Montana's largest comprehensive hospitals; renowned for a mission of compassionate care and service to the poor, the St. Vincent Healthcare team is continually recognized as a technological leader in the healthcare industry." – Melissa Patek of St. Vincent Healthcare.

What's something your customers may not know about your business?

At St. Vincent Healthcare, we are happy to tell you about us, our compassionate caregivers, our clinical excellence, our award-winning care and even our beautiful campus. But it is really all about you. Our patients and families are the center of every thought, communication and action that takes place in this healing space.

What makes your business a good place to work?

Every company has a mission statement on its wall, but at St. Vincent Healthcare the mission lives in our hearts and actions. No matter what part you play or which role you fill, you are improving the lives of the people and communities we serve, especially those who are poor and vulnerable. Our values and culture tie us together, and we recognize that a caring smile or kind word contribute to our success as much as the job itself. There is no greater satisfaction than doing work that helps people when they need it most. All our associates are part of a team that believes a career is a calling and knows healthcare serves a higher purpose.

What do you love most about having your business in this community?

St. Vincent Healthcare has served Mon-

tana and the Billings community for generations, first opening in 1899. What are you most proud of?

We are proud to be one of Montana's most trusted healthcare leaders, while being a tight-knit team that's making a meaningful difference in our community. While we reflect on our accomplishments and cherish our traditions, we embrace an innovative spirit that works to heal people and help them stay healthy. We are always modeling new approaches to care, with a focus on improving quality and creating more value for patients.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Inspired by our faith, St. Vincent Healthcare addresses the most critical needs of the communities we serve; especially of those who are poor and vulnerable. Through strong community partnerships, we continue that work today, bringing innovative, evidence-based programs and services outside the hospital walls. St. Vincent Healthcare is committed to investing in community benefit programs and initiatives that: address the most critical needs of the communities we serve, especially of those who are poor and vulnerable; support health equity; address social determinants of health – conditions in which people live, learn, work and play – including economic stability, education, social and community environment, food security, housing, and transportation.

RETIREMENT COMMUNITY

St. John's United, 57 years in business

3940 Rimrock Road
1920 WyndStone Way
600 Roundhouse Drive
(406) 655-5600
stjohnsunited.org

The quality of life family members expect to see when a loved one enters a senior living facility is exactly what is expected at home, but with healthcare. Compassion, a listening ear, and high standard of professionalism are key elements to creating a valued homelife for independent and assisted-living patients at St. John's United.

What makes you stand out from the competition?

To begin, St. John's United acknowledges that there are many fine retirement communities in the Billings area which provide quality service to seniors. There are, however, some distinguishing features that set St. John's United apart. First, St. John's is the only Life Plan Community in the area, meaning that we offer every level of senior living (from independent to skilled nursing) in our family of services. Our residents have priority access to the care they need before we reach out to

offer this same care to people from broader community. Second, St. John's has retirement communities in multiple locations (Billings Heights, Billings West End, Laurel, and Red Lodge). Third, St. John's is a faith-based, not for profit organization, affiliated with 25 ownership Lutheran congregations.

What brings customers back to your business?

People return to St. John's because of our mission intent and willingness to accompany people as they experience all forms of life transitions. Some of these transitions include, but are not limited to, child adoption services, child daycare, after school childcare, rehabilitative services, retirement living, at home services, home health care, and hospice care.

What's something your customers may not know about your business?

St. John's United provides human services to people of all ages, from the beginning of life to the end of life. St. John's currently is the largest not-for-profit child daycare in Yellowstone County. St. John's provides mental health counseling services, in-patient and out-patient rehabilitative services, home health care services, and hospice care services. Most people may also not be aware that St. John's is one of the five largest employers in Yellowstone County.

What makes your business a good place to work?

St. John's employees genuinely care about and support one another. Employees speak often that there is a sense of family among staff and residents. Our mission intent to provide living opportunities within nurturing environments generates caring interaction between staff and our amazing communities of elder residents, children, and patients.

What do you love most about having your business in this community?

We love the opportunities for collaborative partnerships with other for-profit and not-for-profit organizations in the area.

What can customers expect when they walk through your doors?

Construction and innovation. The world is continually changing, and senior services are too. St. John's aims to continually evolve and grow in order to better serve all generations.

What are you most proud of?

We are most proud of our dedicated staff who truly give the best of themselves every day. We're also proud of our incredible residents who enrich our lives in so many ways.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

The most well-known way that St. John's United gives back to the community is through its annual Summer Concert Series, which provides the gift of music to be enjoyed by people of

"We believe customers keep returning because of our knowledge and customer service. Customers know that whatever problem they have, we can fix it and fix it for a fair price. We never talk down to our customers or talk with too much technical jargon. Customers leave with an understanding of the problem and how it was fixed. Many customers are pleasantly surprised about how smooth and fast the repair process is with us, with iPhone repairs done within an hour and computer repairs returned within 24 hours," said Dylan Solberg of Billings Tech Guys.

What makes you stand out from the competition?

We stand out from the competition in many ways. We are 100% local. We started over five years ago focusing on providing superior technical services to the Billings community. We know the community and love working with everyone.

What's something your customers may not know about your business?

Valley Credit Union, 71 years in business

Various locations

valleyfcu.com

Building trust with each client to assist with financial needs – whether it be savings, checking, loans and more – the knowledgeable staff at Valley Credit Union is there to help.

The Valley mantra, "People Helping People," truly embodies the ideology behind every customer interaction – that is only one of many reasons why they were voted best credit union for Reader's Choice.

What makes you stand out from the competition?

Valley has competitive fees and deposit rates like with our Rewards Checking account. Also, we understand that our members appreciate efficient member service, competitive loan rates, and fast loan decisions.

What's something your customers may not know about your business?

Credit Unions are not-for-profit institutions that are owned by the people they serve, not a few shareholders. Also, we have a group of volunteers, called the Board of Directors that are elected by the members. They oversee the Credit Union and assist in helping the credit union grow.

What makes your business a good place to work?

At Valley everyone is treated like family. That would explain why we have so many employees that have worked here for many years.

What can customers expect when they walk through your doors?

If you visit a branch frequently you will more than likely be greeted by your name and a smile. You can also expect your transaction to be handled quickly and efficiently.

What does it mean to be voted Best of the Best?

"We are very honored and humbled to be named Best Credit Union by the communities we serve. Thank you to everyone who voted, and we look forward to continuing to serve our members and welcome everyone else to check us out. We truly believe in 'People Helping People,'" said

SERVICES

Darla J Card, CEO.

What are you most proud of?

We are proud to have been voted best Credit Union of 2020, by our amazing members. Thank you, Valley members.

What's your secret to good customer service?

If you are a member of Valley you will be treated like a person, not a number or just another customer.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Valley loves to support local businesses within the communities we serve. One way we do that is with "Paying It Forward" events. These events consist of stopping by a local business during their busy time and paying for everyone's food, meal, coffee, etc. We also have sponsorships with The Babcock Theatre, Alberta Bair Theater, ZooMontana, and the Explorers Academy - A Head Start Program. We also do a bit of sponsorships with the Downtown Billings Alliance (DBA).

How do you build trust with clients (or patients, customers)?

At Valley, we are able to help just about anyone with good, poor or no credit. We know that life happens, so regardless of your credit you will not be treated differently.

What makes your business popular with families?

Valley can help any family member, that is what makes us so popular with families. We offer those under 18 a special promotion in the month of April to help them get their accounts started. Our Rewards Checking is very popular across all age ranges; however, the younger generation gets the most use out of it. Lastly, we offer a Classic 55 Checking to those that are 55 and older who are interested in free check orders and many other perks with the credit union.

The Frame Hut & Gallery also sells a variety of

regional artwork like pottery, glass work, jewelry, paintings, photography and so much more. The store even sells a beautiful variety of home décor, lamps, and candles.

What brings customers back to your business?

There could be many reasons, really. The reasons we hear is that it's a relaxing atmosphere with a large variety of styles of art, diverse gifts, and most importantly the friendly and prompt service they received.

What's something your customers may not know about your business?

We are much more than just a custom framing business. The Gallery offers a variety of home décor, lamps, candles, artisan jewelry, regional artwork, and much more.

What makes your business a good place to work?

It gives a person the ability to use their artistic and creative design abilities as you just never know what project you'll be working on next. From sports memorabilia, sentimental findings, to museum artifacts, there is an endless variety of what one can frame. We also enjoy what we do and together craft a great supportive team.

What do you love most about having your business in this community?

We have such a wonderful community and so it makes having this business even more rewarding. One of the most rewarding facets is showcasing talented artist's work from the commu-

nity and seeing how much it is appreciated.

What can customers expect when they walk through your doors?

When a client comes through our doors, they can expect exceptional Montana and regional artwork, friendly service, and a peaceful atmosphere. The Frame Hut & Gallery is a place not only to receive quality custom framing, but a place one can also relax and unwind. Art truly is food for the soul.

What does it mean to be voted Best of the Best?

It is an amazing accomplishment as we work hard to be the Best of the Best. This award is a great encouragement to our team as we see how crucial it is to take pride in and put the best into each project whether large or small. Every piece receives expert work with a finishing touch. As this is the 11th year in a row to have received the Reader's Choice Award for Best Custom Framer, it is an absolute honor to have been chosen. Our passion is to create a quality frame design that will stand the test of time and it is with deep gratitude and thankfulness to have the opportunity to serve the region in that regard.

pieces that will bring smiles and capture those memories for years to come.

We craft beauty on a daily basis for others through guiding their custom framing designs and home accent choices. Our job is more like play at times in this regard. We do our best through listening, encouraging, caring, and offering expertise and kindness each step of the way.

What's your secret to good customer service?

The ability to listen to a customer's desire for their piece brought in or purchased is key. We believe a firm foundation of quality customer service is of the utmost importance. We not only want to meet expectations but exceed them and is what we truly take pride in.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

The local community is a great supporter of the arts. We showcase more than 70 artists at The Frame Hut & Gallery, and we feel it's very important to show support for local causes. Ronald McDonald House is close to our heart as being a caring non-profit organization that provides housing and special needs for families during crucial medical treatment for loved ones fighting life-threatening illnesses. This facility releases some pressure so the parents can concentrate on their children's wellbeing as

well as the family as a whole and by encouraging each other. We have supported the Billings Clinic Classic, the RMC art department, Saints, Huntley Project FFA, and other fundraising causes as well.

How do you build trust with clients (or patients, customers)?

We listen to our customers and do our best to meet their needs and provide a quality product they will be proud to display. We try to give sound

advice and follow through in a timely manner to produce the Best of The Best.

What makes your business popular with families?

It's from the years of being here in Billings that you get to know parents along with their children. It's not unusual to have three generations shopping together with us at one time. Sometimes our customers tell us of past memories of shopping here with family mem-

bers. The gallery is a family bonding place, like that certain baked cookie fragrance connected to good memories with a family.

DRY CLEANERS

Wetzel's Quality Cleaners, 105 years in business

117 N. 30th St
(406) 245-3760
wetzelscleaners.com

Wetzel's Quality Cleaners has a long history of providing dry cleaning and laundry service in Billings. The business began in 1915 as the Billings Dye House. In the early days of dry cleaning, the dyes were not as stable, so re-dyeing was a part of the cleaning process. With this history comes a wealth of experience that has enabled the Wetzel family and staff to become experts in garment and textile care.

"We really try to produce an excellent product. Our goal is always to send customer's clothes back as perfectly as they can be restored each and every time," said Scott Wetzel.

What makes your business a good place to work?

We have a great team of folks. Part of what makes it fun to work at Wetzel's is that it is very satisfying to produce excellent work. It makes our customers happy and it makes us happy.

What do you love most about having your business in this community?

It is fun to see how Billings has changed over the years. Not only has the city changed, but the dry-cleaning community has changed a lot too. But the most fun is to work with customers for years and years and sometimes with multiple generations of the same family. The friendships are rewarding and the continuity it brings to business is very satisfying.

What can customers expect when they walk through your doors?

Our goal is to welcome people to the Wetzel's family. We try to be friendly and look for the ways that our service can be truly tailored to their personal needs and wants.

What does it mean to be voted Best of the Best?

We are very pleased to be recognized. The award is like an exclamation point that says we are serving our customers well. It is also an inspiration to keep working to learn new things to do even better.

What are you most proud of?

We are most proud that God has given us the ability to faithfully serve here in Billings for over a century and that we have been able to do it as a family.

What's your secret to good customer service?

We don't really have a secret. We just try to care about people and their clothes like we would care for each other and our own clothes.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We love being a part of the community. Over the years we have been involved doing cleaning for coat drives and other businesses that are trying to get clothing in the hands of people who are in need. We have also served on various boards like the Parking Advisory Board for the City of Billings as well as the board of the Billings Symphony and the Yellowstone County Christian Homeschool Athletic League.

How do you build trust with clients (or patients, customers)?

We try to build trust by delivering what we have promised. When things go wrong, it is important to admit problems and then try to deal with them in a caring and understanding way.

What makes you stand out from the competition?

Being a smaller business, you get the same face time after time showing up to do the work. We like to build a relationship with our customer base. When you call us, you talk directly to the owner of the company.

What's something your customers may not know about your business?

Some of our customers might not know about all the electrical services that we offer. We range in the smallest of service calls such as changing a fixture or outlet to remodels, new residential, shops, lighting retrofits, new or remodel commercial and light industrial.

What do you love most about having your business in this community?

Seeing the same customers and/or their referrals time and time again. Being able to go around the community and recognizing customers that want to say hello and catch up. Driving through the community and seeing different projects or buildings and businesses that we helped grow or build inside our community.

What can customers expect when they walk through your doors?

With our business it is not so much walking through our doors as much as it is us walking through the customer's doors. Whether it's a place of business or residence, we will always be in logoed gear, clean dressed with a smile and greeting, ready to work.

What does it mean to be voted Best of the Best?

A bit unbelievable at first. Being so new of a business and being voted Best of Billings in just over three years is amazing. It takes a lot of work and time away from family to start and then try to grow that business. It means a lot to see that hard work pay off. It makes us want to strive to stay on top and keep bettering ourselves and our service to our customers and the community.

What are you most proud of?

I'm most proud of my family, my wife Danielle and our two young kids. They have backed me and the business every step of the way. They understand the long days and weekends and try to help every way they can. I also take pride when I drive by a business, house, etc. and say, "Hey look, I wired that."

What's your secret to good customer service?

We do our best to make the customer feel like they are getting exactly what they want and help explain the process to them. We stay personable throughout the whole process and try to communicate with the

customer as best as we can.

How do you build trust with clients (or patients, customers)?

We build trust by showing up on time and giving the customer what they want. We try to return calls, emails, etc. as soon as we can to help communicate with our customers and keep them up to date throughout the whole project.

State Farm agents offer a local Good Neighbor to assist their policyholders with all of their insurance and financial service needs. Agents are active members of their communities, so they know what is important to their friends and neighbors. Not only are they looking out for the best interests of their customers, but you might also see your local agent at the grocery store, cheering in the stands next to you at sporting events, or dining at the table near you in the restaurant.

What do you love most about having your business in this community?

There is no better place to do business than the community where you live.

What can customers expect when they walk through your doors?

Our agents offer personalized service, tailored to meet the needs of the individual. We are always available for you to walk into our office, as well as call, text, click, or email. No matter how our customers choose to be served, we value our relationships with them.

What does it mean to be voted Best of the Best?

This is truly an honor, since it means we have the trust of those customers we serve

SERVICES

every day. Our brand would mean nothing on its own, without the strength of our relationships with our customers. Thank you for your confidence.

What's your secret to good customer service?

Our goal is to keep the customer's needs first in all we do. Whether it involves assisting our customers with their savings plan, making sure their family has the optimal insurance protection package in place, or delivering top-notch claim service, it is about the customer.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

State Farm agents are not just citizens in their town, they also partner with their favorite charities, support local school programs, and volunteer to serve alongside their neighbors at various events and gatherings.

How do you build trust with clients (or patients, customers)?

Insurance is a promise to be there for the policyholder and their family if a future setback happens, so it is critical that our customers have confidence and trust that their State Farm agent will be there

to follow through on that promise. It helps to have the financial strength of the State Farm brand behind the promise, but the local agent makes the bond stronger because of their presence and relationship with the community.

What makes your business popular

with families?

Because our agents see their customers through various stages of life, such as the purchase of a car or home, switching jobs, a marriage or divorce, the birth of a child, or the death of a loved one, the agent is often one of the first people our customers call

to share the news, and to ask us how these changes might affect their family's plan.

What are you most proud of?

We are most proud of the fact that Stockman Bank is a true, Montana community bank. We live and breathe Billings and we truly support and promote our neighbors.

OIL CHANGE

MasterLube, 39 years in business

Various locations
(406) 248-8871
masterlube.com

There are many things that sets MasterLube apart from the competition, but the owners and staff believe it is their business model – which is essentially based on being different from what customers have historically come to expect from a lube center or automotive service business. In the end though, it is the way they engage with their clients and the trust they have built in the community that has kept them a popular automotive care shop – and voted the best place to get an oil change.

What brings customers back to your business?

Most customers say that they come back because of the energy and smiles that our teams serve with and the trustworthy behaviors they exhibit, it helps to have free ice cream sandwiches though.

What's something your customers may not know about your business?

It often surprises us how many people

think we are part of a national chain when in fact we were founded on 24th Street West on Feb. 16, 1981 – right here in Billings and are still locally owned and operated.

What makes your business a good place to work?

I think that is a question best asked to any of our colleagues the next time you stop in for an oil change. We would hope to hear that colleagues feel and know how important they each are individually and that MasterLube is a company that truly cares, but again, our people who serve our community in the stores are the only ones whose answer to this question really counts.

What do you love most about having your business in this community?

Billings is a community filled with individuals and businesses who like to give back philanthropically, their time and/or money to serve others in the community. You see it when you go to any of the number of fundraisers for academia, athletics, or nonprofit organizations around the area.

What can customers expect when they walk through your doors?

Typically, they will drive through our doors, and they can expect to be greeted by a team of young people working together, smiling, and moving with purpose to accomplish several tasks at once. They can expect fresh coffee and free ice cream, and to be headed back on their way in about 10 minutes knowing more about their vehicle and the condition of the fluids, filters, and belts than they did when they arrived.

What does it mean to be voted Best of the Best?

It is an honor to be voted Readers' Choice Best Oil Change again this year. We don't ask for votes, campaign for votes, or anything else of the sort so it always means a whole lot to win. It lets us know that we are doing a pretty good job making life better for people.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Our biggest day of the year every year is our Grad Day at MasterLube Saturday. This day we partner with the local high schools and senior parents to provide oil changes and car washes all day, of which every dime earned goes right to the high schools as funding for their all night, drug and alcohol free grad parties. Nothing earned is kept for goods or labor, it is all directly donated and many other businesses in the area step up in a big way on that day with donations to the Grad Parties as well, it's a day that our teams look forward to every year.

What's something your customers may not know about your business?

We started in 2001, with just me as the broker and one agent, Todd Harp, who was 23 years old. We were so fortunate to have him as our first agent, because he set the tone for the type of people who like to work here: nice, fun-loving, people. We bought and moved into the building on Shiloh Road exactly three years after we started. Todd is still with us, a key person who has mentored agents who have become mentors to others.

What makes your business a good place to work?

It is not necessarily a good place to work for every person out there. We're not as traditionally "professional" as some would like. We don't believe professionalism and fun are mutually exclusive. We think that positivity and laughing help with productivity and that true professionalism starts with being competent and caring.

What do you love most about having your business in this community?

We are all connected in Billings and in Montana. One of my favorite things I experience when meeting new people is the

question "what do you do for a living?" When I say I work at C21, it is cool how often people mention somebody they know and really like at our company. I'm proud that we have nice people who are involved in the community.

What can customers expect when they walk through your doors?

I think almost every time they'll see a smiling face or three around the front desk, they'll get offered something to drink, and

if they hang around long, they'll hear quite a bit of talking and laughing. Often, they will meet a nice dog or even a baby.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Angie Dawson got us started over 15 years ago with the notion that everyone at our company should be involved with at least one volunteer endeavor. The type of person who objects to that is the type of

person who tends not to fit with C21, and most of our agents embrace it very much.

Our agents are involved in dozens of worthwhile organizations, from Dress for Success to Family Promise, to volunteering to coach youth sports.

Todd Harp has been extremely instrumental in the incredible expansion and financial health of Billings Christian Schools.

Julie Seedhouse, who seems to emcee every non-profit event in town, is co-founder of 100 Strong. It is a group of local ladies (open to any) that funds capital improvement projects for other non-profits. In a short time, they have given away over \$85,000 to nonprofits, entities like YWCA, Family Service, and Rose Park PTA, Every Child Plays Project.

We also founded Comedy beCAUSE to raise funds to help local children and families in crisis. Our annual comedy event at the Alberta Bair theater has raised well over \$200,000. And it is fun. Our clients and friends love being invited.

How do you build trust with clients (or patients, customers)?

I think in general, we can tell when someone cares about us and when they

TAX PREP SERVICE

**Woods Accounting,
12 years in business**

1030 S. 24th St W
(406) 969-5394
woodsaccounting.com

When it comes to financial business and well-being, everything from taxes to payroll accounts can be stressful and overwhelming. Having a knowledgeable, trustworthy, capable accountant is imperative.

"We really care about the clients. We get to know the clients and what is happening in their lives. We are available to answer questions and help them not only during tax time but throughout the year. When they own businesses and have questions, they can ask those questions and get answers. Taxes, bookkeeping, and payroll are not things that anyone can do, we are there to help take the stress off their plates and let them get back to living," said owner, Lisa Woods.

What's something your customers may not know about your business?

I started my business in my home in 2008 and have since grown to have multiple employees and an office front. I really enjoy the problem solving and helping people grow. It is fun to see business grow from a startup company to a successful company. I also really enjoy watching families and getting to know the clients and their stories.

What makes your business a good place to work?

The employees that work at Woods Accounting make the office fun. We always have a smile and are helping each other out, whether on a project or work duties. Everyone chips in and helps one another no matter the project.

What do you love most about having your business in this community?

The community is a big but small community. The clients that we have are like family. We have gotten to know them so much that it makes it easy to work with

them and help them out the most we can. We have also surrounded ourselves with various other business professionals and when we need help with a question or when we need a referral for a client, we know that there are great people in the community that can help out the clients and will treat them like family like we do.

What can customers expect when they walk through your doors?

An at-home atmosphere that makes you feel at ease and not stressed out. We try to know everyone by name that comes in especially any of our returning clients. We greet everyone with a smile and are happy to help them.

What does it mean to be voted Best of the Best?

This is my 6th year in a row winning Best of Billings. We have won in both Best Tax Prep and Best Accountant. It makes me really appreciate the clients, family and friends even more. Woods Accounting would not be around if we did not have the supporting group around us that we do. I owe all my success to my clients, family and friends, we couldn't do it without them. We love them all.

What are you most proud of?

I am most proud that it was just a dream back in 2008, when I started the company. I am so proud that I have such a supportive family that help me achieve this dream. I am also so proud of my staff; without their hard work we wouldn't be where we are today.

What's your secret to good customer service?

Greeting everyone with a smile and knowing them by name. Our clients are not numbers to us, they are family and we try to make sure they know that when they come to see us. Whether it is once a year or every month.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We try to donate to various organizations in town. Whether it is through time that we can help with these nonprofits or through funds donated, we try to give back to them. We support a lot of kid's activities and various service organizations.

How do you build trust with clients (or patients, customers)?

We are open year-round which makes it to where if the clients have questions in the off season for taxes, they can call and get answers. We are also available for business owners to ask questions. With times like these, there are so many things that business owners are dealing with that they need help to tread the waters. We make sure the business owners know about grants and loans that they are eligible for. Making sure they are investing in their business. We always let tax clients know about the ever-changing tax laws that will affect them. We stay up on all the laws and changes and convey that to the clients, so they know what to expect throughout the year.

Our CT machine quickly captures detailed images which are submitted electronically to a board-certified veterinary radiologist for quick and accurate diagnosis.

Our doctors often work collaboratively on cases. Challenging cases usually get attention and input from two or more doctors.

We are an AAHA (American Animal Hospital Association) accredited hospital. Only 12-15 % of animal hospitals in the U.S. and Canada share this distinction.

What makes your business a good place to work?

Our amazing team, patients, and clients that all genuinely care about pets and their health.

What do you love most about having your business in this community?

We love the Billings community because they have supported our mission to provide the best 24/7 veterinary care in the city. From a startup business in 2002, we have grown to be one of the largest veterinary facilities in Montana with 10 veterinarians on staff. The community has been very sup-

portive of our mission and growth, which shows they value what we strive to provide.

What does it mean to be voted Best of the Best?

We are thankful for being chosen as the Best of the Best for the third year in a row. Our entire team gives 100% effort to provide the best medical and surgical care. It is nice to see that many people in Billings share our passion for pets and ensuring they have happy, healthy, long lives.

What's your secret to good customer service?

The first secret to customer service is genuine care and compassion for each patient and client. Second is having a skilled team and modern equipment to allow us to provide the best care. The third is effective communication and being available for our clients when they need us.

How do you build trust with clients (or patients, customers)?

We build trust with our patients by always giving 100% effort with every patient. We invest in continuing education and keeping up with technological advances so we can offer the best diagnostics and treatment protocols. We are constantly changing, evolving, and improving to better meet our patient and client needs.

What makes your business popular with families?

We understand and celebrate the human-animal bond and believe that pets are important members of the family. We strive to treat each patient as if he or she was our very own.

ANTIQUE STORE Liberty & Vine Country Store, 2 years in business

2019 Montana Ave.
(406) 534-8667
libertyandvine.com

Liberty & Vine is a true country store. Whether it be raw or refurbished antiques, toys (both classic and new), clothing, novelty gifts, specialty foods, and everything in between, there is something for everyone.

In addition, Liberty and Vine supports Montana-made vendors and items that cannot be found on Amazon. Inventory frequently changes – so finding unique and special gifts has never been easier. The store even features its very own Christmas shop. Gift giving is supposed to be a personal experience – a totem of thoughtfulness, make it count.

What do you love most about having your business in this community?

The heart of any community lays in its downtown. The character, the cleanliness, the shops and restaurants, the charm – or

lack of it – it's the downtown of any city that carries that responsibility. We wanted to share a part of that responsibility here in Billings. We are Montana born and raised. We remember Montana Avenue decades past and have witnessed its growth and renewal. We are proud to be a part of this

community and want to do what we can to help continue its growth.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We love picking up trash. The first Sunday of every month we pick up trash

downtown and call on other volunteers and businesses to help us. If the crowd is large enough, we move to other areas of Billings that need litter duty. It's a lot of fun and you never know what you'll find.

BRIDAL STORE

Step'n Out,
33 years in business

1816 Grand Ave.
(406) 652-1380
stepn-out.com

Finding the right wedding dress isn't simply a shopping trip – it is an event. With bridesmaids, in-laws, parents and extended family, the bride-to-be will find the perfect dress – it is all about a great selection, a beautiful store, and informative, attentive consultants. It is a moment a bride will never forget. Step'n Out makes bridal dreams come true.

What makes you stand out from the competition?

We are the only full-service formal wear and wedding shop in the area offering prom, bridal, wedding accessories, gifts, bridesmaid dresses, evening wear, mothers dresses, tuxedos and suits for rent

or purchase. Being able to offer a one-stop shop for our customers looking for a seamless experience is our goal.

What brings customers back to your business?

It is so much fun to watch a prom girl become a bride or a flower girl find the perfect prom dress years later. In the past, Step'n Out's slogan was "Our quality and service set us apart." Though 30 years have passed, this sentiment still rings true. Our incredible consultants and the customer service they provide, coupled with the industry leading designers creates an experience that brings customers back again and again.

What's something your customers may not know about your business?

We are proud to say Step'n Out is a third-generation family business. It has been a joy to have our daughter help us run the day-to-day, revamp the store and inventory, and be a part of making a memorable experience for our brides.

What do you love most about having your business in this community?

Montana has the best brides and grooms. Getting to work with not only the best couples, but also such an awesome network of local vendors in the industry is absolutely amazing.

What can customers expect when they walk through your doors?

A happy face and a warm smile – though lately covered by our masks.

What are you most proud of?

We are proud to have been in business for over 30 years and are looking forward to our new remodel to launch us into the next 30 years.

What's your secret to good customer service?

Our bridal consultants. Shopping for a wedding dress can be overwhelming and stressful. We like to take the stress away and help brides navigate the different fits, styles, colors and designers.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Each year, we donate tuxedos and dresses to local high school music departments, local theaters, groups who assist students in need with a prom dress or tuxedo, and our annual Prom Giveaway in conjunction with other local businesses. We love giving back to the community who supports us.

Female empowerment comes in many forms. Sometimes feeling good on the outside can help anyone feel good on the inside. At The Banyan Tree, shopping is not only fun, but a

relaxing and encouraging way to spend time with friends, family or just yourself – no matter what size, shape or age. It is all about self-love at The Banyan Tree.

What makes you stand out from the competition?

The Banyan Tree is a thoughtfully curated lifestyle brand for the hardworking women who seek good value without compromising on quality. With timelessly styl-

ish collections to compliment gifts, home and wardrobe, our customers feel at home and accepted as they are. We place value on quality. We live intentionally. We hold value and we value others.

What brings customers back to your business?

The Banyan Tree was created to not only bring its customers thoughtfully curated style, but a place to feel supported and at

home. This comes through in the intention we place on our service, both in-store and online, always ensuring that our customers have a seamless shopping experience.

What's something your customers may not know about your business?

My husband and I went on our 19th anniversary trip to Hawaii. It was the first time we had ever gone somewhere for our anniversary, but we fell in love with it. We had just closed our previous store and were looking for a name for this new store. We visited Banyan Tree Park down in Maui and we saw all these families just hanging out under these massive trees and enjoying each other's company. When I saw this, I immediately thought this is how I want my customers to feel when they walk into my store. The Banyan Tree was a perfect fit for the store and what I was looking to create.

What makes your business a good place to work?

The same intention we put on ensuring our customers have a good experience, we put into our employees. It is a fun, relaxing, uplifting place to work. Everyone is family here.

love what the city and the surrounding cities has to offer for my family.

What does it mean to be voted Best of the Best?

I like knowing that I'm serving the women of this community well. When it comes to product selection, I'm on the right track to meet their needs and help these women feel good about themselves.

What's your secret to good customer service?

Treating people how I would like to be treated, it's as simple as that. I put myself in my customer's shoes. It's more about creating a friendship and building a relationship, than selling something for me.

What makes your business popular with families?

We have something for everyone, whether you are young or young at heart. It's a place where everyone can come together and find something they love that makes them feel like their best self.

Voted Best of the Best in not one but three categories this year, Pierce Flooring & Cabinet Design takes the wins for Best Flooring Store, Best Kitchen Cabinet Store and Best Rug Store in Billings. The success of the business is also measured by the length of time Pierce Flooring & Cabinet Design has served the Billings market – an impressive 96 years. The longevity and victory for the company is no fluke.

For us, it's about serving our clients and we hope others will choose Pierce Flooring & Cabinet Design because they know that they will get treated right and we can make their house the home they have dreamed of," said Amy Schulte,

What brings customers back to your business?

We take great care of our customers from start to finish and make them feel like family all along the way. We work hard to make sure everything is perfect for them and solicit feedback from them throughout the process to make sure they are getting everything they need. Communication is something that is often lacking in the home improvement industry and it's one thing we take pride in doing better than the others. We utilize web chat, texting, phone, email and use them frequently to communicate with customers, installers and vendors.

What do you love most about having your business in this community?

For Pierce Flooring & Cabinet Design,

this community is the sole reason we are in business 96 years after inception. Our customers come to us because they are in need of expertise at a fair value for their money. We hire experienced designers, world-class installers recruited from all across the country, we take pride in making sure the products we have available for purchase are backed by the Pierce Promise and we work hard to make sure that the job is done right.

What can customers expect when they walk through your doors?

Customers can expect the best. The best flooring, the best cabinets, the best area rugs, the best service, the best support staff, the best installation teams, the best experience and the best home after project completion. We are here to meet and exceed expectations day in and day out.

Flowers can make anyone's day brighter – no matter the circumstance. Our website also offers a Helping Hands program that is designed to give back. With each order, a customer can choose to have Gainan's donate to one of our participating organizations.

How do you build trust with clients (or patients, customers)?

What do you love most about having your business in this community?

The heart of any community lays in its downtown. The character, the cleanliness, the shops and restaurants, the charm – or lack of it – it's the downtown of any city that carries that responsibility. Various locations
(406) 656-1446
acehardware.com

With seven locations, there isn't a neighborhood in Billings, the Heights, Lockwood, and Laurel that is not close to an Ace location – and that availability is what makes them the Reader's Choice winner for Best Hardware Store. And since Ace Hardware is a co-op, the combined advantages of being locally owned and operated makes Ace a true neighborhood hardware store.

What brings customers back to your business?

We are constantly telling people that, "Ace is the place with the helpful hardware folks," and we work our tails off to be sure that we are helpful, knowledgeable and friendly. We talk the talk, and we work very hard to walk the walk behind the Ace jingle.

What's something your customers may not know about your business?

People may not know that in addition to new employee orientation and on-the-job training, we take a week every winter to gather employees at an offsite location and

participate in "spring training" which is a weeklong training program that includes training from vendor and manufacturer reps, Ace Corporate training staff, and our own most experienced associates. We cover everything from outdoor power equipment to BBQ grilling, paint, customer service skills, and new product introductions.

What makes your business a good place to work?

Because we have seven locations, we have a lot of friendly rivalry. Every Ace team wants to be the best, but we work together to put the needs of our customers first. If we do not have the item you need, or the answer to your question at the store you are in, there is a good chance we have it at one of our locations, and we will bend over backwards to get you taken care of.

What do you love most about having your business in this community?

The opportunity to give back to those who serve our youth and our most at-risk populations. We are proud to support the

Boys and Girls Clubs of Yellowstone County, Friendship House, Children's Miracle Network, Tumbleweed, Optimist youth programs, Rotary, 4-H, FFA and many more community organizations.

What's something your customers may not know about your business?

Many furniture stores only have a "what you see is what you get" option which means you are limited to purchasing only items in the showroom. Our store is different because we can research dozens of vendors and special order the items that work best for you. In addition, we are fortunate to have an in-house designer with 20 years of experience in the design industry. She can come to your home and help you create the perfect room by mixing your existing furniture and accessories with contemporary new pieces from our expansive collection.

What makes your business a good place to work?

We provide our team with a competitive wage with good benefits, but more importantly we provide a comfortable work environment where their input is valued. We do not stay open late because it is important to us that our employees have time to spend with their families. We encourage open and honest communication between management and employees.

What do you love most about having your business in this community?

Everyone on our ownership team was

raised in this community. This gives all of us a strong desire to improve our hometown and region. We are committed to participating in local events and financially assisting youth programs and non-profit organizations as much as we can. One of

our owners has spent much of his time and resources doing mission work both within Montana and around the world. Our local customers have helped us become successful and in return we have been blessed with opportunities to give back to our city

and surrounding areas.

What can customers expect when they walk through your doors?

Customers can expect both a clean and safe shopping experience in a no-pressure environment. If you'd like our assistance and expertise, we are more than happy to help you make your selections. If you would rather shop on your own with little or no interaction, we are happy to accommodate that option as well. After you make your purchase, our warehouse and delivery staff will handle your items with care and will deliver them to your home in a timely and professional manner.

What does it mean to be voted Best of the Best?

This is an award that all of our staff (in-store, warehouse and delivery) has earned. It certainly shows that they have committed to an extraordinary level of customer service that has clearly been acknowledged by our customers with both their votes and repeat visits. They should be proud of their diligent work over the last eight years. We would certainly not be the "Best of the Best" without them.

How do you build trust with clients (or patients, customers)?

Taking the time to really listen to what the customer needs and wants and working to find products and solutions that will serve them best. Many of our customers are more than clients and almost become like family to us.

pierceflooring.com

Voted Best of the Best in not one but three categories this year, Pierce Flooring & Cabinet Design takes the wins for Best Flooring Store, Best Kitchen Cabinet Store and Best Rug Store in Billings. The success of the business is also measured by the length of time Pierce Flooring & Cabinet Design has served the Billings market – an impressive 96 years. The longevity and victory for the company is no fluke.

“To be voted the Best of the Best in the three categories that our business operates means that we are living and breathing our mission statement and the customers feel that after doing business with us. For us, it’s about serving our clients and we hope others will choose Pierce Flooring & Cabinet Design because they know that they will get treated right and we can make their house the home they have dreamed of,” said Amy Schulte, Marketing Coordinator at Pierce Flooring Stores.

How do you build trust with clients (or patients, customers)?

We do all the little things right. It’s communication, honesty, trust, that other experience that gets passed along to others based on word-of-mouth or reviews.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Our Pierce Cares program launched in February 2020. Although COVID hit shortly after launch we have employees volunteering more, we give large donations to nonprofit organizations around town throughout the year. We have done RED (Remember Everyone Deployed) t-shirt Friday in honor of our military, and Pierce Goes Pink last October for cancer awareness. We have a handful of employees involved in law enforcement support this summer. We will be partnering with Care Camps starting this October to help raise money and awareness for kids with childhood cancer. In addition, Pierce participates in Shaw Floors St. Jude program where certain carpet and carpet cushion products donate to kids with cancer. Through that program and all Pierce locations across the state

we have contributed over \$100,000 since inception.

What makes your business popular with families?

A huge part of selling flooring, cabinets and area rugs is to make sure that our products serve everyone in the home. If you have pets, children or someone in the home with allergies, we have products designed with everyone in mind. Kitchen design is even more detailed in the customization. We ask who does the majority of the cooking and if they are right- or left-handed, so the flow of the kitchen is both functional and ergonomically correct. Almost every family comes in with needs of their flooring or cabinets and we can always recommend or design a solution for them.

onesourcebillings.com

Shanna and Lauri of One Source Lighting and Home Décor provides every single client with the utmost in customer service, knowledge and oftentimes, friendship. When clients are working on a project, they aim to get to know them on a personal level. This helps Shanna and Lauri understand how they are going to use a client's home space and provides them with the knowledge of how to best light it for their needs. They spend as much time possible with their clients so they can to understand their needs, wants and how to enhance their homelife.

What brings customers back to your business?

The personal connection. Over the 17 years in business we have developed strong relationships with our clients. This connection builds their trust in us to always treat them right, give them the best service and the best product. We are thankful that through these relationships, they often refer their family and friends to us.

What's something your customers may not know about your business?

There are only two of us here: Shanna and Lauri. From delivery, to warehouse, to data entry, to client meetings, to the retail floor, us two do it all. Oh, and we both hate broccoli.

What do you love most about having your business in this community?

I am born and raised in Billings and Shanna has spent most of her life here. We love our community and love being a part of it. Our clients become friends and we are often given the opportunity to volunteer for local organizations and events that help our community.

What can customers expect when they walk through your doors?

A fun and upbeat atmosphere that has recently gone through a minor renovation. New flooring, new displays and new products. We try to think outside of the box and show product that you will not see in person anywhere else.

What does it mean to be voted Best of the Best?

This is our 12th win, and I purposely did not advocate for votes. I wanted to win because it was earned. I am incredibly proud and humbled to have owned this title for so long.

What are you most proud of?

Our perseverance. My little business has been through a lot. We have grown and we have downsized. We have had ups and we have had downs. This roller coaster of a venture is one of the scariest I have ever been on, but I would not change it for the world.

What's your secret to good customer service?

Listening.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Quality sleep affects overall health and function – and that has a lot to do with the mattress. And like a pair of shoes, the right mattress needs to perfectly fit the individual for optimal performance.

At Mattress King, the staff understands the pressures of finding the right mattress for the right price. They do not want customers feeling overwhelmed or confused – they are there to guide clients every step of the way. The Bed Match Sleep Scan narrows it down to only the mattresses that will help the buyer find the rest they need – the scan is free and takes under three minutes. The end result is a significant life change – happy and well-rested – now, that's a dream come true.

What brings customers back to your business?

Treat people the way they want to be

treated. We do not operate on commission so we can have a pressure-free environment for our guests. People appreciate that, and I think that is one reason we have been voted best mattress store 21 years in a row.

What do you love most about having your business in this community?

Montana is the best place to live. We consider it such a privilege to serve what I think are the best people in this country.

What's your secret to good customer service?

Provide better service than found anywhere else. That's why with our massive in-stock inventory, our sleep scan, and same-day delivery options we can get our guests the right mattress selected and delivered super-fast. Many of our guests

have told us how easy and fun it was selecting their mattress with us. That totally charges our battery and makes our day.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

People may not realize just how many people in our community don't have a bed to sleep on. It's more than you think. We partner with many local charities to get those in need not just any mattress, but the right one that will help provide the rest they need.

that patients of all ages receive customized care in a comfortable environment using the latest in vision technology. Our trained opticians work one-on-one with every patient to ensure that each pair of glasses fits and functions properly. Our eyewear gallery is stocked with over 1,000 high quality frames, hand-picked to fit virtually any face, purpose or style. From the Patient Care Coordinators in the front to the Technicians in the back, we work as a team to provide high quality vision care for the whole family.

What does it mean to be voted Best of the Best?

We are so proud to be voted Best of the Best in Billings. We know that vision care is a very personal choice. We are proud that our patients not only choose us but recommend us to their friends and other community members this way.

What's your secret to good customer service?

Our secret to good customer service is a coordinated team approach and training, training, training. We believe in staff development and invest time and energy in creating a culture of excellence.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

Bauer & Clausen is proud to work with Tumbleweed to provide vision care to homeless and at-risk youth who might otherwise not have access to glasses and eye health care. We invest in these students' vision with hope that they can get the education they need to succeed in life in spite of their current circumstances.

In addition, this year we introduced an annual scholarship in the amount of \$2,020 to be awarded to one graduating senior from a Yellowstone County high school who plans to pursue education in health care. We are strong supporters of education and welcome the opportunity to support community youth with an interest in caring for the health of others.

How do you build trust with clients (or patients, customers)?

We treat our patients like family, ensuring that the highest quality vision care is just a phone call away. Our doctors and staff are attentive and focused on providing customized care for each patient, answering questions, and providing education and information for all things vision.

PET STORE Dee-O-Gee, 2 years in business

27 Shiloh Road, Suite 1
(406) 534-4245
billings.dee-o-gee.com

Only two years in business, Dee-O-Gee has made a lasting impression with Billings pet lovers winning two Reader's Choice categories: Best Pet Store and Best Pet Groomer.

Dee-O-Gee is the only business in Billings that offers such a large selection of holistic food and treats, professional dog grooming and dog daycare. They truly care about the well-being of every pet that comes through their door and will attend to that pet as if it is one of their own.

What keeps customers coming back?

Our customer service and in-store shopping experience is second to none. Also, we offer convenient online ordering for local

delivery or in-store pickup.

What makes your business a good place to work?

Who wouldn't love to work with dogs? In addition to being part of a progressive, locally owned business (and, working with dogs) our employees receive free pet food, company matching retirement plan and annual PTO leave.

Because of the growth in our now award-winning grooming salon, we are currently hiring groomers to keep up with the demand.

What do you love most about having your business in this community?

The people of the greater Billings area have been so supportive and receptive to Dee-O-Gee in Billings. The folks here really care about their pets and desire to do right by them, including finding appropriate food, fun treats and high-quality toys.

What can customers expect when they walk through your doors?

A smiling face, a clean well-lit shopping experience for your pet's food and supply needs that does not smell like a feed store or a wet dog.

You'll find dog and cat products that are unique at not available at mass produced outlets. It is truly a one-of-a-kind shopping experience for your pet.

What does it mean to be voted Best of the Best?

We have only been open in Billings for less than two years, so to have gained the trust of so many locals in such a short amount of time has been humbling. There are lots of other pet supply and pet care options in the Yellowstone Valley, so we really appreciate all the friendly faces (human and furry) that we see come through our doors.

With seven locations, there isn't a neighborhood in Billings, the Heights, Lockwood, and Laurel that is not close to an Ace location – and that availability is what makes them the Reader's Choice winner for Best Hardware Store. And since Ace Hardware is a co-op, the combined advantages of being locally owned and operated makes Ace a true neighborhood hardware store.

What can customers expect when they walk through your doors?

They can expect outstanding service in a clean and healthy environment provided by their friends and neighbors. This year especially they know that we have been there to take care of their essential needs, and that they can continue to count on us to be the "helpful place" for many years to come.

What does it mean to be voted Best of the Best?

Best of the Best means that you have worked for a long time to develop a positive reputation in the community. It means that our customers trust us and are loyal to us, and that they count on us to be helpful and friendly.

What are you most proud of?

This year we are most proud of the efforts of every single person on our teams who has gone above and beyond the call of duty to keep our doors open, our shelves stocked, our premises clean and safe, and who have shown their care for our communities.

How do you build trust with clients (or patients, customers)?

We strive to treat people the way that we would like to be treated, and to exceed expectations.

Pierce Flooring & Cabinet Design, 96 years in business

2950 King Ave W.
(406) 652-4666
pierceflooring.com

Voted Best of the Best in not one but three categories this year, Pierce Flooring & Cabinet Design takes the wins for Best Flooring Store, Best Kitchen Cabinet Store and Best Rug Store in Billings. The success of the business is also measured by the length of time Pierce Flooring & Cabinet Design has served the Billings market – an impressive 96 years. The longevity and victory for the company is no fluke.

"To be voted the Best of the Best in the three categories that our business operates means that we are living and breathing our mission statement and the customers feel that after doing business with us. For us, it's about serving our clients and we hope others will choose Pierce Flooring & Cabinet Design because they know that they will get treated right and we can make their house the home they have dreamed of," said Amy Schulte, Marketing Coordinator at Pierce Flooring Stores.

What's your secret to good customer service?

Communication with all those involved in each project is imperative. Our sales

team talks to our installation team to make sure everything is on point. In addition to that, we invest a ton into our sales staff and our installation crews to know the latest products, service, installation requirements and manufacturer education. We truly believe that service comes from knowing the facts, looking up the details, and making sure everything will work together prior to the sale.

What's something your customers may not know about your business?

We take pride in doing the right thing. Carpet and pad that are removed from homes are recycled. It costs our company extra to ship literal tons to be recycled rather than going into the landfills all across the state. For us, it's about doing the right thing rather than taking the cheap and easy way out.

Pierce Companies has been in business for 96 years and customer service has been

at the center of our operations the entire time.

What makes your business a good place to work?

One of the benefits of working for a family-owned business is that you are treated like family from the moment you walk through the door. Whether it's to shop or come to work, we make everyone feel welcome. Many of our employees have been with us for 5, 10, 20 or 30+ years. We recently implemented a Pierce Cares program (which focuses on four branches of recycling, community, sponsorships and donations, and volunteering) and our employee involvement in the community has increased tremendously.

stuartshouseofvacuums.com

Stuart's House of Vacuums has been serving the cleaning needs of the Billings community for 50 years. The staff is knowledgeable and can help find solutions for all your cleaning needs. They can offer advice and information not available from any other outlet – a benefit of 80 years combined experience and product knowledge on a large variety of vacuum cleaner brands and models.

What brings customers back to your business?

The quality of our products, knowledge of our products, excellent customer service, friendly environment, and our dogs. We often bring our dogs to the store with us.

What's something your customers may not know about your business?

This is the 21st consecutive year we have received this recognition.

What makes your business a good place to work?

We are a family owned and operated

company and honestly enjoy working together. The only person who isn't "family" should be, because he's worked with us for 15 years.

What can customers expect when they walk through your doors?

A clean, well-organized and welcoming environment, a friendly greeting from our team members, and a range of products from odor neutralizers to bare-floor mops, to a variety of floor care products, including, of course vacuums.

What does it mean to be voted Best of the Best?

It certainly is an honor to be recognized as the Best of the Best. It is a huge boost to our morale and is a confidence builder. We are motivated to work harder to maintain the status. Such an award also encourages customers to choose and stay loyal to our company.

What are you most proud of?

Because of the support of Billings and our surrounding communities, we are one of the top five single store Riccar vacuum dealers nationwide.

What's your secret to good customer service?

We try to apply the Golden Rule in our business practices, but it goes beyond "Treat others like you want to be treated." We believe that if you treat your customers right, they will be happier, more likely to come back, and more inclined to recommend you to friends and family. Treat your staff fairly, and they will be motivated to provide excellent service, which leads to satisfied and committed customers. It's a "full circle" concept and one that we try to apply to each person walking through the

door.

How do you build trust with clients (or patients, customers)?

We try to be active on social media and engage as much as possible with our followers. In doing that, we believe customers gain a better understanding of who we are – not just the business part of Stuart's, but also personally. And through social media, we are available outside of business hours to address any questions a customer may have. We love what we do and hope that our business practices reflect that passion. We want our brand to be as "human" as possible.

"I believe having knowledge in the products that you sell leads into good customer service by conveying the peace of mind to the customer that the job will be finished correctly," said Toby Kline of Win-Dor Industries Inc.

What makes you stand out from the competition?

We feel the service that we provide on all the products that we sell sets us apart from other companies.

What brings customers back to your business?

The knowledge and experience that Win-Dor industries brings to our sales plays a big part in our customers coming back with repeat business

What's something your customers may not know about your business?

It has been a family-owned business for over three decades

What do you love most about having your business in this community?

Billings is not a small town, but it does have the small-town feel, we often hear that a family member, co-worker, friend, etc., has recommended they call us to bid their project.

What can customers expect when they walk through your doors?

We have a very nice showroom full of the products that we sell and a staff that is eager and willing to help answer any questions our customers might have.

What does it mean to be voted Best of the Best?

It is a great honor to have won this award three years in a row, especially with the stiff competition in our community.

What are some of the things you do to give back to the community (charity work, donations, etc.)?

We have partnered with Habitat for Humanity over the years and we have also worked with St. Jude Children's Hospital and Homes for Hope, which we feel have made a difference in our community.

How do you build trust with clients (or patients, customers)?

I believe a person's word is everything, so if we tell a customer we will provide them with a great product and professional service they can rest assured that Win-Dor will follow through on that.

MARTIAL ARTS SCHOOL

SK Martial Arts
Gracie Jiu-Jitsu Billings,
6 years in business

777 15th St. W. Suite D
(406) 696-8021
graciejiujitsuillings.com

"Along with 35 years of martial arts experience, I also bring 18 years of law enforcement, and six years of military experience to the table. We are teaching real world self-defense that has proven itself in the field. We are Montana's only Gracie Certified Training Center," said owner Shane Weinreis.

Gracie Combatives® is a beginner program for adults. In this program students learn the 36 core techniques of Gracie Jiu-Jitsu (also known as Brazilian Jiu-Jitsu or BJJ) in a fun, safe and cooperative environment. Each one-hour lesson addresses one standing and one ground self-defense technique, which are further broken down into simplified drills or "slices" to facilitate the learning process. Students can start the program at any time and participate in any class without previous experience and, since safety is our number one concern, there is no competitive sparring in this program.

What brings customers back to your business?

Our customers feel comfortable in the environment we provide and confident in what we are teaching. Our staff is top-notch; their goal is to help our students succeed. Even more important is the friendly atmosphere provided by all our incredible students. Everyone is extremely cooperative and always helping one another out. We keep our facility extremely clean including our lounge, locker rooms and showers.

What's something your customers may not know about your business?

Although Gracie Jiu-Jitsu® consists of more than 600 techniques, studies of real fights conducted by members of the Gracie Family have shown that 36 techniques have been used more often and with greater success than all the other techniques combined. Originally developed for the U.S. Army, Gracie Combatives is the only course that is entirely dedicated to the mastery of these 36 essential techniques. You need absolutely no experience to start this program. Our instructors conduct all classes in a cooperative training environment and are committed to ensuring that every new student has an informative, enjoyable experience regardless of age, gender or athletic ability.

What does it mean to be voted Best of the Best?

Being voted Best of the Best is a direct reflection on our amazing students and instructors. I could not ask for better students or better instructors. God has blessed us. Our students are the core of our school. We have some of the Best of the Best students, and we are so proud of them. Without our students and their support we would not have a business. Our students took the time to vote for their school, and we are very appreciative of that. During COVID-19 we were forced to shut down. We continued to

offer classes in other ways such as Zoom. The students that were able to continue to support us did so, even through the rough months. Words cannot express our gratitude. It is because of them we are still open today.

What are you most proud of?

One reason I started this school is because I realize firsthand the tough and sometimes violent world we live in. I did not want to be worried when it was time to send my little boy off to school, and I was not going to be there to protect him. In the last five years we have seen countless lives

changed. Everything from little kids being bullied in kindergarten, to teenagers be harassed in high school, and adults that have always had low self-esteem. It is always heart breaking to hear stories of people being bullied, picked on, or even beat up. I have heard of parents pulling their kids out of school and moving somewhere else because it is so bad.

Usually within six months of training we see students start to carry themselves differently. They start to walk with confidence, they talk louder, and they look you in the eye. This new confidence carries over into all aspects of their life. It brings us so much joy when we hear stories of how a kid stood up to a bully to defend himself / herself or someone else. We are constantly hearing the success stories from kids and adults of how they are now able to stand up with confidence to defend themselves in a nonviolent way. This joy gives us the motivation to keep on helping others learn self-defense.

What makes your business popular with families?

Families are always concerned with being in a safe environment; safety is our number one priority. We have an extraordinarily strong family atmosphere. The families we have here are top-notch. So many of our students have made new life-long friends with other students they have met at our school.

We have programs for everyone in the family: Little Champs for 5-7 year old, Jr Combatives for 8-14 year old, Combatives for beginner adults, Women Empowered for women only, and Master Cycle for our advanced students. We have several families where the kids and parents are taking classes and enjoying being able to be involved with something they can do together.

We don't campaign for your Readers Choice vote, so we're always happily surprised when we win. It must be the ice cream!

We've been giving our customers free ice cream in the summer for many years, and we know they like it because they talk about it so much. But we know there are other things our customers like also...

- They like to be treated with respect and dignity.
We say we are "Ladies and Gentlemen serving Ladies and Gentlemen" and we want every customer, when they leave our store, to leave feeling they had been treated honestly and honorably.
- They like us to have their favorite brand of motor oil.
That is why you see *125 different oils* available in each of our stores. Oil companies don't like that, but we explained that we don't work for oil companies; we work for our customers.
- They do not like us to "hawk" things on them.
Throughout the history of the lube center industry the biggest complaint that people have had is the tendency of companies – usually in big cities – to try to sell them extra services that they often don't even need. We don't do that. We recommend, we remind, we offer, but we never sell. We judge our success by *how soon you come back*, not by how much you buy.

Providing our customers what they want does not happen by accident. We work hard at it, and we *train hard also*. We take this award as a sign that we are doing a pretty good job!

THANK YOU BILLINGS AND LAUREL!
WE FEEL HONORED BY THE
OPPORTUNITY TO SERVE YOU!
